Gerron S. Hite

The Fifties And Beyond:

San Angelo 1950s and Beyond Gerron S. Hite, 2013 San Angelo grew steadily as the largest trading center in the region after World War II doubling in population from 1940 to 1950 Growth was spurred by oil production west of the city construction of the Goodfellow Air Force Base and the establishment of local ranches to raise sheep goats and cattle San Angelo had its share of regional and national businesses such as Woolworth S H Kress in recent years however the downtown has seen a rebirth thanks to visionary individuals with projects such as a new fine art museum and a department store converted into the central library Many other developments are on the horizon

Nigeria at 50 and Beyond: a Case for World Conscience Iyken Nnanedu, 2014-07-22 The developed countries must encourage Nigeria and other African countries to display responsible leadership that accounts for their actions This is an attribute of democracy which involves strict adherence to the constitution of the country involved Sectional domination of all the strategic positions has never helped development in any country Any person or group of persons gaining from such should better know that such gain is only momentary Sectional domination has given yield to high rate of corruption wastage in human resources and unnecessary bloodshed among other crimes The ultimate aim of practical politics is attainment of power One thing about power is that it carries certain obligations and responsibilities The initial aim of the seeker may be to serve Power is supposed to be used as a latent weapon for development and growth if well managed but never for destruction Power is transient and must never be seen to be localized to any section Otherwise that system that provides the platform for the wielder of such power will one day collapse and disintegrate into its component parts Therefore any person or group of persons suggesting or supporting sectional domination is simply encouraging the collapse of that system and should be held responsible for such The Nigerian politicians and their military's old game of business as usual looting of resources meant that development is better gone forever Same goes for the sectional military coup coming to the rescue of its civilian government using constitution drafting and state creation as means of diverting attention for consolidation until the environment is once more conducive for its civilian government However in Arthur Nzeribes Nigeria The Turning Point he says that leaders must know that politics or leadership is a serious business that involves millions of people They must therefore recognize the significance of seriousness in policy making and must not toy with lives of these millions by altering the sectional domination

Helping Beyond the 50-Minute Hour Jeffrey A. Kottler, Matt Englar-Carlson, Jon Carlson, 2013-07-18 Slacktivism is a term that has been coined to cynically describe the token efforts that people devote to some cause without long term or meaningful impact We wear colored wristbands pins or ribbons proclaiming support for a particular organization We might post something on social network sites or send messages to friends about causes dear to our hearts We might even volunteer our time to work on behalf of marginalized oppressed or neglected groups or donate money to a charity Yet the key feature of significant social action is follow through continuing efforts over a period of time so as to build meaningful relationships provide adequate

support and conduct evaluations to measure results and make needed adjustments that make programs even more responsive This book is intended as an inspiration for practicing psychotherapists and counselors as well as students to become actively involved in a meaningful effort The authors have searched far and wide to identify practitioners representing different disciplines helping professions geographic regions and social action projects all of whom have been involved in social justice efforts for some time whether in their own communities or in far flung regions of the world Each of them has an amazing story to tell that reveals the challenges they ve faced the incredible satisfactions they ve experienced and what lessons they ve learned along the way Each story represents a gem of wisdom revealing both questions of faith as well as of sustained action The authors have been encouraged to dig deeply in order to talk about the honest realities of their work After reading their stories you will be ready to pick a cause that speaks to you and begin your own work **Fitness Beyond**

Steiner,2013-09-13 Beyond Archigram is the first study of the prehistory of digital representation to focus on the magazine Archigram the magazine published in London irregularly between 1961 and 1970 and the name of the group that created it Archigram is among the most significant phenomena to emerge in post war architectural culture The wired environments first advertised on its pages formulated an architectural vocabulary of metamorphosis and obsolescence that cross pollinated industrial and digital technology at the same time as complex systems were becoming commercially available Through archival theoretical and visual analysis Hadas Steiner explores the process through which this model was envisaged and disseminated within an international network of practitioners and shows how the assimilation of Archigram imagery set the course for the visual output of what are now commonplace tools in architectural practice This book will provide a foundation for further inquiry into the integration of digital technology at every level of design Beyond Coercion Adeed Dawisha,I. William Zartman,2015-07-24 This volume first published in 1988 analyses the process of stabilisation amongst the Arab states a process that has contradicted all predictions of impending disintegration and impending collapse Although there were some cases of disintegration there are evidently mechanisms at work that helped consolidate the majority of Arab states and the Arab state system Revolutions as in Iran or the Sudan or political collapse and disintegration as in Lebanon have been highly visible but nevertheless exceptions This collection Volume Three in the Nation State and Integration in the Arab World

research project carried out by the Istituto Affari Internazionali focuses on the problem of explaining the stability and persistence of the state in the Arab world

Beyond Maximus Anne Day Dewey, 2007 Beyond Maximus shows how field poetics influenced the construction of the public voices of five Black Mountain poets Charles Olson Robert Creeley Robert Duncan Denise Levertov and Ed Dorn in order to explain their association in the 1950s and 60s as well as their break up as a result of the political and poetic crises of the Vietnam War era

Beyond Wilderness John O'Brian, Peter White, 2017-12-30 The great purpose of landscape art is to make us at home in our own country was the nationalist maxim motivating the Group of Seven's artistic project The empty landscape paintings of the Group played a significant role in the nationalization of nature in Canada particularly in the development of ideas about northernness wilderness and identity In Beyond Wilderness contributors pick up where the Group of Seven left off They demonstrate that since the 1960s a growing body of both art and critical writing has looked beyond wilderness to re-imagine landscape in a world of vastly altered political technological and environmental circumstances By emphasizing social relationships changing identity politics and issues of colonial power and dispossession contemporary artists have produced landscape art that explores what was absent in the work of their predecessors Beyond Wilderness expands the public understanding of Canadian landscape representation tracing debates about the place of landscape in Canadian art and the national imagination through the twentieth century to the present Critical writings from both contemporary and historically significant curators historians feminists media theorists and cultural critics and exactly reproduced artworks by contemporary and historical artists are brought together in productive dialogue Beyond Wilderness explains why landscape art in Canada had to be reinvented and what forms the reinvention took Contributors include Benedict Anderson Cornell Grant Arnold Vancouver Art Gallery Rebecca Belmore Jody Berland York Eleanor Bond Concordia Jonathan Bordo Trent Douglas Cole Marlene Creates Marcia Crosby Malaspina Greg Curnoe Ann Davis Nickle Arts Museum Leslie Dawn Lethbridge Shawna Dempsey Christos Dikeakos Peter Doig Rosemary Donegan OCAD Stan Douglas Paterson Ewen Robert Fones Northrop Frye Robert Fulford General Idea Rodney Graham Reesa Greenberg Gu Xiong British Columbia Cole Harris British Columbia Richard William Hill Middlesex Robert Houle Andrew Hunter Waterloo Lynda Jessup Queen's Zacharias Kunuk Igloolik Isuma Productions Johanne Lamoureux Montr'al Robert Linsley Waterloo Barry Lord Lord Cultural Resources Marshall McLuhan Mike MacDonald Liz Magor ECIAD Lorri Millan Gerta Moray Guelph Roald Nasgaard Florida State N.E. Beyond Method Scott Balcerzak, 2018-06-25 Explores the methodologies and influence of acting teacher Stella Adler on her male students Stella Adler 1901-92 trained many well-known American actors yet throughout

much of her career her influence was overshadowed by Lee Strasberg director of the Actors Studio In *Beyond Method* Stella Adler and the Male Actor Scott Balcerzak focuses on Adler s teachings and how she challenged Strasberg s psychological focus on the actor s self by promoting an empathetic and socially engaged approach to performance Employing archived studio transcripts and recordings Balcerzak examines Adler s lessons in technique characterization and script analysis as they reflect the background of the teacher illustrating her time studying with Constantin Stanislavski her Yiddish Theatre upbringing and her encyclopedic knowledge of drama Through this lens *Beyond Method* resituates the performances of some of her famous male students through an expansive understanding of the discourses of acting The book begins by providing an overview of the gender and racial classifications associated with the male Method actor and discussing white maleness in the mid twentieth century The first chapter explores the popular press s promotion of Method stars during the 1950s as an extension of Strasberg s rise in celebrity At the same time Adler s methodology was defining actor performance as a form of social engagement rather than just personal expression welcoming an analysis of onscreen masculinity as culturally fluid The chapters that follow serve as case studies of some of Adler s most famous students in notable roles Marlon Brando in *A Streetcar Named Desire* 1951 and *The Missouri Breaks* 1976 Robert De Niro in *Taxi Driver* 1976 Henry Winkler in *Happy Days* 1974 84 and Mark Ruffalo in *The Avengers Age of Ultron* 2015 Balcerzak concludes that the presence of Adler altered the trajectory of onscreen maleness through a promotion of a relatively complex view of gender identity not found in other classrooms *Beyond Method* considers Stella Adler as not only an effective teacher of acting but also an engaging and original thinker providing us a new way to consider performances of maleness on the screen Film and theater scholars as well as those interested in gender studies are sure to benefit from this thorough study
