*Tribals and Dalits in Orissa* Biswamoy Pati, 2018-10-18 Historians have generally focused on the extraordinary forms of protest while speaking of the lives of oppressed social groups but the basic survival strategies of these groups are often overlooked in research The fact that excluded groups have managed to survive has hidden right beneath the surface a whole range of complexities while also demonstrating their ability to resist dominant social orders Biswamoy Pati's posthumous volume on the lives of the tribals and dalits outcastes in Orissa from c 1800 to 1950 shows how such communities were further impoverished by both colonial government policies and the chiefs of the despotic princely states Colonial knowledge systems constructions of the criminal tribe and agrarian settlements affected tribals and dalits crucially These marginalized groups were connected with the national movement However their inherited problems remained unresolved even after Independence Examining these and several other issues such as adivasi strategies of resistance indigenous systems of health and medicine the colonial medical gaze conversion to Hinduism the fluidities of caste formation as well as the development of colonial capitalism and urbanization the author presents a broader view of their struggle and endurance The Social History of Health and Medicine in Colonial India Biswamoy Pati, Mark Harrison, 2008-11-19 This book analyzes the diverse facets of the social history of health and medicine in colonial India It explores a unique set of themes that capture the diversities of India such as public health medical institutions mental illness and the politics and economics of colonialism Based on inter disciplinary research the contributions offer valuable insight into topics that have recently received increased scholarly attention including the use of opiates and the role of advertising in driving medical markets The contributors both established and emerging scholars in the field incorporate sources ranging from palm leaf manuscripts to archival materials This book will be of interest to scholars of history especially the history of medicine and the history of colonialism and

Drawing on the critical and theoretical concepts of sovereignty biopolitics and necropolitics this book examines how a normative liberal and secular understanding of India s religious identity is translatable by Hindu nationalists into discrimination and violence against minoritized religious communities Extending these concepts to an analysis of historical political and legal genealogies of conversion the author demonstrates how a concern for sovereignty links past and present anti conversion campaigns and laws The book illustrates how sovereignty informs the making of secularism as well as religious difference The focus on sovereignty sheds light on the manner in which religious difference becomes a point of reference for the religio secular idioms of Bombay cinema for legal judgements on communal violence for human rights organizations and those seeking justice for communal violence This wide ranging examination and discussion of the trajectories of anti conversion politics through historical legal philosophical popular cultural archival and ethnographic material offers a cogent argument for shifting the stakes and rethinking the relationship between sovereignty and religious freedom The book is a timely contribution to broader theoretical and political discussions of post secularism and human rights and is of interest to students and scholars of postcolonial studies cultural studies law and religious studies **Global Poverty**, 2022-11-21 Much ink has been spilled on poverty measurements and trends at the expense of revealing causality

Assembling multi disciplinary and international contributions this book shows that a causal understanding of poverty in rich and poor countries is essential That understanding must be based on a critical interrogation of the wider social relations which set up the mechanisms producing poverty as an outcome Processes that widen strengthen crisis ridden market relations that increase income wealth inequality and that enhance the policy biases of nation states and international institutions toward the affluent propertied strata cause global poverty and undermine poor people s political power The processes concentrating wealth creation are poverty causing processes Through theoretical and empirical analyses this volume offers important insights and political prescriptions to address global poverty Contributors are Raju J Das Deepak K Mishra Steven Pressman Michael Roberts Jamie Gough Aram Eisenschitz Anjan Chakravarty Mizhar Mikati Marcelo Milan Tarique Niazi John Marangos Eirini Triarchi Themis Anthrakidis Macayla Kisten and Brij Maharaj David Michael M San Juan and Thaddeus Hwong

history of the colonial capitalist plantations in Assam The intention of the research is not to suggest an unfettered agency of colonial capitalism in defining and producing coolies with an emphasis on the attendant contingencies negotiations contestations and crises The study intervenes in the narratives of an abrupt appearance of the archetypical coolie of the tea gardens i e imported and indentured and situates this archetype s emergence sustenance and shifts in the context of material and discursive processes
