 and Film** Katja Krebs,2013-08-15 This book provides a pioneering and provocative exploration of the rich synergies between
 adaptation studies and translation studies and is the first genuine attempt to discuss the rather loose usage of the concepts
 of translation and adaptation in terms of theatre and film At the heart of this collection is the proposition that translation
 studies and adaptation studies have much to offer each other in practical and theoretical terms and can no longer exist
 independently from one another As a result it generates productive ideas within the contact zone between these two fields of
 study both through new theoretical paradigms and detailed case studies Such closely intertwined areas as translation and
 adaptation need to encounter each other s methodologies and perspectives in order to develop ever more rigorous
 approaches to the study of adaptation and translation phenomena challenging current assumptions and prejudices in terms of
 both The book includes contributions as diverse yet interrelated as Bakhtin s notion of translation and adaptation Bollywood
 adaptations of Shakespeare s Othello and an analysis of performance practice itself arguably an adaptive practice which uses
 a variety of languages from English and Greek to British and International Sign Language As translation and adaptation
 practices are an integral part of global cultural and political activities and agendas it is ever more important to study such
 occurrences of rewriting and reshaping By exploring and investigating interdisciplinary and cross cultural perspectives and
 approaches this volume investigates the impact such occurrences of rewriting have on the constructions and experiences of
 cultures while at the same time developing a rigorous methodological framework which will form the basis of future
 scholarship on performance and film translation and adaptation **Drama** ,1983 *Teleliteracy* David Bianculli,2000-07-01
 The phenomena of television is examined from the historical context and television as an art form to television in various
