Sunset Possibilities And Other Poems:

Sunset Possibilities and Other Poems Gabriel Preil, Robert Friend, 1985 *Red, Black, and Jew* Stephen Katz, 2010-01-01 Between 1890 and 1924 more than two million Jewish immigrants landed on America's shores. The story of their integration into American society as they traversed the difficult path between assimilation and retention of a unique cultural identity is recorded in many works by American Hebrew writers. *Red Black and Jew* illuminates a unique and often overlooked aspect of these literary achievements charting the ways in which the Native American and African American creative cultures served as a model for works produced within the minority Jewish community. Exploring the paradox of Hebrew literature in the United States in which separateness and engagement and acculturation are equally strong impulses, Stephen Katz presents voluminous examples of a process that could ultimately be considered Americanization. Key components of this process, Katz argues, were poems and works of prose fiction written in a way that evoked Native American forms or African American folk songs and hymns. Such Hebrew writings presented America as a unified society that could assimilate all foreign cultures. At no other time in the history of Jews in diaspora have Hebrew writers considered the fate of other minorities to such a degree. Katz also explores the impact of the creation of the state of Israel on this process, a transformation that led to ambivalence in American Hebrew literature as writers were given a choice between two worlds. Reexamining long neglected writers across a wide spectrum, *Red Black and Jew* celebrates an important chapter in the history of Hebrew belles lettres.

Daddy's Home and Other Poems Paul Debonis, 2008-04-01 *Daddy's Home* is a collection of poems documenting five years in the life of a stay-at-home dad. With a blend of insight, humor, and heart, first-time author Paul DeBonis covers a wide range of topics that will resonate with anyone who loves children. *Daddy's Home* celebrates the many facets of parenting, most notably the experience of learning to see the world again through a child's eyes.

The Posen Library of Jewish Culture and Civilization, Volume 9 Samuel D. Kassow, David G. Roskies, 2020-11-24 The Posen Library's groundbreaking anthology series called a feast of Jewish culture in ten volumes by the Chronicle of Higher Education explores in Volume 9 global Jewish responses to the years 1939 to 1973, a time of unprecedented destruction, dislocation, agency, and creativity. An extensive look at Jewish civilization and culture from the eve of World War II to the Yom Kippur War, it's a weighty collection to be sure, but one that's consistently engaging. An edifying and diverse survey of 20th-century Jewish life. *Kirkus Reviews* starred review: Readers seeking primary texts, documents, images, and artifacts constituting Jewish culture and civilization will not be disappointed. More important, they might even be inspired. This set will serve to improve teaching and research in Jewish studies at institutions of higher learning and, at the same time, promote, maintain, and improve understanding of the Jewish population and Judaism in general. *Booklist* starred review: The ninth volume of The Posen Library of Jewish Culture and Civilization covers the years 1939 to 1973, a period that editors Kassow and Roskies call one of the most tragic and dramatic in Jewish history. Organized geographically and then by genre.

this book details Jewish cultural and intellectual resources throughout this era particularly in political thought literature the visual and performing arts and religion This volume explores worldwide Jewish perceptions of momentous events that transpired in the mid twentieth century and how Jews redefined themselves across regions throughout an era rife with tragedy displacement and dispersion The breadth and depth of this work goes beyond any comparable collection with detailed insights and sharp focus to accompany its breathtaking scope A major ten volume anthology project more than a decade in the making the Posen Library is an ideal reference tool for scholars teachers and students at all levels

Modernism and Cultural Transfer Yael S. Feldman, 1986-12-31 It was twentieth century Modernism that introduced bilingualism into the literary arena Used as a means for the contradictory aims of universalizing or individualizing the literary idiom this practice was clearly part of the revolt against nineteenth century Romanticism and nationalism In contrast Jewish bilingualism is rooted in the long history of exilic existence its modern phase moreover is intimately related to the national revival of the Jewish people As such it fulfilled a unique role time and again literary experiments were conducted first in Yiddish the spoken language and later transferred to Hebrew the romantic classical language of the national renaissance The significance these transfers had for the historical poetics of Hebrew cannot be overestimated They were instrumental in making what was a scriptural literature only a century ago into the modernized lively literature we know today Yet Hebrew did not give in easily It was not until the 1950s for instance that Israeli poetry caught up with the poetic understatement of Western Modernism Two decades earlier however Hebrew Modernism did make a breakthrough in America It was Gabriel Preil a Lithuanian born resident of New York who helped modernize Hebrew verse without so much as visiting the Land of Israel The emergence of his imagistic free verse in the thirties and forties constituted a bold departure from the classical romantic norms of Hebrew at the time Thereafter Israeli modernists adopted him as a precursor naturally attributing his innovations to the influence of Anglo American imagism But there is more to it than that For Preil who is currently approaching his 75th birthday is in fact the latest link in the Jewish tradition of intracultural transfer As this study shows he absorbed his poetic modernism from the New York Yiddish Modernists thereafter transferring it to Hebrew via his autotranslation and dual compositions Yael Feldman here sheds light on this particular and possibly last instance in the history of Jewish bilingualism Yet the significance of her work extends beyond the poetics of Hebrew literature For it offers unique insights into both the mechanism of literary transfer and the constraints operative within it In addition it follows Preil's recent metapoetic journey to the borders of imagism and back thereby illuminating the risks of limitation and dehumanization that have always plagued pure imagism Finally it shows how Preil's life work recapitulates the complex evolution of Western poetic Modernism with all its inherent paradoxes
