The Travelers Joseph Lima Sconce, 2013-07-25 The main theme of my book is that the afterlife is real and substantial and that all of us when we arrive there at some point will soon realize this Our spiritual bodies are very much like our natural bodies except that the spiritual bodies are in perfect shape Life in the afterlife is at least superficially very much like life on Earth People in the spiritual world live in real places beautiful cities or country locations in heaven and noisome slums in hell People there work as they do on Earth willingly and joyously in heaven not so in hell They also enjoy time off from work which is marvelous in heaven and within strict limits somewhat enjoyable in Hell We are full human beings in the afterlife up to and including that dreaded word for most religions sex But in the spiritual world time and space function differently being fluid and connected to our thoughts and emotions deception is nearly impossible and the economy is a moneyless one
