look at the role of sound vibration including the mother's heartbeat in the process of conception and soul implantation as well as the mechanics of primal energy generation from the fusion of sperm and egg. They offer step by step instructions for a wealth of practices that can aid in successful conception and healthy pregnancy including the energetic channels of the Microcosmic Orbit and the conception alchemy they make possible as well as how this can be enhanced by Healing Love practices. And they examine the power of positive thinking in conception, pregnancy and birth and how to prepare for birth with jade egg practices. Revealing the power of preparation and energetic intention in the alchemical process of conception, this book shows how to cultivate a strong and vital body and spirit prior to parenthood to ensure a successful pregnancy and healthy baby.

Genetic Disorders and the Fetus Aubrey Milunsky, Jeff M. Milunsky, 2015-11-09. Genetic Disorders and the Fetus: Diagnosis, Prevention and Treatment, Seventh Edition is the eagerly awaited new edition of the discipline leading text that has been at the forefront of diagnosis, prevention and treatment of fetal genetic disorders for over 36 years. The seventh edition continues the long established tradition of excellence that has become synonymous with this text. The book builds on the foundations of preconception and prenatal genetic counseling and the original pillars of prenatal diagnosis while also providing authoritative coverage of exciting developments in non-invasive genetic testing and rapidly developing molecular techniques including microarray analysis and next generation sequencing that are revolutionizing the field. Chapters are once again authored by internationally recognized authorities in the field of prenatal diagnosis. The editors have added three entirely new chapters to this edition to complement the complete revision of existing content. The three new chapters focus on non-invasive prenatal screening, placental genetics and the psychology of prenatal and perinatal grief. The broad ranging coverage and international scope will ensure that the new edition maintains its role as the major repository for information on all aspects of prenatal diagnosis. The editors have brought together an invaluable collection of evidence based facts bolstered by knowledge and decades of experience in the field. Genetic Disorders and the Fetus: Diagnosis, Prevention and Treatment, 7th Edition is a timely update to this world leading text.
