They face a new obstacle in the form of mysterious villain Skybreaker who steps out of the shadows to continue the racing tournament that Ringmaster started. Teresa Shawcross, Ida Toth, 2018-10-04 Offering a comprehensive introduction to the history of books, readers, and reading in the Byzantine Empire and its sphere of influence, this volume addresses a paradox: Advanced literacy was rare among imperial citizens, being restricted by gender and class. Yet the state's economic, religious, and political institutions insisted on the fundamental importance of the written record. Starting from the materiality of codices, documents, and inscriptions, the volume's contributors draw attention to the evidence for a range of interactions with texts. They examine the role of authors, compilers, and scribes. They look at practices such as the close perusal of texts in order to produce excerpts, notes, commentaries, and editions. But they also analyse the social implications of the constant intersection of writing with both image and speech. Showcasing current methodological approaches, this collection of essays aims to place a discussion of Byzantium within the mainstream of medieval textual studies. **Family in Hiding** Valerie Hansen, 2014-05-01 As killers close in on a family, witness protection keeps them safe and brings a woman close to her estranged husband in this romantic suspense novel. When her estranged husband Dylan's inadvertent dealings with a crime ring bring danger to her doorstep, Grace McIntyre has no choice but to follow him into the witness protection program. To safeguard her children, they must all go into hiding as one big happy family. Grace doesn't know what's worse: having to pretend she's in love with the man who

betrayed her trust or keeping ahead of the killers In hiding Dylan is all that stands between their safety and certain death Now more than ever he wants to be the man Grace once loved Keeping his family alive is his only hope to be a hero and a husband

In the Presence of Power Maurice A. Pomerantz, Evelyn Birge Vitz, 2017-12-05 Insights into power spectacle and performance in the courts of Middle Eastern rulers In recent decades scholars have produced much new research on courtly life in medieval Europe but studies on imperial and royal courts across the Middle East have received much less attention particularly for courts before 1500AD In the Presence of Power however sheds new light on courtly life across the region This insightful exploratory collection of essays uncovers surprising commonalities across a broad swath of cultures The pre modern period in this volume includes roughly seven centuries opening with the first dynasty of Islam the Umayyads whose reign marked an important watershed for Late Antique culture and closing with the rule of the so called gunpowder empires of the Ottomans and Safavids over much of the Near East in the sixteenth century In between this volume locates similarities across the Western Medieval Byzantine and Islamicate courtly cultures spanning a vast history and geography to demonstrate the important cross pollinations that occurred between their literary and cultural legacies This study does not presume the presence of one shared courtly institution across time and space but rather seeks to understand the different ways in which contemporaries experienced and spoke about these places of power and performance Adopting a very broad view of performances In the Presence of Power includes exuberant expressions of love in Arabic stories shadow plays in Mamluk Cairo Byzantine storytelling religious food traditions in Christian Cyprus advice and political and ethnographic performances of power
