Suns Diary:

Fortress Against The Sun Gene E. Salecker, E Salecker, 2007-10-09 Most often remembered for its role in the air war against Germany no book has ever before been devoted to the B 17 s Pacific operations The author combines technical and operational detail with eyewitness accounts by crews and commanders to present a fascinating account of a famous aircraft at war *I Am Here!* Ema Toyama, 2013-07-16 Invisible to her classmates Hikage Sumino is an eighth grader with no self esteem Her only friends are the visitors to her Internet blog One day the most popular boy in the grade suddenly talks to her Encouraged by this twist of fate Hikage determines to transform her life and declare to the world I Am Here WHEN THE SUNFLOWER BLOOMS After the sudden disappearance of Black Rabbit from her blog a series of surprises continues to shake up Hikage s world What if someone you met online turned out to be someone you knew in real life In this volume Hikage Hinata and Teru overcome jealousy and betrayal and together learn valuable lessons about friendship love and forgiveness Includes special extras after the story **The Banking Almanac, Directory, Year Book and Diary** ,1880

The Lost Book of Sun Yatsen and Edwin Collins Patrick Anderson, 2016-11-25 Sun Yatsen 1866 1925 occupies a unique position in modern Chinese history he is equally venerated as the founding father of the nation by both the mainland Communist government and its Nationalist rival in Taiwan The first president of the Republic of China in 1911 12 the peasant born yet Western trained Dr Sun was also a dedicated political theorist constantly in search of the ideal political and constitutional blueprint to underpin his incomplete revolution A decade before the public emergence in Japan of his Three Principles of the People and weeks before even his first slim publication in 1897 Kidnapped in London Sun was already hard at work in the Reading Room of the British Museum planning his most ambitious book yet a comprehensive political treatise in English on the tyrannical misgovernment of the Chinese nation by the Manchus of the Qing Dynasty Started then abandoned twice over destined never to be completed let alone published we can only conjecture what title this revolutionary book might have had The Lost Book of Sun Yatsen and Edwin Collins is the first study of this lost work in all scholarship Western or Chinese It draws its originality and its themes from three primary sources all presented here for the first time The first is a series of interconnected lost writings co authored by Sun Yatsen between 1896 and 1898 The second is the mass of lost political interviews with and articles dedicated to Sun Yatsen and his politics first published in the British press in the aftermath the dramatic world famous rescue of Sun from inside the Chinese Legation in London in 1896 The third source is the Apostle of the Simple Life for Children the Anglo Jewish Rabbi Edwin Collins 1858 1936 a devotee and practitioner of Jean Jacques Rousseau s mile and the New Education movement it inspired who became Sun s writing collaborator of choice during his years of political exile from China Drawing on this wealth of neglected material Patrick Anderson s book offers a genuinely fresh perspective on Sun Yatsen and his political motivations and beliefs **J.M.W. Turner: Standing in the Sun** Anthony Bailey, 2013-09-05 Joseph Mallord William Turner is arguably Britain s greatest and

most mysterious painter whose range of work encompasses seascape and landscape immensely powerful oil paintings and intimate watercolours His friend and colleague C R Leslie remembered him thus Turner was short and stout and had a sturdy sailor like walk He might be taken for the captain of a river steamboat at first glance but a second would find more in his face than belongs in any ordinary mind There was that peculiar keenness of expression in his eye that is only seen in men of constant habits of observation The son of a Covent garden barber and a woman who died in Bethlehem Hospital Turner achieved fame and fortune during his lifetime Although he possessed a wide ranging imagination he was an often incoherent speaker and writer and his muddled will produced much discord it is a wonder that despite avaricious relatives and incompetent lawyers so many of his works are now in the hands of the nation and publicly proclaim his genius In this previously unavailable biography Anthony Bailey has drawn upon archival material scholarly literature and research as well as studying many of Turner s sketchbooks paintings and watercolours Uncovering fresh material as well as pulling together previously known facts Bailey sheds new light on this complicated and secretive artistic figure

Allies against the Rising Sun Nicholas Evan Sarantakes, 2009-10-27 In the annals of World War II the role of America s British allies in the Pacific Theater has been largely ignored Nicholas Sarantakes now revisits this seldom studied chapter to depict the delicate dance among uneasy partners in their fight against Japan offering the most detailed assessment ever published of the U S alliance with Great Britain Australia New Zealand and Canada Sarantakes examines Britain s motivations for participating in the invasion of Japan the roles envisioned by its Commonwealth nations and the United States decision to accept their participation He shows how the interests of all allies were served by maintaining the coalition even in the face of disputes between nations between civilian and military leaders and between individual services and that allied participation despite its diplomatic importance limited the efficiency of final operations against Japan Sarantakes describes how Churchill favored British led operations to revive the colonial empire while his generals argued that Britain would be further marginalized if it didn t fight alongside the United States in the assault on Japan s home islands Meanwhile Commonwealth partners preoccupied with their own security concerns saw an opportunity to support the mother country in service of their own separatist ambitions And even though the United States called the shots it welcomed allies to share the predicted casualties of an invasion Sarantakes takes readers into the halls of both civil and military power in all five nations to show how policies and actions were debated contested and resolved He not only describes the participation of major heads of state but also brings in lesser known Commonwealth figures plus a cast of military leaders including General of the Army Douglas MacArthur and Fleet Admiral Chester Nimitz on the American side and Admiral of the Fleet Sir Andrew Cunningham and Field Marshal Sir Alan Brooke on the British He also paints vivid scenes of battle including the attack of the British Pacific Fleet on Japan and ground fighting on Okinawa Deftly blending diplomatic political and military history encompassing naval air and land forces Sarantakes s work reveals behind the scenes political factors in warfare alliances and explains why the

Anglo America coalition survived World War II when it had collapsed after World War I **Angels Against the Sun** James M. Fenelon, 2023-04-18 In the tradition of Band of Brothers historian and former paratrooper James M Fenelon offers a grunt's eye view of the 11th Airborne's heroic campaign to liberate the Philippines in World War II A soldier's history at its best A Grunt's Eye View of Pacific Warfare The Pacific theater of World War II pitted American fighting men against two merciless enemies the relentless Japanese army and the combined forces of monsoons swamps mud privation and disease General Joseph Swing's rowdy paratroopers of the 11th Airborne Division nicknamed the Angels fought in some of the war's most dramatic campaigns from bloody skirmishes in Leyte's unforgiving rainforests to the ferocious battles on Luzon including the hellish urban combat of Manila The Angels were trained as elite shock troops but high American casualties often forced them into action as ground pounding infantrymen Surviving on airdropped supplies and reinforcements the Angels fought their way across nearly impassable terrain emerging as one of the most lethal units in the Pacific War Their final task was the occupation of Japan where they were the first American boots on the ground Angels Against the Sun is an unforgettable account of the liberation of the Philippines In the tradition of Band of Brothers historian and former paratrooper James M Fenelon offers a grunt's eye view of the war This is a soldier's history at its best *Painters of the Ashcan School* Bennard B. Perlman, 2012-07-26 Lively scholarly beautifully illustrated study of the 8 artists who brought a compelling new realism to American painting 1870 to 1913 Henri Glackens Sloan Luks 4 more 142 black and white illustrations **The Wheelman's year book, with diary and almanack, compiled by W.D.
