Translating Southwestern Landscapes Audrey Goodman,2016-02 Examines how the Southwest emerged as a symbolic cultural space for Anglos from 1880 through the early decades of the twentieth century particularly in the works of amateur ethnographer Charles Lummis pulp novelist Zane Grey translator of Indian songs Mary Austin and modernist author Willa Cather *Money for Nothing* Sir Pelham Grenville Wodehouse,1952-01-01 The picturesque village of Rudge in the Vale dozed in the summer sunshine Along its narrow High Street the only signs of life visible were a cat stropping its backbone against the Jubilee Watering Trough some flies doing deep breathing exercises on the hot window sills and a little group of serious thinkers who propped up against the wall of the Carmody Arms were waiting for that establishment to open At no time is there ever much doing in Rudge s main thoroughfare but the hour at which a stranger entering it is least likely to suffer the illusion that he has strayed into Broadway Piccadilly or the Rue de Rivoli is at two o clock on a warm afternoon in July You will find Rudge in the Vale if you search carefully in that pleasant section of rural England where the gray stone of Gloucestershire gives place to Worcestershire s old red brick Quiet in fact almost unconscious it nestles beside the tiny river Skirme and lets the world go by somnolently content with its Norman church its eleven public houses its Pop to quote the Automobile Guide of 3 541 and its only effort in the direction of modern progress the emporium of Chas Bywater Chemist Chas Bywater is a live wire He takes no afternoon siesta but works while others sleep Rudge as a whole is inclined after luncheon to go into the back room put a handkerchief over its face and take things easy for a bit But not Chas Bywater At the moment at which this story begins he was all bustle and activity and had just finished selling to Colonel Meredith Wyvern a bottle of Brophy s Paramount Elixir said to be good for gnat bites Having concluded his purchase Colonel Wyvern would have preferred to leave but Mr Bywater was a man who liked to sweeten trade with pleasant conversation Moreover this was the first time the Colonel had been inside his shop since that sensational affair up at the Hall two weeks ago and Chas Bywater who held the unofficial position of chief gossip monger to the village was aching to get to the bottom of that With the bare

outline of the story he was of course familiar Rudge Hall seat of the Carmody family for so many generations contained in its fine old park a number of trees which had been planted somewhere about the reign of Queen Elizabeth This meant that every now and then one of them would be found to have become a wobbly menace to the passer by so that experts had to be sent for to reduce it with a charge of dynamite to a harmless stump Well two weeks ago it seems they had blown up one of the Hall s Elizabethan oaks and as near as a toucher Rudge learned had blown up Colonel Wyvern and Mr Carmody with it The two friends had come walking by just as the expert set fire to the tree and had had a very narrow escape Thus far the story was common property in the village and had been discussed nightly in the eleven tap rooms of its eleven public houses But Chas Bywater with his trained nose for news and that sixth sense which had so often enabled him to ferret out the story behind the story when things happen in the upper world of the nobility and gentry could not help feeling that there was more in it than this He decided to give his customer the opportunity of confiding in him *Continental Crossroads* Samuel Truett, Elliott Young, 2004 Focuses on the modern Mexican American borderlands where a boundary line seems to separate two dissimilar cultures and economies *Economic Geology and the Bulletin of the Society of Economic Geologists*, 1926

Imagined Frontiers Carl Abbott, 2015-09-10 We live near the edge whether in a settlement at the core of the Rockies a gated community tucked into the wilds of the Santa Monica Mountains a silicon culture emerging in the suburbs or in the future homesteading on a terraformed Mars In *Imagined Frontiers* urban historian and popular culture scholar Carl Abbott looks at the work of American artists who have used novels film television maps and occasionally even performance art to explore these frontiers the metropolitan frontier of suburban development the classic continental frontier of American settlement and the yet unrealized frontiers beyond Earth Focusing on writers and artists working during the past half century an era of global economic and social reach Abbott describes the dialogue between historians and social scientists seeking to understand these frontier places and the artists reimagining them in written and visual fictions This book offers perspectives on such well known authors as T C Boyle and John Updike and on such familiar movies and television shows as *Falling Down* and *The Sopranos* By putting *The Rockford Files* and the cult favorite *Firefly* in conversation with popular fiction writers Robert Heinlein and Stephen King and literary novelists Peter Matthiessen and Leslie Marmon Silko Abbott interweaves the disparate subjects of western history urban planning and science fiction in a single volume Abbott combines all new essays with others previously published but substantially revised to integrate western and urban history literary analysis and American studies scholarship in a uniquely compelling analysis of the frontier in popular culture **La Raza** California State University, Northridge. Libraries, 1976 **The Pot Thief Who Studied Calvin** J. Michael Orenduff, 2025-01-14 An Albuquerque ceramics dealer soon turns amateur sleuth after he gets a 3D printed pot to die for Hubie Schuze usually digs through the dirt often illegally to find the ancient ceramics he sells in his shop *Spirits in Clay* But thanks to his nephew Tristan a computer science student at the University of New Mexico Hubie receives a unique 3D

printed pot And after a photo of it runs in the local paper it becomes a popular item Unfortunately the pot is sought after by all the wrong people and strange characters start darkening the doorway of Hubie s shop They re willing to do anything to get their hands on the pot and after Det Whit Fletcher summons Hubie to the morgue he discovers that includes murder Now to get to the bottom of things Hubie must uncover what s so hot about this pot before the cold as ice killer strikes again Diverting Orenduff offers good fun along with all the erudite lore Publishers Weekly The book is such a fun read Albuquerque Journal Indeh Eve Ball,Nora Henn,Lynda A. Snchez,2013-06-14 A fascinating account of Apache history and ethnography All the narratives have been carefully chosen to illustrate important facets of the Apache experience Moreover they make very interesting reading This is a major contribution to both Apache history and to the history of the Southwest The book should appeal to a very wide audience It also should be well received by the Native American community Indeh is oral history at its best R David Edmunds Utah Historical Quarterly *Reading the West* Michael Kowalewski,1996-02-23 The American West of myth and legend has always exerted a strong hold on the popular imagination and the essays in Reading the West examine some of the basis of that fascination Reading the West first published in 1996 is a collection of critical essays by writers independent scholars and critics on the literature of the American West in the last two centuries It showcases new ways of reading and understanding western writing Arguing for the importance of place in literature these essays explore what makes representative literary works western They also explore the multicultural and ecological dimensions of western writing This volume helps enrich our understanding of a distinguished body of literary work which has sometimes been unjustly ignored It deals not only with literature but with the changing conception of the West in the American imagination

The Cambridge Companion to the Literature of the American West Steven Frye,2016-04-26 This Companion provides a comprehensive introduction to one of the most vibrant and expansive traditions in world literature The American West occupies a unique place in the global imagination and the literature it produced transcends the category of region in theme and form Written by prominent international scholars the essays cover a diverse group of key texts and authors including major figures in the Native American Hispanic Asian American and African American movements Treatments range from environmental and ecopoetic to transnational and transcultural reflecting the richness of the field This volume places the literature in deep historical context and features a chronology and a bibliography for further reading It will be an essential guide for students of literature of the American West and of American literature generally Fire in the Mind George Johnson,2010-10-06 Are there really laws governing the universe Or is the order we see a mere artifact of the way evolution wired the brain And is what we call science only a set of myths in which quarks DNA and information fill the role once occupied by gods These questions lie at the heart of George Johnson s audacious exploration of the border between science and religion cosmic accident and timeless law Northern New Mexico is home both to the most provocative new enterprises in quantum physics information science and the evolution of complexity and to the cosmologies of the Tewa Indians and the

Catholic Penitentes As it draws the reader into this landscape juxtaposing the systems of belief that have taken root there
 Fire in the Mind into a gripping intellectual adventure story that compels us to ask where science ends and religion begins A
 must for all those seriously interested in the key ideas at the frontier of scientific discourse Paul Davies *Desert Passages*
 Patricia Nelson Limerick, 1985 Traces the development of American attitudes toward the desert using case studies from many
 writers over the years **Devil's Bargains** Hal Rothman, 1998 The West is popularly perceived as America's last outpost of
 unfettered opportunity but twentieth century corporate tourism has transformed it into America's land of opportunism From
 Sun Valley to Santa Fe towns throughout the West have been turned over to outsiders and not just to those who visit and
 move on but to those who stay and control Although tourism has been a blessing for many bringing economic and cultural
 prosperity to communities without obvious means of support or allowing towns on the brink of extinction to renew
 themselves the costs on more intangible levels may be said to outweigh the benefits and be a devil's bargain in the making
 Hal Rothman examines the effect of twentieth century tourism on the West and exposes that industry's darker side He tells
 how tourism evolved from Grand Canyon rail trips to Sun Valley ski weekends and Disneyland vacations and how the post
 World War II boom in air travel and luxury hotels capitalized on a surge in discretionary income for many Americans
 combined with newfound leisure time From major destinations like Las Vegas to revitalized towns like Aspen and Moab
 Rothman reveals how the introduction of tourism into a community may seem innocuous but residents gradually realize as
 they seek to preserve the authenticity of their communities that decision making power has subtly shifted from the
 community itself to the newly arrived corporate financiers And because tourism often results in a redistribution of wealth and
 power to outsiders observes Rothman it represents a new form of colonialism for the region By depicting the nature of
 tourism in the American West through true stories of places and individuals that have felt its grasp Rothman doesn't just
 document the effects of tourism but provides us with an enlightened explanation of the shape these changes take Deftly
 balancing historical perspective with an eye for what's happening in the region right now his book sets new standards for the
 study of tourism and is one that no citizen of the West whose life is touched by that industry can afford to ignore *Land of*
Nuclear Enchantment Lucie Genay, 2019-04-01 In this thoughtful social history of New Mexico's nuclear industry Lucie
 Genay traces the scientific colonization of the state in the twentieth century from the points of view of the local people Genay
 focuses on personal experiences in order to give a sense of the upheaval that accompanied the rise of the nuclear era She
 gives voice to the Hispanics and Native Americans of the Jemez Plateau the blue collar workers of Los Alamos the miners and
 residents of the Grants Uranium Belt and the ranchers and farmers who were affected by the federal appropriation of land in
 White Sands Missile Range and whose lives were upended by the Trinity test and the US government's reluctance to address
 the collateral damage of the work at the Range Genay reveals the far reaching implications for the residents as New Mexico
 acquired a new identity from its embrace of nuclear science **Georgia O'Keeffe, A Private Friendship, Part II** Nancy

Hopkins Reily, 2014-12-01 The time is 1946 From Georgia O Keeffe s old hacienda sitting on a bluff in Abiquiu New Mexico she could see my aunt and uncle Helen and Winfield Morten s property across the Chama River Georgia had begun the restoration of her property The Mortens in the final stages of purchasing land along the Chama River had recently completed their restoration of another old hacienda they called Rancho de Abiquiu As one of few Anglos in the Chama River valley Georgia ventured over to Rancho de Abiquiu to introduce herself and a private friendship resulted with the Mortens and their family In this close family circle Georgia revealed herself and proved that beneath her bare face there was more to her than just an artist of legendary proportions Nancy Hopkins Reily spent many of her childhood days walking the Abiquiu and Ghost Ranch land She explored the canyons the White Place Echo Amphitheater the mountains and the Chama River by walking the trails worn by earlier moccasined feet In a seamless clear and straightforward narrative of excerpts from their lives Reily presents Georgia in a time window of her age The book features Reily s youthful experiences letters from Georgia glimpses of the family s memorabilia and photographic snapshots all gracefully woven into the forces of the contemporaneous scene that shaped their friendship In addition there are insights into the land s beauty times culture history and the people who surrounded Georgia as well as many minute details that should be remembered and which are often overlooked by others when they speak of Georgia O Keeffe
