Slave Ga Vol 4

Tyler D. Parry

Slave Ga Vol 4:

Overshot Susan Falls, Jessica R. Smith, 2020-03 Woven coverlets have appeared in several guises within the history of folk textiles Created on four harness looms coverlets made in the nineteenth century American South typically featured colored wool and cotton threads woven into striking geometric patterns Although they are not as well known as other textiles and domestic objects overshot coverlets were and continue to be significant examples of material culture that require tremendous skill and creativity to produce They also express currents of conformity and dissent In addition to being pleasing to the eye and hand overshot coverlets have advanced a variety of social and political ends At times exhibited in slave quarters along the seaboard in Georgia and South Carolina in association with plantation properties they also appear in piedmont areas attached to the antebellum yeomanry in the context of nationalist craft revivals and in white box contemporary art With *Overshot* Susan Falls and Jessica R Smith analyze what we can learn by examining the exhibition and interpretation of these materials within American public history By showing how geometric overshot coverlets can be understood in relationship to the global economy and within politicized cultural movements Falls and Smith demonstrate how these erstwhile domestic utilitarian objects explode the art craft dichotomy belong to a rich narrative of historical art forms and tell us far more about American culture today than simply representing a nostalgic past particularly with regard to ideas about race class nationalism women s labor and the separation of private versus public spaces

New Studies in the History of American Slavery Edward E. Baptist, Stephanie M. H. Camp, 2006 These essays by some of the most prominent young historians writing about slavery fill gaps in our understanding of such subjects as enslaved women the Atlantic and internal slave trades the relationships between Indians and enslaved people and enslavement in Latin America Inventive and stimulating the essays model the blending of methods and styles that characterizes the new cultural history of slavery s social political and economic systems Several common themes emerge from the volume among them the correlation between race and identity the meanings contained in family and community relationships gender and life s commonplaces and the literary and legal representations that legitimated and codified enslavement and difference Such themes signal methodological and pedagogical shifts in the field away from master slave or white black race relations models toward perspectives that give us deeper access to the mental universe of slavery Topics of the essays range widely including European ideas about the reproductive capacities of African women and the process of making race in the Atlantic world the contradictions of the assimilation of enslaved African American runaways into Creek communities the consequences and meanings of death to Jamaican slaves and slave owners and the tensions between midwifery as a black cultural and spiritual institution and slave midwives as health workers in a plantation economy Opening our eyes to the personal the contentious and even the intimate these essays call for a history in which both enslaved and enslavers acted in a vast human drama of bondage and freedom salvation and damnation wealth and exploitation

Jumping the Broom Tyler D. Parry, 2020-10-02 In this definitive history

of a unique tradition Tyler D Parry untangles the convoluted history of the broomstick wedding Popularly associated with African American culture Parry traces the ritual s origins to marginalized groups in the British Isles and explores how it influenced the marriage traditions of different communities on both sides of the Atlantic Ocean His surprising findings shed new light on the complexities of cultural exchange between peoples of African and European descent from the 1700s up to the twenty first century Drawing from the historical records of enslaved people in the United States British Romani Louisiana Cajuns and many others Parry discloses how marginalized people found dignity in the face of oppression by innovating and reimagining marriage rituals Such innovations have an enduring impact on the descendants of the original practitioners Parry reveals how and why the simple act of jumping the broom captivates so many people who on the surface appear to have little in common with each other

African American Southerners in Slavery, Civil War and Reconstruction Claude H. Nolen,2005-08-29 This work documents the many roles filled by Southern blacks in the last decades of slavery the Civil War years and the following period of Reconstruction African Americans suffered and resisted bondage in virtually every aspect of their lives but persevered through centuries of brutality to their present place at the center of American life Utilizing statements made by former slaves and other sources close to them the author takes a close look at the culture and lifestyle of this proud people in the final decades of slavery their experiences of being in the military and fighting in the Civil War and the active role taken by the Southern blacks during Reconstruction

In My Father's House Are Many Mansions Orville Vernon Burton,2000-11-09 Burton traces the evolution of Edgefield County from the antebellum period through Reconstruction and beyond From amassed information on every household in this large rural community he tests the many generalizations about southern black and white families of this period and finds that they were strikingly similar Wealth rather than race or class was the main factor that influenced family structure and the matriarchal family was but a myth

Remembering Slavery Marc Favreau,2021-09-07 The groundbreaking bestselling history of slavery with a new foreword by Pulitzer Prize winning historian Annette Gordon Reed With the publication of the 1619 Project and the national reckoning over racial inequality the story of slavery has gripped America s imagination and conscience once again No group of people better understood the power of slavery s legacies than the last generation of American people who had lived as slaves Little known before the first publication of Remembering Slavery over two decades ago their memories were recorded on paper and in some cases on primitive recording devices by WPA workers in the 1930s A major publishing event Remembering Slavery captured these extraordinary voices in a single volume for the first time presenting them as an unprecedented first person history of slavery in America Remembering Slavery received the kind of commercial attention seldom accorded projects of this nature nationwide reviews as well as extensive coverage on prime time television including Good Morning America Nightline CBS Sunday Morning and CNN Reviewers called the book chilling and riveting Publishers Weekly and something truly truly new The Village Voice With a new foreword by Pulitzer Prize winning scholar Annette

Gordon Reed this new edition of Remembering Slavery is an essential text for anyone seeking to understand one of the most basic and essential chapters in our collective history **A Southern Underground Railroad** Paul M. Pressly, 2024-08-01

Despite its apparent isolation as an older region of the country the Southeast provided a vital connecting link between the Black self emancipation that occurred during the American Revolution and the growth of the Underground Railroad in the final years of the antebellum period From the beginning of the revolutionary war to the eve of the First Seminole War in 1817 hundreds and eventually several thousand Africans and African Americans in Georgia and to a lesser extent South Carolina crossed the borders and boundaries that separated the Lowcountry from the British and Spanish in coastal Florida and from the Seminole and Creek people in the vast interior of the Southeast Even in times of peace there remained a steady flow of individuals moving south and southwest reflecting the aspirations of a captive people A Southern Underground Railroad constitutes a powerful counter narrative in American history a tale of how enslaved men and women found freedom and human dignity not in Jefferson s Empire of Liberty but outside the expanding boundaries of the United States It is a potent reminder of the strength of Black resistance in the post revolutionary South and the ability of this community to influence the balance of power in a contested region Paul M Pressly s research shows that their movement across borders was an integral part of the sustained struggle for dominance in the Southeast not only among the Great Powers but also among the many different racial ethnic and religious groups that inhabited the region and contended for control The War Was You and Me Joan E. Cashin, 2020-09-01

Though civilians constituted the majority of the nation s population and were intimately involved with almost every aspect of the war we know little about the civilian experience of the Civil War That experience was inherently dramatic Southerners lived through the breakup of basic social and economic institutions including of course slavery Northerners witnessed the reorganization of society to fight the war And citizens of the border regions grappled with elemental questions of loyalty that reached into the family itself These original essays all commissioned from established scholars based on archival research and written for a wide readership recover the stories of civilians from Natchez to New England They address the experiences of men women and children of whites slaves and free blacks and of civilians from numerous classes Not least of these stories are the on the ground experiences of slaves seeking emancipation and the actions of white Northerners who resisted the draft Many of the authors present brand new material such as the war s effect on the sounds of daily life and on reading culture Others examine the war s premiere events including the battle of Gettysburg and the Lincoln assassination from fresh perspectives Several consider the passionate debate that broke out over how to remember the war a debate that has persisted into our own time In addition to the editor the contributors are Peter W Bardaglio William Blair W Fitzhugh Brundage Margaret S Creighton J Matthew Gallman Joseph T Glatthaar Anthony E Kaye Robert Kenzer Elizabeth D Leonard Amy E Murrell George C Rable Nina Silber Mark M Smith Mary Saracino Zboray and Ronald J Zboray Together they describe the profound transformations in community relations gender roles race relations and

culture wrought by the central event in American history *Special List*, 1957 Population Schedules, 1800-1870 United States. National Archives and Records Service, 1976 **Special List - National Archives and Records Service** United States. National Archives and Records Service, 1976 **Blackface Nation** Brian Roberts, 2024-05-31 As the United States transitioned from a rural nation to an urbanized industrial giant between the War of 1812 and the early twentieth century ordinary people struggled over the question of what it meant to be American As Brian Roberts shows in *Blackface Nation* this struggle is especially evident in popular culture and the interplay between two specific strains of music middle class folk and blackface minstrelsy The Hutchinson Family Singers the Northeast's most popular middle class singing group during the mid nineteenth century is perhaps the best example of the first strain of music The group's songs expressed an American identity rooted in communal values with lyrics focusing on abolition women's rights and socialism Blackface minstrelsy on the other hand emerged out of an audience based coalition of Northern business elites Southern slaveholders and young white working class men for whom blackface expressed an identity rooted in individual self expression anti intellectualism and white superiority Its performers embodied the love crime version of racism in which vast swaths of the white public adored African Americans who fit blackface stereotypes even as they used those stereotypes to rationalize white supremacy By the early twentieth century the blackface version of the American identity had become a part of America's consumer culture while the Hutchinsons songs were increasingly regarded as old fashioned *Blackface Nation* elucidates the central irony in America's musical history much of the music that has been interpreted as black authentic and expressive was invented performed and enjoyed by people who believed strongly in white superiority At the same time the music often depicted as white repressed and boringly bourgeois was often socially and racially inclusive committed to reform and devoted to challenging the immoralities at the heart of America's capitalist order Poor Gal Dan Gutstein, 2023-11-27 *Poor Gal* The Cultural History of Little Liza Jane chronicles the origins and evolution of a folk tune beloved by millions worldwide Dan Gutstein delves into the trajectory of the Liza Jane family of songs including the most popular variant *Li'l Liza Jane* Likely originating among enslaved people on southern plantations the songs are still performed and recorded centuries later Evidence for these tunes as part of the repertoire of enslaved people comes from the Works Progress Administration ex slave narratives that detail a range of lyrics and performance rituals related to Liza Jane Civil War soldiers and minstrel troupes eventually adopted certain variants including *Goodbye Liza Jane* This version of the song prospered in the racist environment of burnt cork minstrelsy Other familiar variants such as *Little Liza Jane* likely remained fixed in folk tradition until early twentieth century sheet music popularized the melody New genres and a slate of stellar performers broadly adopted these folk songs bringing the tunes to far reaching listeners In 1960 to an audience of more than thirty million viewers Harry Belafonte performed *Little Liza Jane* on CBS The song was featured on such popular radio shows as *Fibber McGee* films such as *Coquette* and a Mickey Mouse animation Hundreds of recognizable performers including Fats Domino Bing Crosby Nina Simone Mississippi John

Hurt and Pete Seeger embraced the Liza Jane family David Bowie even released Liza Jane as his first single Gutstein documents these famous renditions as well as lesser known characters integral to the song s history Drawing upon a host of cultural insights from experts including Eileen Southern Carl Sandburg Thomas Talley LeRoi Jones Amiri Baraka Charles Wolfe Langston Hughes and Alan Lomax Gutstein charts the cross cultural implications of a voyage unlike any other in the history of American folk music **In the Looking Glass** Rebecca K. Shrum,2017-08-30 The evolving technology of the looking glass First glimpses mirrors in seventeenth century New England Looking glass ownership in early America Reliable mirrors and troubling visions nineteenth century white Understandings of sight Fashioning whiteness Mirrors in black and red Epilogue **Population Schedules, 1800-1870** National Archives (U.S.),1976 **List of Documents Relating to Special Agents of the Department of State, 1789-1906** United States. National Archives and Records Service,1951

Plants in the Civil War Judith Sumner,2022-11-16 Slavery was at the heart of the South s agrarian economy before and during the Civil War Agriculture provided products essential to the war effort from dietary rations to antimalarial drugs to raw materials for military uniforms and engineering Drawing on a range of primary sources this history examines the botany and ethnobotany of America s defining conflict The author describes the diverse roles of cash crops herbal medicine subsistence agriculture and the diet and cookery of enslaved people **A Separate Civil War** Jonathan Dean Sarris,2012-10-05 Most Americans think of the Civil War as a series of dramatic clashes between massive armies led by romantic seeming leaders But in the Appalachian communities of North Georgia things were very different Focusing on Fannin and Lumpkin counties in the Blue Ridge Mountains along Georgia s northern border A Separate Civil War Communities in Conflict in the Mountain South argues for a more localized idiosyncratic understanding of this momentous period in our nation s history The book reveals that for many participants this war was fought less for abstract ideological causes than for reasons tied to home family friends and community Making use of a large trove of letters diaries interviews government documents and sociological data Jonathan Dean Sarris brings to life a previously obscured version of our nation s most divisive and destructive war From the outset the prospect of secession and war divided Georgia s mountain communities along the lines of race and religion and war itself only heightened these tensions As the Confederate government began to draft men into the army and seize supplies from farmers many mountaineers became more disaffected still They banded together in armed squads fighting off Confederate soldiers state militia and their own pro Confederate neighbors A local civil war ensued with each side seeing the other as a threat to law order and community itself In this very personal conflict both factions came to dehumanize their enemies and use methods that shocked even seasoned soldiers with their savagery But when the war was over in 1865 each faction sought to sanitize the past and integrate its stories into the national myths later popularized about the Civil War By arguing that the reason for choosing sides had more to do with local concerns than with competing ideologies or social or political visions Sarris adds a much needed complication to the question

of why men fought in the Civil War **Slave Against Slave** Jeff Forret, 2015-11-16 In the first ever comprehensive analysis of violence between slaves in the antebellum South Jeff Forret challenges persistent notions of slave communities as sites of unwavering harmony and solidarity Though existing scholarship shows that intraracial black violence did not reach high levels until after Reconstruction contemporary records bear witness to its regular presence among enslaved populations Slave against Slave explores the roots of and motivations for such violence and the ways in which slaves masters churches and civil and criminal laws worked to hold it in check Far from focusing on violence alone Forret s work also adds depth to our understanding of morality among the enslaved revealing how slaves sought to prevent violence and punish those who engaged in it Forret mines a vast array of slave narratives slaveholders journals travelers accounts and church and court records from across the South to approximate the prevalence of slave against slave violence prior to the Civil War A diverse range of motives for these conflicts emerges from tensions over status differences to disagreements originating at work and in private to discord relating to the slave economy and the web of debts that slaves owed one another to courtship rivalries marital disputes and adulterous affairs Forret also uncovers the role of explicitly gendered violence in bondpeople s constructions of masculinity and femininity suggesting a system of honor among slaves that would have been familiar to southern white men and women had they cared to acknowledge it Though many generations of scholars have examined violence in the South as perpetrated by and against whites the internal clashes within the slave quarters have remained largely unexplored Forret s analysis of intraracial slave conflicts in the Old South examines narratives of violence in slave communities opening a new line of inquiry into the study of American slavery **A Question of Manhood, Volume 1** Darlene Clark Hine, Earnestine L. Jenkins, 1999-10-22 Each of these essays illuminates an important dimension of the complex array of Black male experiences as workers artists warriors and leaders The essays describe the expectations and demands to struggle to resist and facilitate the survival of African American culture and community Black manhood was shaped not only in relation to Black womanhood but was variously nurtured and challenged honed and transformed against a backdrop of white male power and domination and the relentless expectations and demands on them to struggle resist and to facilitate the survival of African American culture and community
