The Fiddling Cellist Renata Bratt, 2015-10-19 A comprehensive resource to prepare intermediate and advanced cello students to play fiddle music Eighteen fiddle tunes with chords in styles found in typical fiddle jam sessions Celtic Old Time and Bluegrass Each tune arranged for two or three cellos and accompanied by short studies teaching idiomatic bass lines and back up harmony as well as improvisational soloing over the chord changes Companion CD includes all examples with guitar accompaniment *The fiddling cellist*, 2003 *Cello Chords, Rhythms and Backups for Fiddle Tunes* Renata

Bratt, 2020-03-05 Eclectic cellist Renata Bratt has written the ultimate book for the fiddling cellist this time from the perspective of an accompanist Herein you will find the theoretical and technical foundation for everything you need to creatively back up the lead players in a fiddle jam session not to mention playing the lead yourself This progressive method includes detailed fingerings and bowings for traditional fiddle tunes like Salt Creek Jenny Dang the Weaver The Water Is Wide The Girl I left Behind Me The Road to California Mason's Apron and Green Grows the Laurel plus three jigs and a slip jig Accompaniment elements include single chord tone backup bluegrass bass style 2 and 3 note chords and arpeggios in the common fiddling keys one and two measure rhythmic bowing patterns the Charleston rhythm the traveling beat and many variations of the ever popular chop bowing technique With the knowledge and experience conveyed by this book a cellist can become a valuable asset to any musical group no matter the style Includes access to 100 online audio tracks expertly played by the author *The Student Cellist: Bach* Craig Duncan, 2016-03-09 This collection includes both didactic compositions of J

S Bach as well as easy arrangements of several of his most popular works the book begins with easier arrangements and progresses in its level of difficulty All pieces are played in first position Most of the piano parts double the cello to aid in performance Titles include Bouree I from French Overture and other favorites **Cello Position Handbook, Volume 1**

Halley Feaster, 2022-02-03 New cello students nearly always start in first position aided by finger tapes or guides for accurate finger placement As they advance they are expected to learn to shift out of first position but the focus is on the movement of the shift rather than on note locations or pitch accuracy In this book author and versatile cellist Halley Feaster introduces a step by step approach to understanding each position leading to thorough comprehension of the cello fingerboard and a more confident and well rounded player Together with its engaging video component Cello Position Handbook shows advanced beginners and intermediate students what notes are available in each of 12 positions Short exercises and excerpts are provided for practice in each location ultimately enabling fluid performance without excessive shifting On completion of this volume students will be familiar with what notes are available in each position and be able to move comfortably between them while expanding their repertoires Includes access to online video **100 Gospel Songs**
