The Children's journal , The Vatican Murders: The Life and Death of John Paul I Lucien Gregoire,2013-12 A monumental work of twentieth century capitalism as it was jointly embraced by the Vatican and the United States and those caught up in it Top shelf CIA Vatican intrigue T Francis Elliott The Times Some claim the Vatican Bank had to do with his murder Others claim his threat to change doctrine that unfairly penalizes the lives of innocent people drove curial cardinals in the clandestine deed Others claim the threat he was to the capitalistic tenets upon which the United States was founded rallied the CIA to action Others whisper his sexual orientation led to his demise

The Vatican Murders reveals how each of these possibilities played a role in the murder of the youngest pope to die in four hundred years When elected based on the few bits which had reached outside Italy he was tabbed a moderate with an open mind to change doctrine in those cases it places unfair restraints on the lives of innocent people Like the time he ordered his priests to melt down their golden chalices and other implements of idol worship to build an orphanage to the times he had been caught baptizing born out of wedlock children to the times he had been caught officiating at funerals of the remarried to the times he ordered hospitals to admit partners of homosexuals into intensive care units to the time he defended their right to parent children to the times he had been caught giving the Eucharist to communists to the times he defied the ban on contraception to his courageous defense of the first artificially inseminated child just a month before his election to the time as a pope he declared God is the Father More so the Mother On the afternoon of March 13 1978 fourteen men sat around a table in a sidewalk caf in a mountain village in northern Italy In casual clothes they went unnoticed though one was the reigning Pontiff and another the leader of the Russian Orthodox Church Included were Italian cardinals and statesmen who had been behind the rise of the Communist Party in Italy The others were cardinals of impoverished parts of the world Together they comprised the leadership of the Marxist movement in the western world They left at four o'clock and Aldo Moro reserved the table for this time next year On March 13 1979 Cardinals Benelli and Felici decided not to travel to Vittorio Veneto that day After all all the others were dead They too unaware of their impending doom were as good as dead

Dear readers generally authors exhibit their expertise on the subject that they are writing about based on their experiences But writing about death and the life after is not easy as it cannot be seen and cannot be experienced It is very difficult to understand death and the life after even if someone explains to us since it is invisible to the human eye However bible tells us very clearly about the journey of souls after death It took lot of effort to make every point written in this book to be biblical because no one will believe if I write about journey of souls without proper references I am happy to say that this book is

complete to some extent as I am able to find biblical references for journey of souls after death Where are the souls of our forefathers that died before us This question makes us curious to know the truth At the same time the thought of death and life after causes us to get frightened and we then try to avoid thinking about it Only few of us realize that there is a long life after our death This book is a great gift for those who wants to know more about it **Angeliad** Surazeus
