**The Last Prince of the Mexican Empire** C. M. Mayo, 2010-05-01 The Last Prince of the Mexican Empire is a sweeping historical novel of Mexico during the short tragic at times surreal reign of Emperor Maximilian and his court Even as the American Civil War raged north of the border a clique of Mexican conservative exiles and clergy convinced Louis Napoleon to invade Mexico and install the Archduke of Austria Maximilian von Habsburg as

Emperor A year later the childless Maximilian took custody of the two year old half American Prince Agust n de Iturbide y Green making the toddler the Heir Presumptive Maximilian s reluctance to return the child to his distraught parents even as his empire began to fall and the Empress Carlota descended into madness ignited an international scandal This lush grand read is based on the true story and illuminates both the cultural roots of Mexico and the political development of the Americas But it is made all the more captivating by the depth of Mayo s writing and her understanding of the pressures and influences on these all too human players

**Hurricanes and Carnivals** Lee Gutkind,2007 In Mexico writes Ilan

Stavans in the introduction to this provocative new collection on Mexican culture and politics the essay is embraced as passionately as a sport While the American essay may be personal and confessional or erudite and academic it is presumed to be truthful By contrast the Mexican essay pushes the boundaries between fact and fiction as writers seek to make their opinions heard in literary journals in newspapers and even on cereal boxes What is real and what isn't in a Mexican essay only God knows concludes Stavans In *Hurricanes and Carnivals* Lee Gutkind a pioneer in the teaching of creative nonfiction brings together fifteen essays by Mexican Mexican American and Latin American writers that push the boundaries of style and form showing that navigating truth is anything but clear cut Although creative nonfiction is widely thought to be an American art form this collection proves otherwise By blending fact and fiction story and fantasy history and mythology these writers and others push the bounds of the essay to present a vision of Mexico rarely seen from this side of the border Addressing topics that include immigration politics ecology violence family and sexuality they take literary license on a whirlwind adventure C M Mayo shows us Mexico City as seen through the eyes of her pug Picadou Juan Villoro examines modern Mexico through the lens of demography Homero Aridjis uses the plight of nesting sea turtles to document a slowly changing Mexican attitude toward natural resources and Sam Quinones documents the decline of beauty queen addiction in Mazatlán and tells us about the flower festivals where according to lore only two things matter hurricanes and carnivals For readers interested in a literary view of contemporary Mexico as well as students of the creative nonfiction genre this volume is essential

Muia, 2025-09-15 Set in the crumbling Spanish missions of nineteenth century Baja California this mythic novel in linked stories follows two grief stricken people as haunted as the desolate chapels around them a priest who caused the drowning of a native boy by compelling him to fish for pearls and a deaf woman trying to outrun her murderous reputation as a pistolera Though the stories span landscapes villages characters and decades the heart of the novel is Baja California itself a stark land of cactus and creosote of russet canyons and splintered wastes of rock where people living in the shadow of ruined missions seek redemption on an inhospitable peninsula forsaken even by its priests
