The Growth Of The True Church An Analysis Of The Ecclesiology Of Church Growth:

The Growth of the True Church Charles Edward van Engen, 1981 The Growth of the True Church Charles Edward Van Engen, 1981 Urban Ecclesiology Pascal D. Bazzell, 2015-05-21 Pascal D Bazzell brings the marginal ecclesiology of a Filipino ecclesial community facing homelessness FECH into contemporary ecclesiological conversation in order to deepen the ecumenical understanding of today's ecclesial reality He contributes relevant data to support a theory of an ecclesial oriented paradigm that fosters ecclesial communities within homeless populations There is an extensive dialogue occurring between ecclesiologies church planting theories or urban missions and the urban poor Yet the situation with the homeless population is almost entirely overlooked The majority of urban mission textbooks do not acknowledge an ecclesial oriented state of being and suggest that the street level environment is a place where no discipleship can occur and no church should exist By presenting the FECH's case study Bazzell emphasizes that it is possible to live on the streets and to grow in the faith of God as an ecclesial community To be able to describe the FECH's ecclesial narrative Bazzell develops a local ecclesiological methodology that aims to bridge the gap between more traditional systematic and theoretical ideal ecclesiology and practical oriented ecclesiology e.g congregational studies in order to hold together theological and social understandings of the church in its local reality He articulates a theological framework for the FECH to reflect on who they are the essence of identity studies who they are in relationship to God the essence of theological studies and what that means for believers in that community as they relate to God and to each other in ways that are true to who they are and to who God intends them to be the essence of ecclesial studies The research provides a seldom heard empirical tour into the FECH's social world and communal identity The theological findings from the FECH's hermeneutical work on the Gospel of Mark reveal an understanding of church being developed as gathering around Jesus that creates a space for God's presence to be embodied in their ordinary relationships and activities and to invite others to participate in that gathering Moreover it addresses ecclesial issues of the supernatural world honor shame values and further develop the neglected image of the familia Dei in classical ecclesiology that encapsulates well the FECH's nature mission and place **The State of Missiology Today** Charles E. Van Engen, 2016-10-02 The 2015 Missiology Lectures at Fuller Theological Seminary marked the fiftieth anniversary of the School of Intercultural Studies The papers from that conference explore the developments and transformations in the study and practice of mission as contributors chart the current shape of mission studies and its prospects in the twenty first century **The Asianization of Christianity** Jonathan D. James, 2024-11-05 Christianity has long been associated with the West often creating a disjunction affecting the understanding of the essence of the gospel The Asianization of Christianity is a clarion call by Asian Christian leaders for the gospel to be indigenized by encouraging practitioners to seriously engage with both the Bible and the cultures of Asia The book demonstrates that both the theology and the presentation of the gospel need to be framed according to the mindset of the respective Asian cultures so that the

message of the Bible can be understood and accepted Case studies on evangelism church and training models from several Asian nations are explored Core issues such as culture communication and contextualization underpin the practical cases to give depth and clarity for the effective communication of the gospel *Vital Signs* Milton J. Coalter, John M. Mulder, Louis B. Weeks, 2002 Three noted historical theologians and a team of researchers study the reasons for the decline of the mainline denominations and then use that research to guide pastors leaders and church members in finding new ways to grow both spiritually and in numbers

The Ideal of the Self-Governing Church C. Peter Williams, 2016-05-18 It is part of current missiological orthodoxy that newly created churches should obtain independence from cross cultural missionaries as soon as possible It is not often realised that much Victorian missionary thinking shared that objective This important new work examines the ideal of the self governing church in the Victorian period through a study of the official mind of the Church Missionary Society The study begins with an examination

of Henry Venn's the famous CMS Secretary commitment to self supporting self propagating and self governing churches Was he a lonely figure battling against the accepted wisdom of the mid Victorian period The author argues that he was not and was if anything a slightly conservative spokesman for much current wisdom Far from his views being abandoned at his death they were the accepted orthodoxy within CMS until the end of the century Although they came under increasing attack in the nineties it was not until the beginning of the twentieth century particularly under the influence of Eugene Stock that they were finally abandoned The importance of this study lies not only in its ability to explain Victorian missionary development but also because it takes on board the age old issue of how quickly should a church become self governing

A Case Study in Contextualization Fred W. McRae, 2014-01-30 The content of the gospel never changes however communicating it constantly fluctuates Conveying the gospel to a homeless hungry woman may include providing a hot bowl of chili while an agnostic co worker might be open after several rounds of golf The message is the same but the method of communicating it is as wide and varied as life itself Finding the correct method is like hitting the sweet spot on a tennis racket or golf club It takes time study and practice but once you find it you have more success The sweet spot in missions is called

contextualization and involves much more than learning a new language. It means knowing a country's religious, political, and social conditions. Correct theology, financial backing, and language acquisition are meaningless without contextualization. This book tells the story of a German organization struggling to contextualize the gospel in a very hostile environment. Its mission was to revive a dying church characterized by centuries-old religious pride and pluralism. This study details the challenges of faithfully communicating the gospel in a post-Christian culture and serves as a study to enable missionaries to recognize and respond to cultural issues affecting the contextualization process.

Russian Baptist Mission Theology in Historical and Contemporary Perspective Andrey Kravtsev, 2019-10-31. Since the disintegration of the USSR, many Russian Baptists have actively engaged in evangelism, church planting, and acts of social service. This book is a response to the need to critically evaluate the effectiveness of past mission efforts and their undergirding theology. In this detailed study, Dr. Andrey Kravtsev combines historical and qualitative studies to outline the understanding of mission developed by Russian Baptists during the Soviet era when they were almost completely isolated from global missiological developments. First, Kravtsev identifies four key missiological concepts and uses them to analyze the history of mission theology in global evangelical mission movements and the Russian Baptists. He then interviewed thirty leaders from the Russian Union of Evangelical Christian Baptists to find their view of these concepts and their convictions of the need to reconsider traditional missiological views. From his findings, Dr. Kravtsev suggests five themes for facilitating the transition of Russian Baptist mission theology from the late Soviet model of eschatological escapism to a holistic missional evangelicalism. This book places evangelical mission in contemporary Russian socio-political and ideological contexts and provides an important contribution for leading churches to a renewed missionary encounter with culture.

All God's People David L. Smith, 2004-02-06. All God's People: A Theology of the Church sets out a corrective understanding of the nature of the church universal with a focus on implications for the church local. The book is divided into three basic sections: A Historical Theology of the Church surveys the history of theology of the church beginning with the early church; the formative years for all Christian theology; A Biblical Theology of the Church examines the Old Testament Gospels and apostolic sense of the people of God; A Systematic Theology of the Church seeks to both systematize the biblical theology and synthesize it with contemporary thought. Finally, A Practical Theology of the Church concludes the work relating the book's lessons to the contemporary church climate.

Transforming Mission Theology Charles Van Engen, 2017-10-01. Missiology Permeated with Theological Reflection. This volume is the culmination of Van Engen's teachings but takes us to an even deeper level. Since mission is first and foremost God's mission, theological reflection must be permeated by missiological understanding, and our missiology must be permeated with theological reflection. Mission theology is an activity of the Church of Jesus Christ seeking to understand more deeply why, how, when, where, and wherefore the followers of Jesus may participate in God's mission in God's world.

Mision en el camino Charles E. Van Engen, 2019-02-28. Durante los pasados cincuenta años, el énfasis sobre la práctica y estrategia de la obra misionera ha

menoscabado el valor de la importancia de la teología de la misión Sin embargo en las últimas décadas teólogos y misioneros de todas las tradiciones cristianas han comenzado a reexaminar y repensar las suposiciones teológicas que fundamentan la obra misionera En Misión en el Camino Charles Van Engen articula con claridad muchos de los conceptos fundamentales de la teología de la misión Charles Van Engen en este volumen aborda numerosos temas misionológicos centrales Examina la cuestión de construir teologías en contextos específicos tales como en la ciudad También nos muestra tanto los beneficios como las preocupaciones que experimentamos cuando alentamos a los creyentes a teologizar dentro de su propio entorno cuando tomamos con seriedad el sacerdocio de todos los creyentes Hace un delineamiento de los debates actuales sobre asuntos levantados por el pluralismo religioso y batalla con la manera en que podemos proclamar el carácter único de Cristo sin ser arrogantes y triunfalistas Echa una mirada al impacto que la modernidad y la posmodernidad están teniendo sobre el movimiento misionero en Occidente y hace un llamado a la renovación de nuestro compromiso como seguidores de Jesucristo en los duros ambientes culturales de nuestros días Explora los roles cambiantes de misioneros y ministros en iglesias jóvenes y levanta preguntas difíciles relacionadas con la unidad de la iglesia en medio de su proliferación diversidad y fragmentación de carácter global Son de excepcional valor la manera en que Van Engen traza la historia de la discusión reciente sobre cada uno de estos asuntos y la riqueza de fuentes bibliográficas que nos presenta para más estudio Igualmente importantes son las repuestas que ofrece a estas cuestiones respuestas que nos ayudan a movernos más allá de los caminos sin salida que tanto caracterizan nuestro pensamiento actual Tomado del Prólogo escrito por Pablo Hiebert

Surviving Persecution Vernon J. Sterk, 2019-12-12 Persecution can kill the church unless there is an adequate understanding of preparation for and response to this potentially fatal threat Surviving Persecution is a study based on more than forty years of living and working with the Mayans of Chiapas who inhabit the highlands of the southernmost state of Mexico This book can serve as a guide for Christians living in a hostile environment to know how to avoid unnecessary persecution and to survive violent persecution when it strikes This analysis of persecution can also be a valuable resource for students and congregations who desire to better understand the challenges and complexities of persecution The last chapter gives guidelines for how national and international church organizations can play a vital role in helping the suffering church survive and thrive From his personal experience of being the target of persecution and then working with the persecuted indigenous church the author employs an anthropological approach with a biblical perspective to formulate a response to persecution that can promote the growth of the church
