Anti-Judaism and the Gospel of John Mirosław Stanisław Wróbel, 2023-12-04 In the light of the research undertaken in this book the author concludes that the so called anti Jewish texts in Johannine Gospel are not directed against the Jews being an ethnic or religious community The object of the polemic and attacks is not the entire Jewish nation across the span of all the ages but a group of the Jewish leaders or opponents to Jesus in the First Century AD Looking through the prism of the aposynagoga polemic one can notice that the state of tension between the Johannine community and the rabbinic Judaism is inter Jewish not anti Jewish in character The source of the polemical language of the Fourth Gospel is the Christological discussion in the historical and sociological context the Messianic confession the excommunication from the Synagogue the presence of Samaritans in the Johannine community the struggle for the preservation of the identity

The Cross that Spoke John Dominic Crossan,2008-03-01 In this revolutionary work John Dominic Crossan reveals that the Passion and Resurrection Narratives in the four canonical Gospels are radical revisions of an earlier Gospel account He argues boldly that the apocryphal Gospel of Peter discovered in the grave of a Christian monk in Egypt circa 1886 contains the earliest version of the death burial and resurrection of Jesus He describes how the authors of the four Gospels revised the early account of how their revision predominated as Roman authority grew Lacking in the revision he suggests is the very heart of the earlier Passion its depiction of Jesus death as the consummation of Israel s pain and the resurrection as the vindication of Israel s faith

The Cambridge Ancient History ... John Bagnell Bury, Frank Ezra Adcock, Martin Percival Charlesworth, Norman Hepburn Baynes,1928 **Ezra, Nehemiah, and the Construction of Early Jewish Identity** Bob Becking,2011 The post exilic of Persian period showed a transition in the religion in ancient Israel from Yahwism s to Judaism s The events of exile and return made it impossible to completely fall back on the traditional religious identity The essays in this volume try to reconstruct the path taken in that transition The characters of Ezra and Nehemiah are generally seen as playing a formative role in this process By reading texts from the biblical books supposedly written by Ezra and Nehemiah in a religio historical context new light falls on the process of change

Patmore, 2012-02-17 The oracle against the King of Tyre found in Ezekiel 28 12 19 is a difficult text that inspired diverse interpretations in Late Antiquity For example according to one rabbinic tradition the text spoke of the first man Adam while the Church Fathers found in the same text a description of the fall of Satan This book studies the rabbinic sources patristic literature the Targum and the ancient translations and seeks to understand the reasons for the diverse interpretation the interaction between the exegetical traditions and the communities of interpreters in particular between Jews and Christians and the effect the specific form and wording of the text had on the formation and development of each interpretation
