Sunset At Blandings:

Sunset at Blandings Pelham Grenville Wodehouse, 2000 This is Wodehouse's last unfinished chronicle of Blandings and includes a treasure trove of detailed notes on the final stages of the plot enabling us to watch over his shoulder to observe the master at work The revels at Blandings Castle are now ended but as Richard Osborne confirms delightedly its cloud capped towers shall not dissolve Although written when Wodehouse was ninety three the pages of *SUNSET AT BLANDINGS* remain funny fresh young in heart and full of hammocks sunshine and four pairs of lovers headed for altars *Sunset at Blandings* P. G. Wodehouse, 1977 With the sun finally setting on that wondrous earthy paradise that is Blandings Vicky Underwood finds herself forcibly parted from her beloved Jeff Bennison Her Uncle Galahad turns his not inconsiderable talents to reuniting the love birds Wodehouse's final chronicle of Blandings is unfinished but three Wodehouse admirers have supplied a treasure trove of notes and plot details providing fascinating insights into the mind of the author Copyright Libri GmbH All rights reserved **Sunset at Blandings** P. G. Wodehouse, 1973 *Sunset at Blandings* Pelham Grenville Wodehouse, 1979 **Under Review** Anthony Powell, 1994-07 A splendid book I cannot think of one so calculated to delight intrigue beguile and inform To pick up and browse through it is like meeting some venerable old man of letters comfortably ensconced in his library only to ready to reveal some pear of humor or wisdom about each of the writers he has chosen to deal with Kate Wharton Evening Standard Powell is one of the great novelists of our time much more interested in other people than in his own views and ideas The result is that his extraordinary richness of act and detail also embodies a far more arresting and penetrating quantity of critical judgements on books authors fashions developments than are to be found in the theoretical pronouncement of modern academic criticism John Bayley The Sunday Times These delightful reviews could be said to amount to a latter day Brief Lives David Plante Times Literary Supplement **To Be Continued** Hope Apple, Merle L. Jacob, 2000-10-10 Keeping track of prolific authors who write fiction series was quite challenging for even the most ardent fan until *To Be Continued* debuted in 1995 Noew readers will be happy that the soon to be released second edition has added 1 600 new books and 400 new series *To Be Continued* Second Edition maintains the first volume's successful formula that featured concise A to Z entries packed with useful information including titles publishers publication dates genre categories annotations and subject terms Among the genre categories that can be found in *To Be Continued* are romance science fiction crime novel horror adventure fantasy humor western war Christian fiction and others **Middlebrow Wodehouse** Ann Rea, 2017-05-15 While he is best known for his Jeeves and Bertie Wooster stories P G Wodehouse was a prolific writer who penned many other novels stories and musical comedy libretti the latter of which played an enormous role in the development of American musical theater This collection re examines Wodehouse in the context of recent scholarship on the middlebrow attending to his self conscious relationship to the literary marketplace and his role in moving musical comedy away from vaudeville's lowbrow associations towards the sophistication of the Wodehouse style The focus on the middlebrow

creates a critical context for serious critical consideration of Wodehouse's linguistic playfulness and his depictions of social class within England. The contributors explore Wodehouse's fiction and libretti in reference to philosophy, depictions of masculinity, World War I, Britain, the periodical market, ideas of Englishness, and cultural phenomena such as men's fashion, food culture, and popular songwriting. Taken together, the essays draw attention to the arbitrary divide between high and middlebrow culture and make a case for Wodehouse as a writer whose games with language are in keeping with modernist experimentation with artistic expression. Wodehouse Robert McCrum, 2004. He had an extraordinary Broadway career, wrote 90 novels and story collections, and among his immortal characters are Jeeves and the Empress of Blandings. McCrum's magisterial biography chronicles the achievements and shadows of a gilded life.
