**The Dangers of Proximal Alphabets** Kathleen Alcott, 2012-09-11 An extraordinary debut novel that challenges the definition of family and explores the intricate ties that bind us together Ida grew up with Jackson and James where there was I there was a J She can't recall a time when she didn't have them around whether in their early days camping out in the boys room decorated with circus scenes or later drinking on rooftops as teenagers While the world outside saw them as neighbors and friends to each other the three formed a family unit two brothers and a sister not drawn from blood but drawn from a deep need to fill a void in their single parent households Theirs was a relationship of communication without speaking of understanding without judgment of intimacy without rules and limits But as the three of them mature and emotions become more complex Ida and Jackson find themselves more than just siblings When Jackson's somnambulism produces violent outbursts and James is hospitalized Ida is paralyzed by the events that threaten to shatter her family and put it beyond her reach Kathleen Alcott's striking debut *The Dangers of Proximal Alphabets* is an emotional deeply layered love story that explores the dynamics of family when it defies bloodlines and societal conventions *The Alphabets* Cecelia In Lee, 2010-07

*The Alphabets* tells the story about an extraordinary friendship that between a group of hopelessly lost and beautiful people In this disillusioned city their lives are only defined by tainted glamour and yesterday's rumors those perfect smiles that they fight to keep But if there is one thing certain in their tumultuous lives behind all the scandals and broken hearts they still have each other This will never change This will be forever **Literature**, 1901 **The Alphabet Versus the Goddess**

Leonard Shlain, 1999-09-01 This groundbreaking book proposes that the rise of alphabetic literacy reconfigured the human brain and brought about profound changes in history religion and gender relations Making remarkable connections across brain function myth and anthropology Dr Shlain shows why pre-literate cultures were principally informed by holistic right brain modes that venerated the Goddess images and feminine values Writing drove cultures toward linear left brain thinking and this shift upset the balance between men and women initiating the decline of the feminine and ushering in patriarchal rule Examining the cultures of the Israelites Greeks Christians and Muslims Shlain reinterprets ancient myths and parables in light of his theory Provocative and inspiring this book is a paradigm shattering work that will transform your view of history and the mind *Scenes from an Atheist's Life* by Alfred L. Elwyn, M. D. Alfred L[angdon] Elwyn, 1871 **The King**

**of Time** Велимир Хлебников, 1985 Velimir Khlebnikov is one of the great Russian poets of the 20th century Hailed by contemporaries and by later scholars as the creative genius behind the Russian Futurist movement Khlebnikov is famous for his inaccessibility Now in a powerful American rendition we are given access to his strange and beautiful world *Comedy in Literature and Popular Culture* James V. Morrison, 2024-12-23 Comedy in Literature and Popular Culture From

Aristophanes to Saturday Night Live explores works of comedy from the past 2 500 years James V Morrison discusses works including those of Aristophanes and Plautus Shakespeare and Moliere and modern comic writers performers and cartoonists such as Thomas Nast P G Wodehouse Charlie Chaplin and Jerry Seinfeld asking the following questions Is comedy a mirror of our lives Is it funny cuz it s true Or is it funny because it ignores reality Should we distinguish between the plot of a comic play and the jokes found in it Are the jokes just there to make us laugh or are the jokes as essential as the plot Do memories of satirical portrayals on the comic stage displace recollections of the historical person By juxtaposing works from different cultures and time periods the book demonstrates a universal recourse to certain familiar techniques situations and characters This vibrant study offers a compelling analysis of comedy as a mode form and genre It is an engaging read for students and scholars of comparative literature literary history media studies and theater and performance
