Kennedy United States. Congress. House. Select Committee on Assassinations,1979 **The Road to Dallas** David Kaiser,2009-11-30 Neither a random event nor the act of a lone madman the assassination of President John F Kennedy was an appalling and grisly conspiracy This is the unvarnished story With deft investigative skill David Kaiser shows that the events of November 22 1963 cannot be understood without fully grasping the two larger stories of which they were a part the

U S government s campaign against organized crime which began in the late 1950s and accelerated dramatically under Robert Kennedy and the furtive quest of two administrations along with a cadre of private interest groups to eliminate Fidel Castro The seeds of conspiracy go back to the Eisenhower administration which recruited top mobsters in a series of plots to assassinate the Cuban leader The CIA created a secretive environment in which illicit networks were allowed to expand in dangerous directions The agency s links with the Mafia continued in the Kennedy administration although the President and his closest advisors engaged in their own efforts to overthrow Castro thought this skullduggery had ended Meanwhile Cuban exiles right wing businessmen and hard line anti Communists established ties with virtually anyone deemed capable of taking out the Cuban premier Inevitably those ties included the mob The conspiracy to kill JFK took shape in response to Robert Kennedy s relentless attacks on organized crime legal vendettas that often went well beyond the normal practices of law enforcement Pushed to the wall mob leaders merely had to look to the networks already in place for a solution They found it in Lee Harvey Oswald the ideal character to enact their desperate revenge against the Kennedys Comprehensive detailed and informed by original sources The Road to Dallas adds surprising new material to every aspect of the case It brings to light the complete frequently shocking story of the JFK assassination and its aftermath **Undeniable Truths** Ed Souza,2014-08 Since we forget the implications of the assassination of President John F Kennedy at our peril I welcome and support the recent work of Ed Souza s Undeniable Truths Welcome aboard Mr Souza Mark Lane Author of Rush to Judgment To many the murder of President John F Kennedy was the defining tragedy of the twentieth century To many the intricate and pervasive veil of lies generated by the Warren Commission and some of our own government agencies is an egregious and continuing insult to our collective intelligence integrity and dignity To many there are more questions than plausible answers But for one former LA cop private investigator and professor of criminal justice the time has come to put forth the clear and plausible answers too many have craved for too long In Undeniable Truths Professor Ed Souza applies modern investigative techniques and theories to present the clear and simple facts surrounding this infamous murder His approach exposes the lies cover ups and misinformation involved in this case He explores some of the murder s most enduring mysteries Why was President Kennedy really murdered Who really did and did not want Kennedy eliminated Why and how was Oswald chosen as the scapegoat Through the use of time tested police strategies the author puts decades of professional research to the task of solving one of history s most enduring unsolved crimes Killing the Mob Bill O'Reilly,Martin Dugard,2021-05-04 Instant 1 New York Times Wall Street Journal and Publishers Weekly bestseller In the tenth book in the multimillion selling Killing series Bill O Reilly and Martin Dugard take on their most controversial subject yet The Mob Killing the Mob is the tenth book in Bill O Reilly s 1 New York Times bestselling series of popular narrative histories with sales of nearly 18 million copies worldwide and over 320 weeks on the New York Times bestseller list O Reilly and co author Martin Dugard trace the brutal history of 20th Century organized crime in the United States and expertly plumb the history of this

nation's most notorious serial robbers, common murderers and especially mob family bosses. Covering the period from the 1930s to the 1980s, O'Reilly and Dugard trace the prohibition busting bank robbers of the Depression Era such as John Dillinger, Bonnie Clyde, Pretty Boy Floyd and Baby Face Nelson. In addition, the authors highlight the creation of the Mafia Commission, the power struggles within the Five Families, the growth of the FBI under J. Edgar Hoover, the mob battles to control Cuba, Las Vegas and Hollywood, as well as the personal war between the U.S. Attorney General Bobby Kennedy and legendary Teamsters boss Jimmy Hoffa. O'Reilly and Dugard turn these legendary criminals and their true life escapades into a read that rivals the most riveting crime novel. With *Killing the Mob*, their hit series is primed for its greatest success yet.
