Local Volunteering, Adult Learning and Social Change in the Philippines Chris Millora, 2025-07-10 Based on long term ethnographic fieldwork this book explores the learning and literacy dimensions of local volunteering for social change in the Philippines It tells the story of youth and adult volunteers who experience vulnerabilities yet play central roles in local development efforts in housing and sexual health Why do people who themselves experience vulnerability volunteer to help others And what are their learning experiences in the process In its unique application of a literacy lens to the study of volunteering the book unravels how marginalised groups often seen as thankful receivers re use texts words and labels to re define their roles in shaping social change and for whose benefit Chris Millora provides an in depth look into the volunteers everyday activities such as delivering community health classes filling out donor forms and applying for

government approvals In doing so this book reveals how volunteers voices and agency were constrained to fit a certain bureaucratic way of working It offers powerful case studies on how global development agendas such as value for money upskilling and professionalisation through bureaucratic literacies impact the experiences of volunteers at the grassroots level Arguing that literacy and volunteering could enhance inequalities within groups this book calls for a renewed focus on the role that power and identities play both in adult youth literacy and volunteering research **The Church of Ireland in Co Limerick Edited Research Correspondence January 2012 to December 2013** J A Murphy, **Psychic Research** ,1929

Social Inclusion of People with Disabilities Revisited Arie Rimmerman, Richard Crossman Professor of Social Welfare and Social Planning Arie Rimmerman, 2024-11-19 COVID 19 has disrupted the lives of people with disabilities during the pandemic This in addition to the ratification of the United Nations Convention on the Rights of Persons with Disabilities CRPD in most of the countries created a need for this book Policies that mandate stay at home and lockdown orders had an unprecedented global impact on the social inclusion and well being of people around the world particularly people with disabilities The book discusses this and examines whether developed and low middle income countries have been offered social and digital inclusive policies to this important population The Research Station Katherine Franks, 2023-02-25 What s Beneath the Red Dust Can Kill Deep beneath the Australian Outback a forgotten bacteria lies dormant forgotten by humanity and the ones who swore to remember it Hidden for centuries it s about to resurface and the world isn t ready Poppy Geordanis thought her new job as head chef at a remote research station would be a dream come true a chance to escape family pressure explore her culinary passion and live off the grid But twenty floors underground her dream turns into a nightmare When an armed mercenary force invades the station Poppy is thrown into a deadly game of survival With the help of her best friend Amber scientist Gary and head of security Jonah she must protect her friends and colleagues while unraveling the secrets of the station s research But danger lurks in every corner not just from the invaders but from within As alliances shift and hidden motives come to light Poppy suspects that the charming chemist Nick isn t who he claims to be and Jonah might be hiding secrets of his own With lives on the line Poppy must make impossible choices Can she outwit the mercenaries and uncover the truth about the bacteria before it s too late For fans of action thrillers with a touch of suspense and romance The Research Station will keep you on the edge of your seat Get your copy today and discover the secrets beneath the red dust **English as a Foreign Language in a New-Found Post-Pandemic World** El-Henawy, Walaa M., del Mar Suárez, Maria, 2022-06-24 The COVID 19 pandemic has catalyzed a new era in English as a Foreign Language EFL learning and teaching by shifting EFL education from the face to face learning paradigm to the online and distance learning paradigm Teachers and students have faced several challenges such as choosing appropriate web tools for presenting content either synchronously or asynchronously motivating students to participate and assessing students learning Additionally this shift to emergency remote online learning represents a challenge for students particularly with

managing their own learning Taking into account that many students attend low income schools with limited resources that lack reliable access to the internet and computers this shift has resulted in growing equity gaps Likewise transitioning to emergency remote teaching has revealed a lack of digital competency and readiness amongst teachers English as a Foreign Language in a New Found Post Pandemic World presents an overview of various tools designs and strategies utilized to provide digital teaching and assessment of the English language shares research on using digital technologies for supporting English language learning and identifies promising areas and directions for future innovations applications and research in digital English language learning and teaching Covering critical topics such as digital teacher education language learning environments and online instructional tools this reference work is crucial for administrators policymakers teacher educators special educators educational technologists researchers scholars academicians practitioners instructors and students

Mapping Cyberspace Martin Dodge, Rob Kitchin, 2003-09-02 Mapping Cyberspace is a ground breaking geographic exploration and critical reading of cyberspace and information and communication technologies The book provides an understanding of what cyberspace looks like and the social interactions that occur there explores the impacts of cyberspace and information and communication technologies on cultural political and economic relations charts the spatial forms of virtual spaces details empirical research and examines a wide variety of maps and spatialisations of cyberspace and the information society has a related website at <http://www.MappingCyberspace.com> This book will be a valuable addition to the growing body of literature on cyberspace and what it means for the future *Translating the Literatures of Small European Nations* Rajendra A. Chitnis, Jakob Stougaard-Nielsen, Rhian Atkin, Zoran Milutinović, 2020 The most detailed and wide ranging comparative study to date of how European literatures written in less well known languages try through translation to reach the wider world rejecting the predominant narrative of tragic marginalization with case studies of endeavour and innovation from nineteenth century Swedish women's writing to twenty first century Polish fantasy **Girls on Fire** Sarah Hentges, 2018-04-04 Under the threat of climate change corruption inequality and injustice Americans may feel they are living in a dystopian novel come to life Like many American narratives dystopian stories often focus on males as the agents of social change With a focus on the intersections of race gender class sexuality and power the author analyzes the themes issues and characters in young adult YA dystopian fiction featuring female protagonists the Girls on Fire who inspire progressive transformation for the future How Traditions Live and Die Olivier Morin, 2016 Of all the things we do and say most will never be repeated or reproduced Once in a while however an idea or a practice generates a chain of transmission that covers more distance through space and time than any individual person ever could What makes such transmission chains possible For two centuries the dominant view from psychology to anthropology was that humans owe their cultural prosperity to their powers of imitation In this view modern cultures exist because the people who carry them are gifted at remembering storing and reproducing information How Traditions Live and Die proposes an alternative to this standard view

What makes traditions live is not a general purpose imitation capacity Cultural transmission is partial selective often unfaithful Some traditions live on in spite of this because they tap into widespread and basic cognitive preferences These attractive traditions spread not by being better retained or more accurately transferred but because they are transmitted over and over This theory is used to shed light on various puzzles of cultural change from the distribution of bird songs to the staying power of children s rhymes and to explain the special relation that links the human species to its cultures Morin combines recent work in cognitive anthropology with new advances in quantitative cultural history to map and predict the diffusion of traditions This book is both an introduction and an accessible alternative to contemporary theories of cultural evolution
