Summing Up An Autobiography:

Summing Up Itzhak Shamir, 1994 Herinneringen van de Israëliëse politicus en staatsman 1915 Summing Up Bertram Fields, 2019-04-14 The professional memoir of lawyer Bertram Fields The Extraordinary Work of Ordinary Writing Jennifer Sinor, 2002-11-13 Krutch's trenchant observations about life prospering in the hostile environment of Arizona's Sonoran Desert turn to weighty questions about humanity and the precariousness of our existence putting lie to Western denials of mind in the lower forms of life Let us not say that this animal or even this plant has become adapted to desert conditions Let us say rather that they have all shown courage and ingenuity in making the best of the world as they found it And let us remember that if to use such terms in connection with them is a fallacy then it can only be somewhat less a fallacy to use the same terms in connection with ourselves **Self-same Songs** Roger J. Porter, 2002-01-01 Self Same Songs constitutes a major contribution to the growing literary study of autobiography Using a range of authors including Homer Edward Gibbon Benjamin Franklin Somerset Maugham Franz Kafka and Eugène Delacroix Roger J Porter offers a broad based examination of the autobiography and the varied techniques used by its practitioners over time In a style that is both graceful and erudite Porter focuses on the diverse motivations and rhetorical functions that the act of self writing serves for particular writers He reflects on the texts not only as an exploration of self identity but also as the writers attempts to modify the life in the act of writing about it Then stepping out of his critical role Porter ends each chapter with an autobiographical discussion of his professional and personal engagement with the autobiographer under discussion creating an intriguing and absorbing literary autobiography within the critical text Demonization in International Politics Linn Normand, 2016-06-08 This book investigates demonization in international politics particularly in the Middle East It argues that while demonization's origins are religious its continued presence is fundamentally political Drawing upon examples from historical and modern conflicts this work addresses two key questions Why do leaders demonize enemies when waging war And what are the lasting impacts on peacemaking In providing answers to these inquiries the author applies historical insight to twenty first century conflict Specific attention is given to Israel and Palestine as the author argues that war time demonization in policy media and art is a psychological and relational barrier during peace talks **The Summing Up** W. Somerset Maugham, 2022-08-01 In The Summing Up W Somerset Maugham presents a profound introspection that intertwines autobiographical elements with philosophical musings on art life and the human condition Employing a candid and conversational literary style Maugham reflects on his experiences and the lessons gleaned from a lifetime of observation across various cultural landscapes The book exists in a unique literary context bridging modernism and traditional narrative forms allowing readers to engage with the intricacies of a writer's mind while contemplating existential questions that transcend time and place W Somerset Maugham a prolific writer of the early 20th century has often been regarded as one of the most significant literary figures of his time His experiences as a medical student a traveler and a witness to both the

glamorous and the grim aspects of life profoundly influenced his writing *The Summing Up* showcases Maugham's desire to distill his observations into universal truths reflecting his belief in the power of storytelling as a means of understanding one's self and the world I recommend *The Summing Up* to readers who seek a thoughtful exploration of the complexities of life and creativity Maugham's penetrating insights and candid revelations resonate with anyone who yearns for deeper understanding making this work an essential read for lovers of literature and philosophy alike

The Uncertain Alliance
Herbert Druks, 2001-06-30 This critical examination of American Israeli relations from the last year of the Kennedy administration to the last year of Bill Clinton's tenure in office is a companion volume to Herbert Druks' previous book *The Uncertain Friendship: The U.S. and Israel from Roosevelt to Kennedy* Based upon extensive research of archival sources and interviews of those who made this history happen such as Harry S. Truman, Averell Harriman, Yitzhak Rabin and Yitzhak Shamir, this study provides a challenging examination of key events and issues during the last three decades including JFK and Israel's nuclear research, Johnson and the Six Day War, Kissinger, Nixon and the Yom Kippur War, the rescue at Entebbe, Begin's decision to liberate Lebanon from the PLO, Bush and Iraq and the Land for Peace formula In addition to this comprehensive narrative account, Druks does not shy away from the tougher questions that plague the history of the two nations: What was the nature of the friendship and alliance that Israel achieved with the United States? Did that friendship and alliance help sustain Israel's independence or did it merely turn Israel into a vassal state of the American empire? Did Israel have another viable alternative? What may lie in store for the future of American Israeli relations

A Companion to Mill
Christopher Macleod, Dale E. Miller, 2018-04-12 This Companion offers a state-of-the-art survey of the work of John Stuart Mill, one which covers the historical influences on Mill, his theoretical, moral and social philosophy as well as his relation to contemporary movements Its contributors include both senior scholars with established expertise in Mill's thought and new emerging interpreters Each essay acts as a go-to resource for those seeking to understand an aspect of Mill's thought or to familiarise themselves with the contours of a debate within the scholarship The Companion is a key reference on Mill's theory of liberty and utilitarianism but also provides a valuable resource on lesser-known aspects of his work including his epistemology, metaphysics and philosophy of language The volume is divided into six sections Part I covers Mill's life, his immediate posthumous reputation and his own telling of his life story Part II brings together an accessible and comprehensive summary of the various influences on Mill's thought Part III offers an account of the foundations of Mill's philosophy and his thought on key philosophic topics Parts IV and V tackle issues from Mill's moral and social philosophy Part VI concludes with a treatment of the broader aspects of Mill's thought, tracing his relation to major movements in philosophy

Cultural Visions: Essays in the History of Culture, 2022-03-07 This collection opens with an inquiry into the assumptions and methods of the historical study of culture, comparing the new cultural history with the old Thirteen essays follow, each defining a problem within a particular culture In the first section, Biography and Autobiography, three

scholars explore historically changing types of self conception each reflecting larger cultural meanings essays included examine Italian Renaissance biographers and the autobiographies of Benjamin Franklin and Mohandas Gandhi A second group of contributors explore problems raised by the writing of history itself especially as it relates to a notion of culture Here examples are drawn from the writings of Thucydides Jacob Burckhardt and the art historians Alois Riegl and Josef Strzygowski In the third section Politics Nationalism and Culture the essays explore relationships between cultural creativity and national identity with case studies focusing on the Holy Roman Emperor Maximilian I the place of Castile within the national history of Spain and the impact of World War I on work of Thomas Mann The final section Cultural Translation raises the complex questions of cultural influence and the transmission of traditions over time through studies of Philo of Alexandria s interpretation of the Hebrew Bible Erasmus use of Socrates Jean Bodin s conception of Roman law and adaptations of the Hebrew Bible for American children

Dangerous Writing Carmen Luz Fuentes-Vásquez, 2013 This book examines the literary construction of personal identity through autobiographical narratives by three significant writers analysed together for the first time the Scottish Willa Muir 1890 1970 the Canadian Margaret Laurence 1926 1987 and the New Zealander Janet Frame 1924 2004 These apparently dissimilar authors suffered not only geographical but also political marginality they were women from the working class or struggling middle class striving to be considered as professional writers and emerging from countries that might be felt to be under the shadows of economic and political world powers such as England and the United States During their lifetimes they exerted themselves to overcome prejudices about class gender and ethnicity They experienced war and the post war era and lived through most of the twentieth century being accurate witnesses and critics of their times As it discusses major writers who are iconic for the development of the literatures of their respective countries this book also attracts readers who are interested in learning more about the lives of these remarkable women the way their socio historical and geographical circumstances affected their writing and how they expressed such concerns in their autobiographies and other fictional and non fictional works besides considering them in relation to contemporary women writers and autobiographers who underwent similar experiences
