**The Happy Man** Robert Easton,1993-01-01      **The ^ADream Endures** Kevin Starr,2002-11-28 What we now call the good life first appeared in California during the 1930s Motels home trailers drive ins barbecues beach life and surfing sports from polo and tennis and golf to mountain climbing and skiing sportswear a word coined at the time and sun suits were all a part of the good life perhaps California s most distinctive influence of the 1930s In *The Dream Endures* Kevin Starr shows how the good life prospered in California in pursuits such as film fiction leisure and architecture and helped to define American culture and society then and for years to come Starr previously chronicled how Californians absorbed the thousand natural shocks of the Great Depression unemployment strikes Communist agitation reactionary conspiracies in *Endangered Dreams* the fourth volume of his classic history of California In *The Dream Endures* Starr reveals the other side of the picture examining the newly important places where the good life flourished like Los Angeles where Hollywood lived Palm Springs where Hollywood vacationed San Diego where the Navy went the California Institute of Technology in Pasadena where Einstein went and changed his view of the universe and college towns like Berkeley We read about the rich urban life of San Francisco and Los Angeles and in newly important communities like Carmel and San Simeon the home of William Randolph Hearst where each Thursday afternoon automobiles packed with Hollywood celebrities would arrive from Southern California for the long weekend at Hearst Castle The 1930s were the heyday of the Hollywood studios and Starr brilliantly captures Hollywood films and the society that surrounded the studios Starr offers an astute discussion of the European refugees who arrived in Hollywood during the period prominent European film actors and artists and the creative refugees who were drawn to Hollywood and Southern California in these years Igor Stravinsky Arnold Schoenberg Man Ray Bertolt Brecht Christopher Isherwood Aldous Huxley Thomas Mann and Franz Werfel Starr gives a fascinating account of how many of them attempted to recreate their European world in California and how others like Samuel Goldwyn provided stories and dreams for their adopted nation Starr reserves his greatest attention and most memorable writing for San Francisco For Starr despite the city s beauty and commercial importance San Francisco s most important achievement was the sense of well being it conferred on its citizens It was a city that magically belonged to everyone Whether discussing photographers like Edward Weston and Ansel Adams hard boiled fiction writers or the new breed of female star Marlene Dietrich Jean Harlow Bette Davis Carole Lombard and the improbable Mae West *The Dream Endures* is a brilliant social and cultural history in many ways the most far reaching and important of Starr s California books      **The Happy Man** Robert Easton,1993

**Embattled Dreams** Kevin Starr,2002-05-23 The State Librarian of California presents the sixth volume in *Americans and the California Dream* one of the great ongoing works of American cultural history 38 halftones      *Ross MacDonald* Tom Nolan,2015-07-07 When he died in 1983 Ross Macdonald was the best known and most highly regarded crime fiction writer in America Long considered the rightful successor to the mantles of Dashiell Hammett and Raymond Chandler Ross

Macdonald and his Lew Archer novels were hailed by The New York Times as the finest series of detective novels ever written by an American. Now in the first full length biography of this extraordinary and influential writer a much fuller picture emerges of a man to whom hiding things came as second nature. While it was no secret that Ross Macdonald was the pseudonym of Kenneth Millar, a Santa Barbara man married to another good mystery writer, Margaret Millar, his official biography was sparse. Drawing on unrestricted access to the Kenneth and Margaret Millar Archives on more than forty years of correspondence and on hundreds of interviews with those who knew Millar well, author Tom Nolan has done a masterful job of filling in the blanks between the psychologically complex novels and the author's life, both secret and overt. Ross Macdonald came to crime writing honestly. Born in northern California to Canadian parents, Kenneth Millar grew up in Ontario, virtually fatherless, poor, and with a mother whose mental stability was very much in question. From the age of twelve, young Millar was fighting stealing and breaking social and moral laws; by his own admission, he barely escaped being a criminal. Years later, Millar would come to see himself in his tales' wrongdoers: "I don't have to be violent," he said. "My books are how this troubled young man came to be one of the most brilliant graduate students in the history of the University of Michigan, and how this writer who excelled in a genre all too often looked down upon by literary critics came to have a lifelong friendship with Eudora Welty." All are examined in the pages of Tom Nolan's meticulous biography. We come to a sympathetic understanding of the Millars' long and sometimes rancorous marriage and of their life in Santa Barbara, California, with their only daughter, Linda, whose legal and emotional traumas lie at the very heart of the story. But we also follow the trajectory of a literary career that began in the pages of *Manhunt* and ended with the great respect of such fellow writers as Marshall McLuhan, Hugh Kenner, Nelson Algren, and Reynolds Price, and the longtime distinguished publisher Alfred A. Knopf. As Ross Macdonald's *A Biography* makes abundantly clear, Ross Macdonald's greatest character, above and beyond his famous Lew Archer, was none other than his creator, Kenneth Millar.

**The Californians**, 1993     *The Western Story*, Jon Tuska, 1999-11-01

*The Western Story: A Chronological Treasury* consists of twenty Western stories spanning the years 1892 to 1994. For that generation of American writers who saw the frontier in the last century, including Mark Twain, Bret Harte, and Owen Wister, it seemed exotic, strange, wonderful. Others, such as Frederic Remington and John G. Neihardt, reflected the clash between various Indian nations and pioneers. These authors prepared the way for the founders of the first Golden Age of the Western story: Willa Cather, who wrote of pioneer life in Nebraska; Zane Grey, who combined wilderness experiences with romance and the search for spiritual truth; B. M. Bower, who portrayed the cowboys and frontier women she knew growing up in Montana; Max Brand, who created dramas in which the psychological and spiritual meaning of life was more important than the physical terrain; and Ernest Haycox, who combined character and drama with historical accuracy. Another generation of writers perpetuated this first Golden Age: Peter Dawson and T. T. Flynn, who began writing Western stories in the 1930s; Walter Van Tilburg Clark, who created a masterpiece in *The Ox-Bow Incident*; Dorothy M. Johnson, and Les

Savage Jr who experimented with making the Western story still more realistic and Louis L Amour whose visibility and popularity won legions of new readers to the genre Humanity depth and verisimilitude were already part of the Western story when Will Henry Elmer Kelton and T V Olsen came on the scene to intensify these qualities in their own stories even as they experimented with new perspectives And Cynthia Haseloff s story written especially for this collection with its symbolism and its simplicity may be the harbinger of a second Golden Age Western American Literature ,1994 **Chasing the Sun**
