The Hairpin And Other Stories:

Constancia and Other Stories for Virgins Carlos Fuentes, 2025-06-25 Renowned as a novelist of unsurpassed invention Carlos Fuentes here presents his second collection of stories to appear in English Where his first *Burnt Water* published in 1980 had as its underlying theme Mexico City itself *Constancia and Other Stories for Virgins* extends its imaginative boundaries out to Savannah to Cadiz to Glasgow to Seville and Madrid both past and present This new collection is more mysterious more magical too than its predecessor and in its five related stories Fuentes comes closer to the registers of language and feeling that he explored so memorably in *Aura* It reveals Fuentes at the height of his powers bold erudite enthralling In the title story a man discovers his wife's secret complicity with the Russian actor who is their neighbor a complicity that includes not just a previous life but possibly a previous death as well He finds himself a mediator a point between one sorrow and the next between one hope and the next between two languages two memories two ages and two deaths In *La Desdichada* two students steal and fall in love with a store window mannequin In *The Prisoner of Las Lomas* a wealthy lawyer in possession of a powerful secret is held hostage by the past he has attempted to subvert and keep at bay The celebrated bullfighter whose fame is the theme of *Viva Mi Fama* steps from the present into a past immortalized by Goya's portrait of the matador Pedro Romero and the architects who are the Reasonable People of that story find themselves drawn into the irrational mysteries not only of religious fervor but of their famous mentor's identity they discover there are no empty houses only a present fraught with the past Though each of these novella length stories offers compelling evidence of Fuentes's talent for narrative free rein as well as for containment and closure they are also brilliantly interwoven Readers of his earlier work especially of his acclaimed ribald epic *Christopher Unborn* will recognize with pleasure Fuentes's undiminished mastery of recurrent images and themes and all readers will delight in the witty and evocative changes he rings on them For those few readers who do not yet know the work of Mexico's foremost man of letters these stories offer them the full gift of his imaginative resourcefulness

the chorus of jingoism that swept Japan and via a metafictional tale within a tale he warns against the suicidal destruction to which complicity in warmongering will lead The allegorical Moon Gems written in the spring of 1945 further explores the tenuous position of the writer moving against the current in a country not only still at war but very near defeat In The Legend of Gold and The Jesus of the Ruins both from 1946 Japan has been reduced to a charred wasteland yet Ishikawa envisions destruction as fertile ground for rebirth and resurrection Finally the semi surrealist novella The Raptor plumbs the meanings and possibilities of peace in the post Occupation era William Tyler s eminently readable translations are faithfully expressive of stylistic and tonal nuances in the original works In a perceptive introduction and the critical essays that follow Tyler emphasizes Ishikawa s importance as an anti establishment even resistance writer and argues that the writer s political iconoclasm goes hand in hand with the modanizumu of his literary experimentation The Legend of Gold will be of tremendous importance in enlarging a Western understanding of the development of the writer s role as social critic and the evolution of the modernist movement in postwar Japan
