The Fifth Narrative The Wiser Ascent Of Icarus:

The Fifth Narrative Benjamin Katz,2004-05 This book was written for bright brave and curious people who wish to become farsighted to find other meanings and necessities beyond our recent Grand Tales Religion Pessimism Capitalism and Science The Fifth Narrative is about our emergence out of our dung beetle state It reveals our unawareness that the dungballs which currently sustain us Grand Narratives constrain our ability to be farsighted thus endangering our future evolution It tells how human folly in our time seems more than ever to confound these grand stories and their bearing meaning It explains why a new grand Narrative is necessary in order to survive and prevail And why a new psychology encompassing areas like global ecology demography resources and politics is of impending necessity The book deals with the emergence of a new civilization through technology and farsighted knowledge which will form and guide our further evolution Its essential message is Let us become wiser ascending Icarus rising beyond our limiting schemes and perspectives

Jacob` Ladder Towards Evolving, Wise Civilization Beyond Sapiens Benjamin Katz,2022-10-20 This book presents a sort of a climbing up to a complex contextual knowledge of who you and we are what makes us destroy our life prospects and how to come over this hurdle which is built up in our minds brains The book presents thus an understanding of the human condition nature and a way to transcend and evolve beyond these self defeating mechanisms to a new upgraded Homo

365 Years of Solitude, Sufferings and the Rise of the Creators: 2020-2384 Benjamin Katz,2018-12-28 This book tells the grand and horrendous story of the Homo sapiens inevitable demise and downfall and the rise of ever evolving upgraded beings stemming from them in the next 365 years The main narrator of this Bible like tale is the man who devised the vision mission of the Creators and follows the historical process of them coming to power first as human beings and thereafter as a downloaded evolving cyborg This saga tells how this dethroning of sapiens and the rise of the Creators advanced intelligent beings may happen with great probability and the kind of world these Creators will build up on the ruins of the sapiens civilization Although it is fictional it describes a real and factual development that we already watch with growing alarm Homo sapiens destroy their life conditions on earth and being shortsighted and unwise regarding global affairs they don't seem to be able to stop As everything in the universe is temporary so are sapiens and their constructs too This book presents the most viable future solution for evolving advanced intelligent life after sapiens

My True/ Legendary Story with the Green Man & Beyond Sapiens` Wisdom, Ultimate Meaning and Fixed Destiny Benjamin Katz,2020-07-21 We belong to a gullible partly delusional hallucinating self destructive species Homo sapiens First we create the conditions for global catastrophes including epidemics by following unsustainable policies and then as we are hit as the COVID 19 pandemic shows we react often too late confused and short sighted Hence we badly need a new evolved global vision mission to steer away from our innate and self destructive shortcomings and flaws This book includes two parts Book One tells my true legendary story with the Green Man describing how such a vision mission was conceived Book Two describes a tour de force

beyond Homo sapiens's current wisdom, ultimate meaning and fixed destiny leading to the abovementioned new evolved vision for a future civilization which will focus on saving us from ourselves **The Age of the Evolving Mutants** Benjamin Katz, 2023-08-08 In this book the designed vision mission with both new faith and strategic steps aims at saving us from ourselves by our further evolution beyond sapiens' limitations **Stupid Sapiens** Benjamin Katz, 2019-06-26 God whispered into my ear Admittedly I am a failed engineer for manufacturing such sapiens Oh dear Ordinary sapiens have a fixed mental matrix he has his faith or convictions beyond which there are no other horizons The definition of insanity is doing the same thing over and over again and expecting different results This is what we are doing to our global climate and sustainability We need an advanced mind beyond sapiens to save us from ourselves a mind that has no masters like God or holy cows In this context we ask Who am I the writer Am I only sapiens I am definitely more than that I have mentally mutated beyond sapiens into being an evolving future transcendent Achieving such an advanced mind is the kernel of this book *A Portrait of a Visionary Trans Human and His Work* Benjamin Katz, 2015-09-26 Prepare yourself for a rough ride into the end of this century It will be dramatic bloody and mind boggling The world crisis and conflicts will deepen due to the pressure of growing populations the scarcity of resources pollution and climate change This chaos will result in some losers among them democracy liberal humanism and human rights They will get their wings cut off and won't play a major role in the future to come The winners will probably go for a new global faith and democrature sustainable policies upgraded humans and trimmed up civilization This transformation is inevitable if we wish to grant our progenies a fair chance to prevail and evolve further beyond our semiprimitive stage Almost all human beings consider Homo sapiens to be indispensable but this is a plain delusion Since there is only one thing that is certain everything is temporary these views show the built-in limitations of human reasoning and long term thinking The future of intelligent life lies beyond us *A Survival Kit for the Upcoming Creators* Benjamin Katz, 2017-12-26 The history of mankind can partly be understood as the history of our blindness of our mental limitations The three fundamental truths that we must face in order to survive prevail on a long term basis are as follows 1 Everything is temporary including Homo sapiens his achievements and his constructs 2 We are generally speaking unwise regarding our conduct of the planet's sustainable state We act in fact as its vermin not as its guardians 3 Only by transcending ourselves will we pass on our valuable and noble essence to our future upgraded children Sabotaging this transformation will imply our species decay and oblivion Realizing these truths what did the author of this book do He followed Rumi's words Start a huge foolish project like Noah It makes absolutely no difference what people think of you And that was exactly what he did he built up a new Noah's ark **Science-fiction** Everett Franklin Bleiler, Richard Bleiler, 1998 *Complementing Science Fiction The Early Years* which surveys science fiction published in book form from its beginnings through 1930 the present volume covers all the science fiction printed in the genre magazines *Amazing* *Astounding* and *Wonder* along with offshoots and minor magazines from 1926 through 1936 This is the first time this
