150 YEARS OF GUARDIAN
CRITICAL AND EDITED BY

David Ayerst

The Guardian Omnibus 1821 1971 An Anthology Of 150 Years Of Guardian Writing

Didier Musso

The Guardian Omnibus 1821 1971 An Anthology Of 150 Years Of Guardian Writing:

The Guardian Omnibus, 1821-1971 David Ayerst,1973 **The Guardian Omnibus, 1821-1971. An Anthology of 150 Years of Guardian Writing** David Ayerst,1973 *Isaiah Berlin: Volume 1* Isaiah Berlin,2004-06-04 The first volume of Isaiah Berlin s letters **The British Press and Nazi Germany** Kylie Galbraith,2020-12-10 What was known and understood about the nature of the Nazi dictatorship in Britain prior to war in 1939 How was Nazism viewed by those outside of Germany The British Press and Nazi Germany considers these questions through the lens of the British press Until now studies that centre on British press attitudes to Nazi Germany have concentrated on issues of foreign policy The focus of this book is quite different In using material that has largely been neglected Kylie Galbraith examines what the British press reported about life inside the Nazi dictatorship In doing so the book imparts important insights into what was known and understood about the Nazi revolution And because the overwhelming proportion of the British public s only means of news was the press this volume shows what people in Britain could have known about the Nazi dictatorship It reveals what the British people were being told about the regime specifically the destruction of Weimar democracy the ruthless persecution of minorities the suppression of the churches and the violent factional infighting within Nazism itself This pathbreaking examination of the British press coverage of Nazism in the 1930s greatly enhances our knowledge of the fascist regime with which the British Government was attempting to reach agreement at the time *Corpus Linguistics and Linguistic Theory* ,2021-10-25 From being the occupation of a marginal and frequently marginalised group of researchers the linguistic analysis of machine readable language corpora has moved to the mainstream of research on the English language In this process an impressive body of results has accumulated which over and above the intrinsic descriptive interest it holds for students of the English language forces a major and systematic re thinking of foundational issues in linguistic theory Corpus linguistics and linguistic theory was accordingly chosen as the motto for the twentieth annual gathering of ICAME the International Computer Archive of Modern Medieval English which was hosted by the University of Freiburg Germany in 1999 The present volume which presents selected papers from this conference thus builds on previous successful work in the computer aided description of English and at the same time represents an attempt at stock taking and methodological reflection in a linguistic subdiscipline that has clearly come of age Contributions cover all levels of linguistic description from phonology prosody through grammar and semantics to discourse analytical issues such as genre or gender specific linguistic usage They are united by a desire to further the dialogue between the corpus linguistic community and researchers working in other traditions Thereby the atmosphere ranges from undisguised skepticism as expressed by Noam Chomsky in an interview which is part of the opening contribution by Bas Aarts to empirically substantiated optimism as for example in Bernadette Vine s significantly titled contribution Getting things done Poverty and Protest as Public Discourse during the Cotton Crisis Rachel Broady,2024-12-16 This book constitutes the first book length study of journalistic responses to poverty

and protest during the Lancashire cotton crisis The cotton crisis of 1861-1865 is a popular subject in history culture and education Workers voices are comprehensively studied in terms of newspapers publishing fiction and poetry and the broader political response to the crisis the American Civil War and British workers support of Lincoln's Emancipation Proclamation They are though overlooked in terms of journalistic representation of workers Ironically discussions of the cotton crisis including where efforts are made to assess the workers experience have consistently relied upon journalism as primary sources and the first witness of history without assessing the news copy's political unconscious This lack of attention is especially apparent when considering workers challenging poverty through dedicated protest Amid the celebrated workers opposition to slavery and their sublime heroism as noted by American President Abraham Lincoln there were less studied local struggles for financial help for education and for the vote

Flourishing Isaiah Berlin, 2012-06-30 Berlin's letters are marvellously accessible and as entertaining During the two decades covered here his personality and career grow and bloom In America during the war he writes a regular telegram to his anxious parents often saying just Flourishing the word fits not only his wartime experience but the whole of his early life vividly displayed in this book in all its multi-faceted delightfulness
