Blum, 2021-02-04 The book is a study of the evolving history of knowledge in the arts and sciences in the modern era from 1648 through the present Modernism is treated as an epoch with evolving disciplines whose articulated problems of a time and the inquiry methods to address them develop in a coordinated manner given a mutual awareness When one organizes the development of knowledge over periods of years and gives it an appellation such as Modernism the organization of facts is guided by concepts and values discerned throughout these periods These facts of knowledge development share sufficient understandings to be called an era or an epoch or other terms that insist on the shared aspects of those years One can call such an effort a metahistory in that what is tracked is not merely a knowledge that is political economic ideological sociological or scientific but an overview that tracks the respective conceptual developments of the fields in how they have changed and augmented their problem formulations inquiry methods and explanatory conceptions over time Catalog of

*The Life of a Hunter* Michelle Robinson,2005-09 Part detective novel part cinematic saga part street smart narrative the poems in *The Life of a Hunter* form a document of expedition that couples individual discovery with communal transformation Michelle Robinson s characters are consigned to particular mechanisms of survival to various forms of physical and psychological evolutions as a reaction to their search for an acceptable spiritual condition The multiple identities of her pressured characters are susceptible to physical transformations that provide a brief jolt of anesthesia instead of the cold tenderness of interruption Robinson uses the culture of film and fiction as an analogy for the world just out of reach and the world already at hand preoccupied with what precision sounds like the figures in her poems respond to the possibility of future change as well as the fact that change is a constant in their lives Don t misunderstand It was the most cynical year of our era and anything would have been better than to have been asked to find something beautiful Robinson s is a strong young voice detached and observant yet disturbingly present **The Air You Breathe** Frances de
