Vincent's Arles Linda Seidel, 2023-03-09 This is a travel adventure set in the legendary French city of Arles. Founded in Roman times, Arles is a UNESCO World Heritage Site located in scenic Provence in the south of France. For the last hundred years it has been an important destination for the countless tourists who arrive in pursuit of the great Dutch painter Vincent van Gogh, who famously spent an intense fourteen months in Arles painting the most brilliant works of his career: all those sunflowers and quivering landscapes squabbling with fellow artist Paul Gauguin, guzzling absinthe and famously cutting off the lobe of his ear, which landed him in the local hospital in the throes of a mental breakdown. Linda Seidel has visited Arles many times, initially to study the splendid medieval church of Saint Trophime, but eventually to follow in the long shadow of Vincent's passage, which he recorded in numerous paintings and drawings. Together they make a pair of charming guides sharing with us the wonders of Arles's Roman amphitheater, which seats 20,000 people and has been in continuous use for two thousand years; the Alyscamps, a Roman cemetery featuring paths still lined with ancient sarcophagi; the Church of St Trophime with its astonishing Romanesque portal; the Arles Hospital, which has been converted into a museum about Vincent; the cafés and bars where he hung out; new buildings such as the tower by Frank Gehry; and of course the Provençal countryside with its dazzling wildflowers and quaint farms. Ultimately, this is Vincent's story told as never before, through an engagement with the mysterious, culturally rich town that transformed his life and indeed the entire course of modern art.

The Crowning of a Poet's Quest Paola Loreto, 2009 This first extended study of Derek Walcott's *Tiepolo's Hound* (2000) defines the book as the culmination of the poetry and poetics of the Caribbean writer and Nobel Prize winner. In this long poem, Walcott achieves three goals pursued throughout his career: to develop an original Caribbean aesthetic; to meld the modes of poetry and prose; and to formulate the Bildung of the island artist in terms of an autobiographical narrative. The analysis provides an aesthetic and cultural evaluation of the poem in terms both of the Western poetic tradition to which it refers through its rich intertextuality and of its significance as a postcolonial milestone. The commentary locates Walcott in an aesthetic tradition running from Emerson through the American Pragmatists to modernist poets, describes his experimental use of certain central narrative strategies in his semi-autobiographical long poems, which is compared to those of another openly admired bilingual writer, Vladimir Nabokov, explores Walcott's revision of the epic mode and of the genre of autobiography, delineates his unfolding of a post-Romantic internalization of the poet's Arthurian quest, and discusses his complex treatment of the multi-layered metaphor of light as major evidence of the maturity

of his style and poetic with their conscious cross fertilization between the literary cultures of Europe and the Caribbean An appendix to this study contains the transcriptions of various Walcott events that took place in Italy in the summers of 2000 and 2001 including a creative writing seminar a press conference and readings This extensive material opens a window onto Walcott s gifts as a teacher to his stringent yet passionate commitment to the art of poetry and to the ways in which he and his students grapple with the challenges of literary translation

The Religious Art of Pablo Picasso Jane Dillenger,John Handley,2014-04-17 This is the first critical examination of Pablo Picasso s use of religious imagery and the religious import of many of his works with secular subject matter Though Picasso was an avowed atheist his work employs spiritual themes and often traditional religious iconography In five engagingly written accessible chapters Jane Daggett Dillenger and John Handley address Picasso s cryptic 1930 painting of the Crucifixion the artist s early life in the Catholic church elements of transcendence in Guernica Picasso s later fraught relationship with the church which commissioned him in the 1950s to paint murals for the Temple of Peace chapel in France and the centrality of religious themes and imagery in bullfighting the subject of countless Picasso drawings and paintings
