its origins in ancient Persia The origins of the tarot have been lost in the mists of time Most scholars have guessed that its
origins were in China Egypt or India Huson has expertly tracked each symbol of the Minor Arcana to roots in ancient Persia
and the Major Arcana Trump card images to the medieval world of mystery miracle and morality plays A number of tarot
historians have questioned the use of the tarot as a divination tool prior to the 18th century But the author demonstrates that
the symbolic meanings of the Major Arcana were evident from the time they were first employed in the mid 15th century in
the popular divination practice of sortilege He also reveals how the identities of the court cards in the Minor Arcana were
derived from a blend of pagan and medieval sources that strongly influenced their interpretation in tarot divination Publisher
