### **Forensic Language and the Day of the Lord Motif in Second Thessalonians 1 and the Effects on the Meaning of the Text**

Matthew D. Aernie, 2011-09-16 In this book Matthew Aernie argues that Paul intentionally used forensic language allusions and idioms throughout 2 Thessalonians 1 in order to encourage the persecuted church to remain steadfast as they waited for their vindication at the final assize To support this thesis Aernie suggests that such judicial language and allusions are intertextual parallels originating primarily from the Day of the Lord motif found throughout the Old Testament and maintains that the Day of the Lord concept was understood by the author of the Thessalonian correspondence as a reference to the day when the Lord would render righteous verdicts upon those who had both obeyed and disobeyed him Furthermore Aernie argues that the author of 2 Thessalonians likely understood the Day of the Lord to be consummated at the Parousia of Christ when the final court would convene Therefore borrowing from the judicial concept apparent in the Day of the Lord motif Aernie concludes that the author utilized forensic language throughout 2 Thessalonians 1 to exhort the church to remain faithful amidst great opposition as they awaited their ultimate justification at God's eschatological tribunal

**Paul and the Rise of the Slave** K. Edwin Bryant, 2016-04-18 Paul and the Rise of the Slave locates Paul's description of himself as a slave of Messiah Jesus in the epistolary prescript of Paul's Epistle to Rome within the conceptual world of those who experienced the social reality of slavery in the first century C E The Althusserian concept of interpellation and the Life of Aesop are employed throughout as theoretical frameworks to enhance how Paul offered positive ways for slaves to imagine an existence apart from Roman power An exegesis of Romans 6:12-23 seeks to reclaim the earliest reception of Romans as prophetic discourse aimed at an anti-Imperial response among slaves and lower class readers

**Jewish Law and Early Christian Identity** Yifat Monnickendam, 2020-01-09 Ephrem one of the earliest Syriac Christian writers lived on the eastern outskirts of the Roman

Empire during the fourth century Although he wrote polemical works against Jews and pagans and identified with post-Nicene Christianity his writings are also replete with parallels with Jewish traditions and he is the leading figure in an ongoing debate about the Jewish character of Syriac Christianity This book focuses on early ideas about betrothal marriage

and sexual relations including their theological and legal implications and positions Ephrem at a precise intersection between his Semitic origin and his Christian commitment Alongside his adoption of customs and legal stances drawn from his Greco Roman and Christian surroundings Ephrem sometimes reveals unique legal concepts which are closer to early Palestinian sectarian positions than to the Roman or Jewish worlds The book therefore explains naturalistic legal thought in Christian literature and sheds light on the rise of Syriac Christianity

**A New Identity of Obligation: Metaphors and Paul's Ethical Argument in Romans 6:1-14** Andrés D. Vera, 2025-06-19 In Romans 6 1 14 Paul corrects an erroneous ethical conclusion drawn from the narrative of God's grace in Romans 3 5 This innovative study employs tools from cognitive linguistics to unveil Paul's sophisticated rhetorical strategy for resolving the indicative imperative tension By moving beyond traditional theological frameworks the book shows how Paul presents believers new identity as defined by a new obligation illuminating the metaphorical narrative that undergirds Paul's logic Readers will better understand the importance of conceptual spaces like in sin and in Christ and how Paul conceptualizes the relationship between believers and their old selves who have been crucified

**God as Father in Paul** Abera M.

Mengestu, 2013-08-28 God as Father in Paul explores Paul's use of the kinship term Father to refer to God along with related familial terms children of God and Christ followers as brothers and sisters as part of a study of the use of kinship language in the identity formation of early Christianity Mengestu argues that these kinship terms are shared modes of identity constructions within the wider textual and cultural settings the Roman Empire the Roman Stoic philosophers the Hebrew Bible and ancient Jewish literature from which Paul draws on as well as contests Employing theoretical kinship and social identity theory as well as interpretative approaches imperial critical and narrative approaches to Paul he contends that Paul uses God as Father consistently strategically and purposefully in both stable and crisis situations to develop a narrative orienting framework's that images the community of Christ followers as a family that belongs to God who together with the Lord Jesus Christ bestows on them equal but diverse membership in the family The narrative so constructed forms the foundation for referring to Christ followers as children of God and brothers and sisters of one another It constructs boundaries and serves as nexus of transformation and negotiation

*Paul's Utilization of Preformed Traditions in 1 Timothy* Mark M. Yarbrough, 2009-01-01 Mark Yarbrough assesses the question of whether traditional preformed material contributes to the message and understanding of Paul's first letter to Timothy The issue is addressed in three sections Part one evaluates previous works interacting with traditional material in the New Testament Through a critique of historically proposed criteria Yarbrough identifies eight criteria as the primary tools by which to discern units of preformed material In the second part of the book Yarbrough evaluates nineteen passages in 1 Timothy according to the criteria previously determined From this base he embraces twelve of the nineteen passages as preformed material These passages are subsequently examined in depth according to the author's distinct methodology Part three demonstrates four functions of the preformed traditions in 1 Timothy Firstly that they may be seen as strengthening the literary cohesion of the letter Secondly that the traditional units afford the author rhetorical leverage which may be best identified as the provision of authority the establishment of an instant rapport with the primary audience and the assistance conferred in addressing this implied audience Thirdly they present theological directives that confront the character and belief of the false teachers Finally Yarbrough asserts that the preformed traditions exist as a combatant against counter mission doctrine In conclusion this study displays that the traditional material which may be discerned within the letter contributes significantly to the overall message and understanding of 1 Timothy
