

The First World War First World War Simon

Gordon L. Heath

The First World War First World War Simon:

The First World War Hew Strachan, 2003 Hew Strachan's illustrated history of World War One complements his ongoing three volume history of the conflict It takes a uniquely global view of what is often misconceived as a prolonged skirmish on the Western Front *The Cambridge Companion to the Poetry of the First World War* Santanu Das, 2013-11-11 The poetry of the First World War remains a singularly popular and powerful body of work This Companion brings together leading scholars in the field to re-examine First World War poetry in English at the start of the centennial commemoration of the war It offers historical and critical contexts fresh readings of the important soldier poets and investigations of the war poetry of women and civilians Georgians and Anglo American modernists and of poetry from England Ireland Scotland Wales and the former British colonies The volume explores the range and diversity of this body of work its rich afterlife and the expanding horizons and reconfiguration of the term First World War Poetry Complete with a detailed chronology and guide to further reading the Companion concludes with a conversation with three poets Michael Longley Andrew Motion and Jon Stallworthy about why and how the war and its poetry continue to resonate with us The First World War William Kelleher Storey, 2020-12-07 In a compact but comprehensive and clear narrative this book explores the First World War from a genuinely global perspective Putting a human face on the war William Kelleher Storey takes into account individual decisions and experiences as well as environmental and technological factors such as food geography manpower and weapons

Remembering the First World War Bart Ziino, 2014-12-05 Remembering the First World War brings together a group of international scholars to understand how and why the past quarter of a century has witnessed such an extraordinary increase in global popular and academic interest in the First World War both as an event and in the ways it is remembered The book discusses this phenomenon across three key areas The first section looks at family history genealogy and the First World War seeking to understand the power of family history in shaping and reshaping remembrance of the War at the smallest levels as well as popular media and the continuing role of the state and its agencies The second part discusses practices of remembering and the more public forms of representation and negotiation through film literature museums monuments and heritage sites focusing on agency in representing and remembering war The third section covers the return of the War and the increasing determination among individuals to acknowledge and participate in public rituals of remembrance with their own contemporary politics What for instance does it mean to wear a poppy on armistice remembrance day How do symbols like this operate today These chapters will investigate these aspects through a series of case studies Placing remembrance of the First World War in its longer historical and broader transnational context and including illustrations and an afterword by Professor David Reynolds this is the ideal book for all those interested in the history of the Great War and its aftermath **Canadian Churches and the First World War** Gordon L. Heath, 2014-01-13 Most accounts of Canada and the First World War either ignore or merely mention in passing the churches experience Such

neglect does not do justice to the remarkable influence of the wartime churches nor to the religious identity of the young Dominion. The churches' support for the war was often wholehearted but just as often nuanced and critical, shaped by either the classic just war paradigm or pacifism's outright rejection of violence. The war heightened issues of Canadianization, attitudes to violence and ministry to the bereaved and the disillusioned. It also exacerbated ethnic tensions within and between denominations and challenged notions of national and imperial identity. The authors of this volume provide a detailed summary of various Christian traditions and the war, both synthesizing and furthering previous research. In addition to examining the experience of Roman Catholics, English and French speaking Anglicans, Presbyterians, Methodists, Baptists, Lutherans, Mennonites and Quakers, there are chapters on precedents formed during the South African War, the work of military chaplains and the roles of church women on the home front.

The First World War and Health, 2020-04-14. The First World War and Health: Rethinking Resilience considers how the First World War 1914-1918 affected mental and physical health, its treatment and how the victims, not only soldiers and sailors but also medics and even society as a whole, tried to cope with the wounds sustained. The volume, which contains over twenty articles divided into four sections: military, personal, medical and societal resilience, therefore aims to broaden the scope of resilience. Resilience is more than the personal ability to cope with hardship; if society as a whole cannot cope with or even obstructs personal recovery, resilience is difficult to achieve. Contributors are Carol Acton, Julie Anderson, Leo van Bergen, Ana Carden-Coyne, C. Driscoll, Cotter Dominiek, Dendooven, Christine van Everbroeck, Daniel Flecknoe, Christine E. Hallett, Hans Georg Hofer, Edgar Jones, Wim Klinkert, Harold Kudler, Alexander McFarlane, Johan Meire, Heather Perry, Jane Potter, Fiona Reid, Jeffrey S. Reznick, Stephen Snelders, Hanneke Takken, Pieter Trogh and Eric Vermetten. See inside the book.

The British Empire and the First World War, Ashley Jackson, 2017-06-26. The British Empire played a crucial part in the First World War, supplying hundreds of thousands of soldiers and labourers as well as a range of essential resources from foodstuffs to minerals, mules and munitions. In turn, many imperial territories were deeply affected by wartime phenomena such as inflation, food shortages, combat and the presence of large numbers of foreign troops. This collection offers a comprehensive selection of essays illuminating the extent of the Empire's war contribution and experience and the richness of scholarly research on the subject. Whether supporting British military operations, aiding the British imperial economy or experiencing significant wartime effects on the home fronts of the Empire, the war had a profound impact on the colonies and their people. The chapters in this volume were originally published in *Australian Historical Studies*, *The Journal of Imperial and Commonwealth History*, *First World War Studies* or *The Round Table*, *The Commonwealth Journal of International Affairs*.

The Medics of World War One, Kevin Hargreaves, 2018-12-22. *Medics* takes a look at the role men played in the care of the sick and wounded during World War One. There is a certain perception, and certainly if one looks at the so-called docudramas related to the injured servicemen during World War One, it would appear that men played no role in the sick and injured men's care. It would be very easy to

get the impression that all the care was given by the Queen Alexandra's Imperial Military Nursing Service. This is not the case: the care of the sick and wounded actually started in no man's land where they were cared for by the regimental stretcher bearers and the RAMC orderlies all the way down the line to the Casualty Clearing Stations and even in the General Hospitals. Throughout the text we follow the journey of the wounded from no man's land down the evacuation chain to the general hospital in England and the colonies and illustrate the role that the male caregivers undertook in the care of the wounded.

Disequilibrium, Polarization, and Crisis Model Isabelle Dierauer, 2013-05-16 Different international relations theorists have studied political change but all fall short of sufficiently integrating human reactions, feelings, and responses to change in their theories. This book adds a social psychological component to the analysis of why nations politically organized groups or states enter into armed conflict. The Disequilibrium Polarization and Crisis Model is introduced which draws from prospect theory, realism, liberalism, and constructivism. The theory considers how humans react and respond to change in their social, political, and economic environment. Three case studies: the U.S. Civil War, the Yugoslav Wars (1991-1995), and the First World War are applied to illustrate the model's six process stages: status quo, change, creating shifts that lead to disequilibrium, realization of loss, hanging on to the old status quo, emergence of a rigid system, and risky decisions leading to violence and war.

Edinburgh Companion to the First World War and the Arts Ann-Marie Einhaus, 2017-05-24 A new exploration of literary and artistic responses to WW1 from 1914 to the present. This authoritative reference work examines literary and artistic responses to the war's upheavals across a wide range of media and genres from poetry to pamphlets, sculpture to television, documentary and requiems to war reporting. Rather than looking at particular forms of artistic expression in isolation and focusing only on the war and inter-war period, the 26 essays collected in this volume approach artistic responses to the war from a wide variety of angles and where appropriate pursue their inquiry into the present day. In 6 sections covering Literature, the Visual Arts, Music, Periodicals and Journalism, Film and Broadcasting, and Publishing and Material Culture, a wide range of original chapters from experts across literature and the arts examine what means and approaches were employed to respond to the shock of war as well as asking such key questions as how and why literary and artistic responses to the war have changed over time and how far later works of art are responses not only to the war itself but to earlier cultural production.

Key Features: Offers new insights into the breadth and depth of artistic responses to WWI. Establishes links and parallels across a wide range of different media and genres. Emphasises the development of responses in different fields from 1914 to the present.

The book delves into The First World War First World War Simon. The First World War First World War Simon is a vital topic that needs to be grasped by everyone, ranging from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into The First World War First World War Simon, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:
 - Chapter 1: Introduction to The First World War First World War Simon
 - Chapter 2: Essential Elements of The First World War First World War Simon
 - Chapter 3: The First World War First World War Simon in Everyday Life
 - Chapter 4: The First World War First World War Simon in Specific Contexts
 - Chapter 5: Conclusion
 2. In chapter 1, the author will provide an overview of The First World War First World War Simon. The first chapter will explore what The First World War First World War Simon is, why The First World War First World War Simon is vital, and how to effectively learn about The First World War First World War Simon.
 3. In chapter 2, the author will delve into the foundational concepts of The First World War First World War Simon. The second chapter will elucidate the essential principles that must be understood to grasp The First World War First World War Simon in its entirety.
 4. In chapter 3, this book will examine the practical applications of The First World War First World War Simon in daily life. The third chapter will showcase real-world examples of how The First World War First World War Simon can be effectively utilized in everyday scenarios.
 5. In chapter 4, the author will scrutinize the relevance of The First World War First World War Simon in specific contexts. This chapter will explore how The First World War First World War Simon is applied in specialized fields, such as education, business, and technology.
 6. In chapter 5, the author will draw a conclusion about The First World War First World War Simon. This chapter will summarize the key points that have been discussed throughout the book.
- The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. This book is highly recommended for anyone seeking to gain a comprehensive understanding of The First World War First World War Simon.
