literature and cinema from the revisionist Western film to the prose of Ralph Waldo Emerson and other writers who struggled to think of peace as something different from the peace that can be safeguarded by an unending preparedness for war. As a whole, this book attempts to gauge to what extent both film and narrative can point in the direction of that one step beyond the hero which Emerson in his early years saw as necessary to becoming true peace fighters. Though *One Step Beyond the Hero* shows how difficult it is to imagine let alone realize a world free of violence, brutality and coercion, its goal is not to undermine the Utopian desire for a non-violent future. On the contrary, by calling attention to how writers and filmmakers deal with both violence and war, this study engages in a critical scrutiny of culture based on the notion that peace should be another word for justice.

The Cinema of Clint Eastwood David Sterritt, 2014-11-25 He became a movie star playing *The Man With No Name* and today his name is known around the world. Measured by longevity, productivity and profits, Clint Eastwood is the most successful actor-director-producer in American film history. This book examines the major elements of his career, focusing primarily on his work as a director but also exploring the evolution of his acting style, his long association with screen violence, his interest in jazz and the political views, sometimes hotly controversial, reflected in his films and public statements. Especially fascinating is the pivotal question that divides critics and moviegoers to this day: is Eastwood a capable director with a photogenic face, a modest acting talent and a flair for marketing his image? Or is he a true cinematic auteur with a distinctive vision of America's history, traditions and values? From *A Fistful of Dollars* and *Dirty Harry* to *Million Dollar Baby* and beyond, *The Cinema of Clint Eastwood* takes a close-up look at one of the screen's most influential and charismatic stars.

Masculinity at the Movies Thomas Keith, 2025-06-05 *Masculinity at the Movies* takes a deep dive into masculinity in film and how Hollywood movies continue to produce and promote masculine stereotypes that place boys and men in constraining identities and dysfunctional patterns of behaviour. From classic film stars to those of the present day, this textbook unpacks the development of the main male stereotypes in film: villains, heroes and oafs, and how movies can develop healthy new male representations. Alongside Hollywood studio productions, it delves into Black, Native American, Latino and Asian representation as well as LGBTQ masculinity. Going beyond the present, it proposes what healthy masculinity at the movies looks like and where Hollywood should set its sights to create more progressive models of masculinity for the 21st century. *Masculinity at the Movies* will provide students of gender studies, media studies and cultural studies with new insights into stereotypes of men in contemporary film.

I Hated, Hated, Hated This Movie Roger Ebert, 2022-05-24 The Pulitzer Prize-winning film critic offers up more reviews of horrible films. Roger Ebert awards at least two out of four stars to most of the more than 150 movies he reviews each year. But when the noted film critic does pan a movie, the result is a humorous, scathing critique far more entertaining than the movie itself. *I Hated, Hated, Hated This Movie* is a collection of more than 200 of Ebert's most biting and entertaining reviews of films receiving a mere star or less from the only film critic to win the Pulitzer Prize. Ebert has no patience for these atrocious movies and minces no words in skewering
