Hogan, 2015-05-07 From the inception of the science fiction film writers directors producers and actors have understood that the genre lends itself to a level of social commentary not

available in other formats Viewers find it easier to accept explorations of such issues as domestic violence war xenophobia faith identity racism and other difficult topics when the protagonists exist in future times or other worlds that are only vaguely similar to our own The 22 original essays in this collection examine how the issues in particular science fiction films from 1930 s High Treason to 1999 s The Iron Giant reflect and comment on the prevailing issues of their time The 16 writers including such noted contributors as Ted Okuda Gary Don Rhodes Bryan Senn John Soister and Ken Weiss provide insight on how the genre s wistful daydreaming forthcoming wonders and nightmarish scenarios are often grounded in the grimmer realities of the human condition Films covered include It Came from Outer Space Godzilla The 27th Day Alien and Starship Troopers plus television s The Adventures of Superman the Flash Gordon serials and vintage space cartoons by Fleischer

Alternative Europe Ernest Mathijs, Xavier Mendik, 2004 Whether defined by comic excesses cult horrors or surreal vampire experimentations trash and exploitation cinema represents the alternative face of European film Although extremely popular with post war audiences these historically significant traditions of Eurotrash have often been ridiculed or ignored by an established film criticism eager to define legitimate European cinema as either avant garde or socially realist

Alternative Europe Eurotrash and Exploitation Cinema Since 1945 investigates these previously under explored national traditions of film culture with essays and festival reports uncovering the social and cultural trends and tensions within a wide range of European exploitation movies The volume considers such engaging and challenging topics as Russian Belgian and Italian horror cinema Gothic musclemen movies Nazi sexploitation cycles German erotic cinema and 1970s European rogue cop thrillers

Alternative Europe also includes interviews with trash directors and icons such as Brian Yuzna J rg Buttgereit and Giovanni Lombardo Radice

Even Unto the End

Matt Allbritton, 2025-08-22

Not since GEN George S Patton Jr has the US Army had a true firebrand someone who bluntly says what needs to be said and does what needs to be done damn the consequences

COL Zachariah Matrix is that firebrand

A foul mouth and a fire and brimstone preacher of war

War as it is as opposed to a unicorn and rainbow fairy tale many dream of it as

Matrix is introduced to the world at large when he stops an attempted terrorist attack at the 9 11 Memorial in New York City

He alone kills the six would be attackers and proceeds to humiliate the powers that be at the press conference that follows

His conservative morals find him time and again in direct opposition with those in power

He becomes the most court martialed officer in US Army history

And the most vindicated

From Iraq and Afghanistan to Washington DC

Matrix fights fire with fire conquering his enemies with sarcasm ridicule shame firepower facts and fists

Whether hammering politicians slamming reporters humiliating spoiled VIPs or obliterating the Taliban Al Qaeda or ISIS

Matrix is a force of nature

Yet he is not alone

Green Beret SGM Leroy Thomas Sr a two time Medal of Honor recipient teaches and guides Matrix as he endures

the burdens of command Thomas becomes his mentor and friend eventually becoming his family These two men lead their Delta Squadrons from the front succeeding where all others fail His career and life defining moment comes in Afghanistan When on an executive protection detail he does the unthinkable and kills an apparently unarmed man setting off a deadly ambush in which he places himself between the erupting firestorm and the executive he is charged to protect the president's only child his daughter

Spanish Horror Film Antonio Lazaro-Reboll,2012-11-20 An original new study of Spanish horror film

Gutter Auteur Rob Craig,2012-12-01 Grindhouse filmmaker Andy Milligan has been the subject of a revealing biography and boasts a grassroots fan base but his remarkable work has thus far received no serious critical overview Working virtually alone on infinitesimal budgets often using a used 16mm newsreel camera Milligan crafted some of the most unique melodramas of the 1960s and 1970s Often mounted as period pieces using costumes sewn by the filmmaker Milligan's gritty bizarre films come across as inimitable meldings of the avant garde theater of Jean Genet the experimental films of Jack Smith and the random cinema verite of a lunatic with a home movie camera Yet Milligan's films are anything but random ruminating at length on profound sociocultural themes of the day including the emptiness of the sexual revolution Evident throughout all the films are two pet themes a rabid deconstruction of the heterosexual paradigm and a grotesque illumination of the family as breeder of dysfunction

Slimetime Steven Puchalski,2002 Utilising in depth reviews cast and plot details Slimetime wallows in those films which the world has deemed it best to forget everything from cheesy no budget exploitation to the embarrassing efforts of Major Studios Many of these films have never seen a major release some were big hits and others have simply vanished To compliment the wealth of reviews on sci fi schlock flower power and puppet people films are detailed essays on specific sleaze genres such as Biker Blaxploitation and Drug movies Fully updated and revised with new reviews and new illustrations
