Johannes Lindblom,1963 **Introduction to the Hebrew Prophets** Dr. James D. Nogalski,2018-02-20 Following the

Hebrew canon the author offers a basic introduction which includes critical issues such as authorship unity dates of  
composition and revision and structure Drawing upon current scholarship Dr Nogalski shows how these issues are relevant  
to the theological themes and movements that help characterize the text and hold meaning for us The last decades have seen  
many changes when it comes to the study of the four Latter Prophets Isaiah Jeremiah Ezekiel and the book of the Twelve  
Among others these changes have identified a greater role for the prophetic scroll not merely the prophetic character as a  
vehicle for conveying the prophetic message Nogalski s introduction to the prophets invites modern readers to hear these  
scrolls through the processes that shaped them to recognize the thematic threads that traverse them and to react to the  
words that confront religious and ethical complacency that speak truth to power and that offer hope to the oppressed Each  
chapter will include a brief bibliography for further reading and discussion questions to help students focus on key concepts
