**Ebony Legends in Sports** P. Paul Provost,2009-07 The enthusiasm that I have for sports has led me to bring forth a work encompassing many sports in which African Americans were not always privy to participate In the effort to overcome this inequality many challenges and struggles were experienced because of the deprivation and have been addressed within these pages Much has been achieved as a result of the endurance of these many African American legendary athletes It is very disturbing to know what we as African Americans went through to arrive at where we are and now appear to be losing ground Staying abreast of the various sports has alerted me to the declination in numbers and deterioration of African Americans in the sports arena This declination is a documented fact and must be expressed in bold terms My primary purpose in writing this book Ebony Legends in Sports is that it will certainly be a wake up call for action in the total African American community My hope is that it will inspire the youth of this and future generations to return to the glory of the games that they will become members of athletic programs in mass in their schools follow through with their endeavors and persevere as our legends did

**Duelling Through the Ages** Stephen Wynn,2021-07-21 Putting aside Roman gladiators and gun slingers of the American Wild West by the 19th century duelling had become the sole domain of nobility military officers and gentleman with rules added to make sure everything was conducted in a fair and professional manner The word honour became popular because it was the reason why most men would challenge another to a duel This book challenges that notion and asks whether it was really about honour at all or was it more about arrogance or social standing Over time kings leaders and governments passed rules decrees edicts and laws banning the practice but still it continued even when the duellists knew that the punishment for taking part in such an event could be their own death The last known duel with swords in France took place at a private residence just outside of Paris in 1967 between two politicians Gaston Defferre and Rene Ribiere It was ended after Ribiere who was due to be married the

following day was twice cut on the arm by Gaston The book also looks at some of the more humorous unusual and least expected ways people found to conduct their duels including throwing billiard balls at each other duelling whilst sat on the backs of elephants and two men who decided their differences should be settled half a mile up in the sky in hot air balloons With more efforts to bring about an end to duelling the upper classes of British society in particular still held on to the idea of being able to defend their honour which saw many of them turn to pugilism as a way to sate their disputes however ridiculous they might appear today
