Images of Blood in American Cinema Kjetil Rødje, 2016-03-09 Through studying images of blood in film from the mid 1950s to the end of the 1960s this path breaking book explores how blood as an audio visual cinematic element went from predominately operating as a signifier providing audiences with information about a film s plot and characters to increasingly operating in terms of affect potentially evoking visceral and embodied responses in viewers Using films such as The Return of Dracula The Tinseltown Blood Feast Two Thousand Maniacs Color Me Blood Red Bonnie and Clyde and The Wild Bunch Rødje takes a novel approach to film history by following one audio visual element through an exploration that traverses established standards for film production and reception This study does not heed distinctions regarding to genres horror western gangster or models of film production exploitation independent studio productions but rather maps the operations of cinematic images across marginal as well as more traditionally esteemed cinematic territories The result is a book that rethinks and reassembles cinematic practices as well as aesthetics and as such invites new ways to investigate how cinematic images enter relations with other images as well as with audiences

Rock around the Clock Yannis Tzioumakis, Siân Lincoln, 2023-10-18 Examining one of the earliest films made specifically for young audiences in US cinema Rock around the Clock 1956 this book explores the exploitation production company that made the film and the ways it represented young people especially in terms of their association with rock n roll music and culture Providing new avenues of approaching the film the book looks at how Rock around the Clock has attracted significant scholarly attention despite its origins as a low budget production made

by master exploitation filmmaker Sam Katzman It challenges accounts that see the film's young people as juvenile delinquents using instead the label cultural rebels as a signifier of youth's ability to resurrect a moribund music industry and rejuvenate a stale youth culture This book also questions the nature of the label exploitation as applied to the film by examining Columbia Pictures' role as a resource provider for Katzman's film comparing *Rock around the Clock* to contemporaneous films with a youth focus that were produced in different industrial contexts and investigating its relationship to adaptation by asking whether the film is an example of a postliterary adaptation Rich on archival research and industrial and textual analysis *Rock around the Clock* will interest both film studies and youth cultures scholars
