Luisa Passerini

Sultry Climates Travel And Sex Since The Grand Tour:

Sultry Climates Ian Littlewood, 2001 *Sultry Climates* Ian Littlewood, 2001 The sexual motives of travel are rarely spelled out Travel books social histories guides and brochures favour a more wholesome image of tourist pursuits But in the shadows there is an alternative history of tourism made up of precisely the details that usually go unmentioned It is this history that Ian Littlewood sets out to explore He argues that we inherited from the 19th century three main versions of the tourist as Connoisseur Pilgrim or Rebel But these identities have a sexual as well as a cultural life If we want to make sense of the Grand Tour it is quite as important to take account of Boswell's visits to Dresden streetwalkers and Venetian courtesans as of his visits to the Dresden picture gallery and the Doge's Palace To understand the Victorian passion for the Mediterranean we need to be aware of Italy's cultural attractions but also of the sensual revolution it offered to tourists as diverse as J A Symonds and Margaret Fuller or Fanny Kemble and E M Forster Byron's travels in Greece like Isherwood's in Germany or Orton's in Mexico had as much to do with sexual rebellion as with more conventional tourist motives What emerges from the many travellers discussed here is a continuing thread of tourist experience for the most part neglected or ignored that comes to public view only with the 20th century's cult of the sun From the American expatriates of the 1920s to the package holiday makers of today sun worshippers have reshaped the old tourist categories acknowledging erotic pleasure Women as well as men gay people as well as straight are the subject of this book It will be difficult after reading it to look at tourists in quite the same way again **Sultry Climates** Ian Littlewood, 2015 Travel books social histories guides and brochures favor a more wholesome image of tourist pursuits But in the shadows there is an alternative history of tourism made up of precisely the details that usually go unmentioned Among the many travelers discussed here are eighteenth century Grand Tourists rebels from the romantic era Victorian pilgrims to the Mediterranean American expatriates of the 1920s early sun worshippers and post war package tourists What emerges from their stories is a continuing thread of erotic experience for the most part neglected or ignored by cultural historians that had been central to the meaning of travel for women as well as men gay people as well as straight The Jacobites and the Grand Tour Jérémy Filet, 2025-04-22 In the first monograph to fully examine the intersecting networks of Jacobites and travellers to the continent Filet considers how small states used official diplomacy and deployed soft power embodied by educational academies to achieve foreign policy goals This work uses little known archival materials to explain how and why certain small states secretly supported the Jacobite cause during the crucial years surrounding the 1715 rising while others stayed out of Jacobite affairs At the same time the book demonstrates how early modern small states sought to cultivate good relations with Britain by attracting travellers as part of a wider trend of ensuring connections with future diplomats or politicians in case a Stuart restoration never came This publication therefore brings together a study of Britain small states Jacobitism and educational travel in its nexus at continental academies **Sultry Climates** Ian Littlewood, 2008-12-15 Here said the reviewer for Salon.com is a

book that is lively and accessible and erudite the perfect companion for anyone who wouldn't be caught dead with an airport paperback though I wouldn't want to wager which one provides more juice Historically the sexual motives of travel have rarely been spelled out in travel guides and brochures Sultry Climates is an alternative history of tourism made up of precisely the details that usually go unmentioned As Ian Littlewood demonstrates with dazzling elegance and wit if we want to make sense of the celebrated Grand Tour of the nineteenth and early twentieth centuries for example it's as important to take account of travelers' visits to Dresden streetwalkers and Venetian courtesans as it is to reckon with their visits to the Dresden picture gallery and the Doge's Palace From Byron in Greece to Isherwood in Germany from American expatriates on the Left Bank to Orton in Morocco and right up to the present day what emerges from these experiences is a continuing motif of tourism previously neglected or ignored a breathless book a Grand Tour in and of itself Los Angeles Times *Sex, Tourism and the Postcolonial Encounter* Jessica Jacobs, 2016-04-01 Illustrated by revealing interviews with women and men in the tourist resorts in the Sinai Egypt this book is ostensibly about western women who sleep with native men while on holiday Broadening the scope of issues involved it examines the link between these holiday romances and a much wider romanticism of place and people of the landscapes of paradise deserts and the lure of the Bedouin sheikh that are used to sell these destinations It argues that the romantic stereotyping and deliberate positioning of Third World resorts as places that somehow exist outside of the modernities the women come from is inextricably bound up in the relationships Similarly for the local man the tourist resort is perceived as a place other than his own cultural space and time and represents a modernity that is otherwise only found in the West The relationships that ensue can therefore only occur because the tourist resort acts as an intermediate space In analyzing the interaction of these men and women within the context of modernity the book provides insights into gender issues to do with globalization travel and sexuality as well as opening up the debate on sex tourism and showing this to be a lot more ambiguous and complicated than it might at first appear **Report on the Aeginetan Sculptures** Johann Martin Wagner, 2017-04-24 Tells the story of Bavaria's acquisition of ancient Greek sculptures that rivaled those acquired by England from the Parthenon The controversial removal of the Parthenon sculptures from Greece to England in the first decade of the nineteenth century by Thomas Bruce seventh Earl of Elgin sparked an international competition for classical antiquities This volume tells a lesser known chapter of that story concerning sculptures from the Temple of Aphaia on the Greek island of Aegina Discovered in 1811 as the Parthenon project was nearing its completion these ancient sculptures were acquired at auction by Johann Martin Wagner 1777-1858 on behalf of Crown Prince Ludwig of Bavaria The sculptures turned out to be significant in a number of ways offering important evidence for a transitional period of Greek art between the archaic and classical eras for the existence of an independent Aeginetan school that was the equal of Athenian art at the time and for Greek sculptures having been elaborately painted and adorned Originally published in 1817 and presented here for the first time in English this book reproduces the report commissioned

by the crown prince that was written by Wagner and edited by F W J Schelling and contained richly detailed descriptions of the sculptures In addition Louis A Ruprecht Jr provides a comprehensive historical introduction featuring a constellation of intellectual figures an afterword notes appendices and more than forty images to tell the fascinating story of the sculptures and their legacy from excavation to the present day

Waterfall Brian J. Hudson, 2013-02-15 From Niagara Falls in the United States to Angel Falls in Venezuela Victoria Falls in Africa and Hannoki Falls in Japan waterfalls provide some of the world's loveliest panoramas With their glistening spray and deafening roar these astonishing natural wonders attract hordes of people each year who seek out with cameras in hand these terrifying and sublime examples of natural beauty While waterfalls have often been considered in terms of their picturesque qualities their rich cultural background has been neglected In *Waterfall* Brian Hudson portrays these marvels in a new light He explores the many myths and legends waterfalls have inspired in cultures ranging from Native American to Celtic and Indian and how they have been depicted in art literature film and music He also examines their influence on architecture and landscape design as manmade waterfalls begin to be a staple of parks gardens and backyard landscaping Hudson also discusses the ecology of waterfalls and the conflict that arises from their importance as both a source of hydroelectric power and tourist attractions in many countries As erosion takes its own toll the additional environmental impacts of human exploitation could be devastating A superb addition to the library of any nature lover this beautifully illustrated book provides a fascinating look at the history and value of these stunning cascades of water

Tourismophobia Jean-Christophe Gay, 2024-12-12 At the heart of tourismophobia past and present is the question of the masses and the differentiation between those who call themselves travellers denying their own tourism and tourists *Tourismophobia* studies the persistence of the repulsion for them and though their number is infinitely greater today they are no longer socially the same and practices have radically changed This book brings this cultural invariant out of the shadows to understand the driving forces behind this social posture which has taken a new turn with climate change Without overlooking the negative effects of tourism this book is a response to the current debate on overtourism which is the most contemporary form of tourismophobia

Women Migrants From East to West Luisa Passerini, 2007-11 Based on the oral histories of eighty migrant women and thirty additional interviews with native women in the receiving countries this volume documents the contemporary phenomenon of the feminisation of migration through an exploration of the lives of women who have moved from Bulgaria and Hungary to Italy and the Netherlands It assumes migrants to be active subjects creating possibilities and taking decisions in their own lives as well as being subject to legal and political regulation and the book analyses the new forms of subjectivity that come about through mobility Part I is a largely conceptual exploration of subjectivity mobility and gender in Europe The chapters in Part II focus on love work home communication and food themes which emerged from the migrant women's accounts In Part III based on the interviews with native women employers friends or in associations relevant to migrant women the chapters analyse their representations of

migrants and the book goes on to explore forms of intersubjectivity between European women of different cultural origins A major contribution of this book is to consider how the movement of people across Europe is changing the cultural and social landscape with implications for how we think about what Europe means Cover image Painting by Carla Accardi Reproduced with the kind permission of Luca Barsi of the Galleria Accademia Via Accademia Albertina 3 e 10123 Torino

This is likewise one of the factors by obtaining the soft documents of this **Sultry Climates Travel And Sex Since The Grand Tour** by online. You might not require more era to spend to go to the ebook establishment as without difficulty as search for them. In some cases, you likewise do not discover the revelation Sultry Climates Travel And Sex Since The Grand Tour that you are looking for. It will completely squander the time.

However below, taking into account you visit this web page, it will be as a result unquestionably simple to get as capably as download guide Sultry Climates Travel And Sex Since The Grand Tour

It will not take many period as we explain before. You can get it while statute something else at house and even in your workplace. thus easy! So, are you question? Just exercise just what we come up with the money for below as skillfully as evaluation **Sultry Climates Travel And Sex Since The Grand Tour** what you once to read!
