The Library of a Jesuit Community at Holbeck, Nottinghamshire (1679) Hendrik

Dijkgraaf,2003 The Holbeck catalogue is apparently the only recorded 17th century Jesuit missionary library There are of course several catalogues of Jesuit institutional libraries in France Germany and elsewhere but these are libraries solely for the clergy and in some cases these libraries lost their Jesuit identity through being swamped by large gifts from outside sources The Holbeck library on the other hand was just large enough to be a working tool and compact enough to have a recognizable identity Dr Dijkgraaf has supplied a comprehensive account of the library and its context and thanks to his elaborate analysis of the contents we are able to rationalize and justify the presence of each and every book on the shelves
