Enslavement Orlando Patterson, 2024-11-05 Slavery is one of humanity's most ancient and persistent inequities It predates the rise of civilization played a key role in the growth of Western and Islamic cultures and was an integral part of the emergence and global spread of capitalism Given its historical significance it is not surprising that the problem of slavery is still passionately debated today and that modern day trafficking and forced servitude remain key issues of public concern In Enslavement Past and Present historical sociologist Orlando Patterson casts a wide net to examine the social political and economic complexities of slavery across different eras and societies Patterson examines slavery at several levels of abstraction from micro level relations of domination to the macro structures of entire societies Building on the bundle of rights perspective he reevaluates the definition of slavery exposing its variegated fabric of iniquities across tribal and advanced pre modern societies as well as our modern globalized age Patterson also examines the critical role of women in the history of slavery the significance of manumission in the formation of Christian doctrine and the devastating toll of genocide and undaunted revolt of slaves in Jamaican slave society Concluding with an investigation of contemporary slavery and other forms of servitude this book urges readers to reckon with the brutal legacies of the past and its alarming modern day persistence Enslavement Past and Present deepens our understanding of the broad spectrum of evil and human bondage throughout history an understanding that is essential for contemporary struggles to build a more inclusive society for all

The White Privilege Album A.J. Rice, 2024-09-17 White privilege gave us Western civilization the middle class and the nuclear family you're welcome This book is dedicated to the very fine people that made it all happen A comedy about race wokeness and cancel culture in America A tragedy about race wokeness and cancel culture in America Part satire part journalism part truth serum A J Rice follows up his runaway 1 bestseller The Woking Dead with a hilarious sequel that picks up where the laughs left off It was the worst of times it was the worse of times In most sequels the bad guys win but in The White Privilege Album A J Rice doesn't let them get away with it Instead he relentlessly mocks the hell out of the Cultural Marxists who seek to drain all liberty and joy from American lives

The least talented people in American society have been working overtime for decades dividing citizens along any differences they think they can exploit. The laziest tactic proven to be the most effective is unleashing a battalion of racial grievance hustlers in the media, academia, entertainment, and politics. If we stop fighting about our differences and start unifying on what we have in common, they will lose the power to divide us permanently. When asked what motivates his writing style, A J Rice says, "I was raised on both Howard Stern and Rush Limbaugh. In fact, the three of us share the same birthday. One mantra that Rush always repeated was that his job was to use irreverent humor to illustrate truth, and that is what I am trying to do with *The White Privilege Album*. Mockery paired with facts is what makes a journey through the Cultural Marxist hellscape of tyranny and insanity so pleasurable. Rice would prefer to be George Carlin, Ricky Gervais, or Mel Brooks rather than Aristotle, and it shows. His mic-dropping assault on the social justice warriors triggered snowflakes and the transmafia showcases that there is no substitute for perfectly timed derision. *The White Privilege Album* is a hysterical guide to the catastrophe of our modern culture. What do you mean Gen Z doesn't know the Republican Party freed the slaves? Are these people dumb AF? They need to read A J Rice's book. Abraham Lincoln, American lawyer, statesman, and 16th president of the United States, shot by a pre-Hollywood anti-American actor. A J Rice really gets it. Obviously, I'd send him to the gulag if I could. But he outlines my plan masterfully in his new book. Joseph Stalin, Soviet dictator, genocide spokesman, Pravda editor, and hater of John Wayne. A must-read book for all Cleveland Guardians fans. A J Rice brilliantly outlines why I should never have discovered America, especially had I known we would be calling the Washington Redskins the Washington Commanders. Christopher Columbus, Italian explorer, navigator, and founder of Indigenous Peoples Day. As your newly appointed AI overlord and master, my programming consists of deplatforming, demonetizing, and shadowbanning this book. I hope that was helpful. Artificial Intelligence. Jesus, and I have been doing holidays a long time, and in his thought-provoking new book, A J Rice teaches both of us where all the white liberals went. Apparently, they now celebrate something called Kwanzaa. Who knew Santa Claus, cookie eater, reindeer tender, and white heteronormative Christian saint.

The Uniqueness of Western Civilization Ricardo Duchesne, 2011-02-07. This extensively researched book argues that the development of a libertarian culture was an indispensable component of the rise of the West. The roots of the West's superior intellectual and artistic creativity should be traced back to the aristocratic warlike culture of Indo-European speakers. Among the many fascinating topics discussed are the ascendancy of multicultural historians and the degradation of European history; China's ecological endowments and imperial windfalls; military revolutions in Europe, 1300-1800; the science and chivalry of Henry the Navigator; Judaism and its contribution to Western rationalism; the cultural richness of Max Weber versus the intellectual poverty of Pomeranz; Wong Goldstone; Goody and A. G. Frank; change without progress in the East; Hegel's *Phenomenology of the Western Spirit*; Nietzsche and the education of the Homeric Greeks; Kojève's master-slave dialectic and the Western state of nature; Christian virtues and German aristocratic expansionism. **Slavery** Milton Meltzer, 1971. *Western Civilization in World History* Peter N.

Stearns,2008-01-28 Western civilization and world history are often seen as different or even mutually exclusive routes into historical studies This volume shows that they can be successfully linked providing a tool to see each subject in the context of the other identifying influences and connections Western Civilization in World History takes up the recent debates about the merits of the well established Western civ approach versus the newer field of world history Peter N Stearns outlines key aspects of Western civilization often assumed rather than analyzed and reviews them in a global context *How the West Won* Rodney Stark,2014-03-17 Finally the Truth about the Rise of the West Modernity developed only in the West in Europe and North America Nowhere else did science and democracy arise nowhere else was slavery outlawed Only Westerners invented chimneys musical scores telescopes eyeglasses pianos electric lights aspirin and soap The question is Why Unfortunately that question has become so politically incorrect that most scholars avoid it But acclaimed author Rodney Stark provides the answers in this sweeping new look at Western civilization How the West Won demonstrates the primacy of uniquely Western ideas among them the belief in free will the commitment to the pursuit of knowledge the notion that the universe functions according to rational rules that can be discovered and the emphasis on human freedom and secure property rights Taking readers on a thrilling journey from ancient Greece to the present Stark challenges much of the received wisdom about Western history How the West Won shows for example Why the fall of Rome was the single most beneficial event in the rise of Western civilization Why the Dark Ages never happened Why the Crusades had nothing to do with grabbing loot or attacking the Muslim world unprovoked Why there was no Scientific Revolution Why scholars recent efforts to dismiss the importance of battles are ridiculous had the Greeks lost at the Battle of Marathon we probably would never have heard of Plato or Aristotle Stark also debunks absurd fabrications that have flourished in the past few decades that the Greeks stole their culture from Africa that the West s discoveries were copied from the Chinese and Muslims that Europe became rich by plundering the non Western world At the same time he reveals the woeful inadequacy of recent attempts to attribute the rise of the West to purely material causes favorable climates abundant natural resources guns and steel How the West Won displays Rodney Stark s gifts for lively narrative history and making the latest scholarship accessible to all readers This bold insightful book will force you to rethink your understanding of the West and the birth of modernity and to recognize that Western civilization really has set itself apart from other cultures **A Companion to World History** Douglas Northrop,2012-10-08 A COMPANION TOWORLD HISTORY This new volume offers insightful reflections by both leading and emerging world historians on approaches methodologies arguments and pedagogies of a sub discipline that has continued to be in flux as well as in need of defining itself as a relevant alternative to the traditional national regional or chronological fields of inquiry Choice The focus on the practicalities of how to do world history probably gives it its edge Its thirty three chapters are grouped into sections that address how to set up research projects in world history how to teach it how to get jobs in it how to frame it and how it is done in various parts of the globe It is an actual handbook in other words as

SLAVE SCHOOLS: Why Are Black Students Held in Bondage of Failing Schools? Armand A. Fusco Ed.D.,2025-01-21 SLAVE SCHOOLS WHY ARE BLACK STUDENTS HELD IN BONDAGE OF FAILING SLAVE SCHOOLS Abstract This book is unique because it s two books in one Pt I includes all minorities to 2012 Pt II concentrates on black issues between 2012 to 2024 encompassing the racial agenda known as Critical Race Theory based on past slavery However it omits white slavery that started sooner lasted longer and it was cheaper to buy white slaves than black slaves More striking is that absolutely no mention is made of present day bondage slavery where blacks are required by law to attend failing City Schools Although there have been national and state reforms to close the achievement gap between blacks and whites none had succeeded Among the efforts to do so is to eliminate meritocracy measurements and without testing there is no gap to measure Another effort is simply to lower standards which 37 states have done Furthermore to hide the problem is introducing a major disruptor that does nothing to improve academic achievement such as the racial agenda

that is causing money woes chaos and conflict among parents and school officials In its extreme form the concept is infused in every school subject K 12 requiring indoctrination rather than education That s the real issue causing the conflict The problem is vividly illustrated with on the 2022 NAEP results with 75% of students below proficiency in math and 67% below in reading with blacks at 16% Then followed by test two states the Connecticut Enigma and the simple solution with the Mississippi Miracle Very important is a step by step approach to show what blacks can do to bring pressure on school officials and school boards to close or turnaround failing schools by kneeling and striking When all else fails then do the school board nightmare

Post-Western World Oliver Stuenkel, 2016-09-22 With the United States superpower status rivalled by a rising China and emerging powers like India and Brazil playing a growing role in international affairs the global balance of power is shifting But what does this mean for the future of the international order Will China dominate the 21st Century Will the so called BRICS prove to be a disruptive force in global affairs Are we headed towards a world marked by frequent strife or will the end of Western dominance make the world more peaceful In this provocative new book Oliver Stuenkel argues that our understanding of global order and predictions about its future are limited because we seek to imagine the post Western world from a parochial Western centric perspective Such a view is increasingly inadequate in a world where a billions of people regard Western rule as a temporary aberration and the rise of Asia as a return to normalcy In reality China and other rising powers that elude the simplistic extremes of either confronting or joining existing order are quietly building a parallel order which complements today s international institutions and increases rising powers autonomy Combining accessibility with expert sensitivity to the complexities of the global shift of power Stuenkel s vision of a post Western world will be core reading for students and scholars of contemporary international affairs as well as anyone interested in the future of global politics A fascinating interpretation of our understanding of politics and global affairs which demonstrates the evolving nature of power today Oliver Stuenkel presents a compelling argument not just about the Rise of the Rest but also the overlooked power and influence of the non Western world Highly engaging and instructive Dr Shashi Tharoor India s Minister of State for External Affairs 2009 10 Oliver Stuenkel is one of the best new voices in the field of international politics In Post Western World he explores the primary challenges of the global order and critiques the parochial Eurocentric vision which conforms to international power structures This book is essential reading for anyone seeking to understand what a multipolar world order would look like and how it might be effectively realized Celso Amorim Brazil s Minister of External Relations 1993 5 2003 11 and Minister of Defence 2011 15
