Six Dynasties Poetry:

Six Dynasties Poetry Kang-i Sun Chang, 1986 The Description for this book Six Dynasties Poetry will be forthcoming

Six Dynasties Poetry Kang-i Sun Chang, 1986 *Description of landscape in early Six dynasties poetry* Kang-i Sun Chang, 1986 **Poetry and Prose of the Han, Wei and Six Dynasties**, 1986 **Personification in Six Dynasties**

Poetry Burton Watson, 1972* 陈世骧, 2009 *Chinese Narrative Poetry* Dore Jesse Levy, 1988 Chinese Narrative Poetry brings a new perspective to some of China's best loved and most influential poems including Ts ai Yen's Poem of Affliction Po Chu yi's Song of Everlasting Sorrow and Wei Chuang's recently discovered Song of the Lady of Ch'in Composed in the shih form during the Late Han Six Dynasties and T'ang periods these poems stand out as masterworks of narrative art Yet paradoxically their narrative qualities have been little recognized or explored in either traditional Chinese or modern Western scholarship The reason for this neglect is that Western literary traditions acknowledge their origins in epic poetry and thus take narrative for granted but the Chinese tradition is fundamentally based on lyric and does not admit of a separate category for narrative poetry Drawing on both classical Chinese critical works and the most recent Western contributions to the theory of narrative Levy shows how narrative elements developed out of the lyrical conventions of shih In doing so she accomplishes a double purpose guiding the modern reader to an understanding of the nature of narrative in Chinese poetry and shedding light on the ways in which Chinese poets adapted the devices of lyric to the needs of a completely different expressive mode Students of Chinese literature will welcome this pathbreaking study but Chinese Narrative Poetry will interest other scholars as well because it addresses questions of crucial importance for literary theory and comparative literature particularly the central issue of the applicability of Western critical concepts to non Western literature and culture

Vocabulary and Style in Six Dynasties Poetry Selinda Ann Sheridan, 1982 Vocabulary and Style in Six Dynasties Poetry Selinda Ann Sheridan, 1982 **Patterns of Disengagement** Alan J. Berkowitz, 2000 While the customary path to achievement in traditional China was through service to the state from the earliest times certain individuals had been acclaimed for repudiating an official career This book traces the formulation and portrayal of the practice of reclusion in China from the earliest times through the sixth century by which time reclusion had taken on its enduring character Those men who decided to withhold their service to state governance fit the dictum from the Book of Changes of a man who does not serve a king or lord he elevates in priority his own affairs This characterization came to serve as a byword of individual and voluntary withdrawal the image of the man whose lofty resolve could not be humbled for service to a temporal ruler Men who eschewed official appointments in favor of pursuing their own personal ideals were known by such appellations as hidden men yinshi disengaged persons yimin high minded men gaoshi and scholars at home chushi What distinguished these men was a particular strength of character that underlay their conduct they received approbation for maintaining their resolve their mettle their integrity and their moral and personal values in the face of adversity threat or temptation This book

reveals that those who opted for a life of reclusion had a variety of motivations for their decisions and conducted widely divergent ways of life. The lives of these men epitomize the distinctive nature of substantive reclusion differentiating them from those of the intelligentsia who on occasion voiced their desire for disengagement or for retreat but who nevertheless found or retained their places in government office. Throughout the author places the recluse and reclusion within the social, political, intellectual, religious, and literary contexts of the times.

It provides close readings of original texts to explore the poetic forms and devices women poets employed to place their work into the context of the wider literary history of the period and to analyze how they asserted their own agency to negotiate their literary, social, and political concerns. The author also investigates the interactions between women's poetic creations and existing male scholars' discourses and probes how these interactions generated innovative self-identities and renovations in poetic forms and aesthetics.

Borders of Chinese Civilization Douglas Howland, 1996-04-25 D R Howland explores China s representations of Japan in the changing world of the late nineteenth century and in so doing examines the cultural and social borders between the two neighbors Looking at Chinese accounts of Japan written during the 1870s and 1880s he undertakes an unprecedented analysis of the main genres the Chinese used to portray Japan the travel diary poetry and the geographical treatise In his discussion of the practice of brush talk in which Chinese scholars communicated with the Japanese by exchanging ideographs Howland further shows how the Chinese viewed the communication of their language and its dominant modes history and poetry as the textual and cultural basis of a shared civilization between the two societies With Japan s decision in the 1870s to modernize and westernize China s relationship with Japan underwent a crucial change

one that resulted in its decisive separation from Chinese civilization and according to Howland a destabilization of China's worldview. His examination of the ways in which Chinese perceptions of Japan altered in the 1880s reveals the crucial choice faced by the Chinese of whether to interact with Japan as kin based on geographical proximity and the existence of common cultural threads or as a barbarian, an alien force molded by European influence. By probing China's poetic and expository modes of portraying Japan, *Borders of Chinese Civilization* exposes the changing world of the nineteenth century and China's comprehension of it. This broadly appealing work will engage scholars in the fields of Asian studies, Chinese literature, history, and geography, as well as those interested in theoretical reflections on travel or modernism.
