Freedom as

Marronage Neil Roberts, 2015-02-11 What is the opposite of freedom In Freedom as Marronage Neil Roberts answers this question with definitive force slavery and from there he unveils powerful new insights on the human condition as it has been understood between these poles Crucial to his investigation is the concept of marronage a form of slave escape that was an important aspect of Caribbean and Latin American slave systems Examining this overlooked phenomenon one of action from slavery and toward freedom he deepens our understanding of freedom itself and the origin of our political ideals Roberts examines the liminal and transitional space of slave escape in order to develop a theory of freedom as marronage which contends that freedom is fundamentally located within this space that it is a form of perpetual flight He engages a stunning variety of writers including Hannah Arendt W E B Du Bois Angela Davis Frederick Douglass Samuel Taylor Coleridge and the Rastafari among others to develop a compelling lens through which to interpret the quandaries of slavery freedom and politics that still confront us today The result is a sophisticated interdisciplinary work that unsettles the ways we think about freedom by always casting it in the light of its critical opposite Handbook of the Sociology of Death, Grief, and Bereavement Neil Thompson, Gerry R. Cox, 2017-04-28 The Handbook of the Sociology of Death Grief and Bereavement sets issues of death and dying in a broad and holistic social context Its three parts explore classical sociology developments in sociological thought and the ways that sociological insights can be useful across a broad spectrum of grief related topics and concerns Guidance is given in each chapter to help spur readers to examine other topics in thanatology through a sociological lens Scholars students and professionals will come away from the handbook with a nuanced understanding of the social context cultural differences power relations the role of social processes and institutions and various other sociological factors that shape grief experiences **Medicine and International Relations in the Caribbean** Rodrigo Fernos, 2006-02 Medicine has long framed race relations in the Caribbean that basin where African and European cultures have met from the beginning of the Colonial Period to the twentieth century Whether Sir Hans Sloane founder of the British Museum and President of the Royal Society of London who as a physician wrote about African medical beliefs and practices or Dr Leonard Wood military physician who served as military governor to Cuba medicine and its practitioners have played a key role in the perception of the African Other The book is a collection of essays treating the subject from various points of views While it may perhaps not surprise the reader that colonial physicians often failed to acknowledge the same failings in their own Western medicine as that criticized of African practices the medical view found later in the period lacked that biting racism of an earlier era This Present Darkness Kristen Welch, 2021-08-17 As a Christian as a college student do you want to be a feminist Why would anybody want to be a feminist And what if anything have Christians done to advance women s rights The answers lie in this book where the history of women preachers the rise of the publishing industry the creation of eighteenth and nineteenth century female seminaries and academies and the work of feminist theologians is explored This book introduces the Christian college student to a coherent story of First Second and Third Wave Feminism and how these

interlocking histories overlap with Christian faith and practice Designed for the student who has little or no knowledge of feminist histories theories and practices this book offers timelines reading lists and glossaries to help orient the student in a field of study often filled with irony and contradictions Furthermore the influence of anti feminists and the impact of visual culture tell a story of how power is made and how it is challenged Throughout this book students are invited to consider their relationship with feminism and to critically reflect on a position that holds true to their faith as they are experiencing it in the twenty first century

Words of Fire Beverly Guy-Sheftall, 2011-07-26 In this pathbreaking collection of articles Dr Beverly Guy Sheftall has taken us from the early 1830s to contemporary times Only since the seventies have black women used the term feminism And yet it is that concept that she uses to bring into the same frame the ideas and analyses of Maria Stewart Sojourner Truth and Frances W E Harper of the early nineteenth century and the work of women such as the late Audre Lorde Barbara Smith and bell hooks who stand on the threshold of the twenty first century She has refused to cut off contemporary African American women from the long line of sisters who have righteously struggled for the liberation of African American women from the dual oppressions of racism and sexism From the epilogue by Johnnetta B Cole President Spelman College The indefatigable Beverly Guy Sheftall has put together a breathtaking sweep of African American feminist thought in one indispensable volume Elizabeth Spelman Professor of Philosophy Smith College
