Today we are confronted with more choices about how to live our lives and develop careers than ever before Repeatedly we are thrown into situations where we have to reinvent our professional personnel and relationship lines redefining who we are and where we want to go Change is an inevitable part of life Everyone needs to question himself or herself on life s journey opening the mind to new challenges regarding how to be great how to communicate and network Change is all about acquiring knowledge and wisdom planning head being able to influence inspire deal with change negotiate disagree be a good citizen and have some common sense reduce stress use humor and have the intuition to facilitate success for a better future I encourage you to be completely open and transparent as you look inside yourself and answer the very challenging and difficult questions posed as you reflect on what you should be in the future International Journal of Comic Art , 2009

Adams a former Pacific Bell employee Dilbert evokes many laughs tears and How did he know about our company comments from workers while at the same time appealing to supervisors who are certain they don t personally commit these managerial faux pas I m Not Anti Business I m Anti Idiot is guaranteed to deliver much much more of what fans love most about Dilbert
