Hoffman, 2009-08 John has regular encounters with the supernatural like few others have experienced To John Creator God is full of wonders majesty and mystery beyond human ability to comprehend and yet can be experienced in all of His wonder through personal encounters Dr Leonard Hoffman s The Happening examines the possibilities of such an encounter and while doing so uncovers the answers to many theological issues about God and His Divine Nature that have plagued scholars for decades Through a series of visions a young people s group discovers answers to questions such as how was the cross a good experience for Jesus How does God develop His Divine Nature in believers today And how can believers today operate in Kingdom authority The Happening is a must read for all who are looking for a God who is greater than religion and desire a fresh encounter with Him When the usual religious cliches fail to answer life s struggles it is time for The Happening
