Suicides In Schizophrenia And Paranoid Psychoses Acta Psychiatrica Scandinavica Supplementum 25:

Suicide in Schizophrenia Roberto Tatarelli, Maurizio Pompili, Paolo Girardi, 2007 Why an entire volume on suicide in schizophrenia It would appear that international literature already provides enough information in this field Also the daily growing number of papers on suicide among schizophrenic are certainly a more updated source of information may contribute to the reduction of deaths by suicide among these patients Yet as in the case of suicide as a whole this progress of knowledge does not match with reduction of suicide rates let alone reduction of suicide rates among people with schizophrenia Maybe a summary an overview that cannot be achieved with a simple Medline search may help those who are involved and those who should be involved in the prevention of self killing of schizophrenic patients This book therefore reports essays of some of the opinion leaders in the field with the aim to shed light to such overwhelming phenomenon
