*The Hero as Prophet. Mahomet* Thomas Carlyle, 1882      *Positive Psychology Across the Lifespan* Piers Worth, 2022-02-22

Positive Psychology Across the Life Span provides an insight into how we are affected by the different stages of adult development and gives us the opportunity to change through choice rather than leaving change to chance The science of positive psychology offers a wealth of research and evidence based interventions and shares insights into which habits and behaviours contribute to how to live a flourishing life This book aims to extend that knowledge by introducing and incorporating key aspects of existential and humanistic psychology and explores positive psychology with a lifespan perspective It goes beyond theory to look at practical application with insightful reflective questions Whilst acknowledging the differences and disagreements between some of the key figures in the subject areas of the book it seeks to highlight the areas where there is agreement and congruence which have been previously overlooked or ignored The book will be essential reading for students and practitioners of positive psychology as well as other mental health professionals      **The Hero and Hero-Making Across Genres** Amar Singh, Shipra Tholia, Pravin K Patel, 2021-09-30 This book critically examines how a Hero is made sustained and even deformed in contemporary cultures It brings together diverse ideas from philosophy mythology religion literature cinema and social media to explore how heroes are constructed across genres mediums and traditions The essays in this volume present fresh perspectives for readers to conceptualize the myriad possibilities the term Hero brings with itself They examine the making and unmaking of the heroes across literary visual and social cultures in religious spaces and in classical texts in folk tales and fairy tales in literature as seen in Heinrich Böll's *Und Sagte Kein Einziges Wort* Thomas Bruns's *Heroes like Us* and in movies like Christopher Nolan's *Interstellar* Michel Gondry's *Eternal Sunshine of the Spotless Mind* and in the short film like Dean Potter's *When Dogs Fly* The volume also features nuanced takes on intersectional feminist representations in hero movies masculinity in sports biopics taking everyday heroes from the real to the reel among others key themes A stimulating work that explores the mechanisms that manufacture heroes this book will be useful for scholars and researchers of English literature postcolonial studies cultural studies film studies media studies literary and critical theory arts and aesthetics political sociology and political philosophy      Horror John Hamilton, 2009-01-01 This title gives children the tools they need to turn their creativity into readable cohesive stories Written by award winning author and screenwriter John Hamilton *You Write It* Lays out for kids the format organization and development of a horror book Novice writers of all ages will find this book a detailed yet easy to follow guide for turning thoughts and ideas into readable written works ABDO Daughters is an imprint of ABDO Publishing Company      **History as the Story of Freedom** Clark Butler, 1997 The purpose of this book is to advance responsible rehabilitation of the speculative philosophy of history It challenges the idea popularized by thinkers such as and Claude Lévi-Strauss and Jean-François Lyotard that historical meta-mythology and meta-narrative are philosophically obsolete As long as humanity viewed anthropologically lives by overarching narrative the

quest for a version that survives rational criticism remains vital Here human rights serve as the key to unlock such a version Despite the fact that the Hegelian philosophy of history has often been derided something very similar currently functions as the official ideology of the world community the idea of history as the story of freedom This book does not retell the world historical story of freedom Rather it uncovers it beginning with the current age of human rights and working backward through the great role model civilizations of history Its conclusion is that a forward retelling of the story of freedom as the story of human rights can be justified by dewesternizing the story The book contains critical responses from specialized scholars and representative of selected world cultures The volume includes illustrations and a guest Afterword by Donald Phillip Verene It is a companion volume to the author's *Hegel's Logic Between History and Dialectic* Northwestern University Press 1996     *The World's Progress* Delphian Society, 1913     **The Endless Text** Edward Dudley, 1997-10-02 Traces the history of chivalric fiction in Western Europe from the earliest Celtic tales to the conflict between romance and realism in *Don Quixote*     **Our World's Great Benefactors** Samuel Adams Drake, 1889     *The Mentor-world Traveler*, 1929     **The Key** James N. Frey, 2024-05-01 In this well written and witty how to the author of the *Damn Good* writing books focuses on the tradition of myth as a recipe for storytelling Library Journal In his widely read guides *How to Write a Damn Good Novel* and *How to Write a Damn Good Novel II Advanced Techniques* popular novelist and fiction writing coach James N Frey showed writers how starting with rounded dynamic characters to structure a novel that sustains its tension and ends in a satisfying climax Now in *The Key* Frey applies his *Damn Good* approach to Joseph Campbell's insights into the structure of myths Frey explains that the structures and motifs of myth are just as powerful for contemporary writers as they were for Homer Frey begins with the qualities found in mythic heroes ancient and modern such as the hero's special talent his or her wound status as an outlaw and so on He then demonstrates how the hero undertakes a mission faces tests and suffers a symbolic death before he or she can return home Using dozens of classical and contemporary novels and films as models Frey shows how these principles work their timeless magic on the reader's imagination *The Key* is designed as a practical step by step guide for fiction writers and screen writers who want to shape their own ideas into a mythic story     A *Library of the World's Best Literature, Ancient and Modern: A-Z* Charles Dudley Warner, Hamilton Wright Mabie, Charles Henry Warner, Lucia Isabella Gilbert Runkle, 1897     *The Sleeper Must Awaken* Jean Erasmus, 2007-09 The human condition is a strange one at best Finding ourselves in a world nearly void of any profound natural predators with the ability to unconditionally love and solve the most complex problems in the most creative ways we choose to make the world an ever increasingly dangerous place in stead of creating Utopia In our relentless pursuit of happiness and perfection we create the very opposite *The Sleeper Must Awaken* dives deep into the human psyche exploring from the archetypal dreamscapes of our subconscious minds to the remarkable similarities between Super String Theory and ancient mysticism It opens the door to a journey within ourselves searching for the root of this phenomenon and presenting possible solutions to a world on the edge

Author Bio Dr Jean Erasmus is a South African born medical practitioner Before moving to the United Kingdom he has worked mostly with less fortunate souls managing a wide variety of illnesses ranging from Tuberculosis to HIV AIDS He has also been involved in medical legal work as well as lecturing in Primary Health Care The world of medicine where cold evidence based science intermingles with the warm complex emotional and spiritual human being has sparked an interest in Jean leading him to pursue the connection between these two diverse poles of the human condition This pursuit offset by the dramatically changing physical social and spiritual landscape of the world led him into writing this book in an attempt to finding the missing piece of the current human led world puzzle and to present possible solutions
