Getzel M. Cohen

The Hellenistic Settlements In Europe The Islands And Asia Minor Hellenistic Culture And Society:

The Hellenistic Settlements in Europe, the Islands, and Asia Minor Getzel M. Cohen, 1995 This is an important book which should become the standard reference work on Hellenistic colonies in Greece and Asia Minor Richard A Billows Columbia University Professor Cohen provides us with a comprehensive survey of over a half century of archaeological activity and an indispensable reference tool for those interested in Hellenistic political history and the urban history of antiquity The scholarship is superior in every respect Stanley Burstein California State University Los Angeles *The Hellenistic Settlements in Europe, the Islands, and Asia Minor* Getzel M. Cohen, 1996-11-02 This compendium provides historical narratives detailed references citations and commentaries on all the cities founded or refounded in Europe The Islands and Asia Minor during the Hellenistic period Organized coherently in more than 180 entries it is one of the most significant reference works in the field of Greek history to be completed in the past decade **The Hellenistic**

Settlements in the East from Armenia and Mesopotamia to Bactria and India Getzel M. Cohen, 2013-06-02 This is the third volume of Getzel Cohen's important work on the Hellenistic settlements in the ancient world Through the conquests of Alexander the Great his successors and others Greek and Macedonian culture spread deep into Asia with colonists settling as far away as Bactria and India In this book Cohen provides historical narratives detailed references citations and commentaries on all the Graeco Macedonian settlements founded or refounded in the East Organized geographically Cohen pulls together discoveries and debates from dozens of widely scattered archaeological and epigraphic projects making a distinct contribution to ongoing questions and opening new avenues of inquiry **The Hellenistic Settlements in Syria,**

the Red Sea Basin, and North Africa Getzel M. Cohen, 2006-10-03 The Hellenistic Settlements in Syria the Red Sea Basin and North Africa will take its place as the first volume has already done as an indispensable resource for the study of Greek history The book will be a research tool of lasting value there is nothing remotely similar available to the student of urbanism in the ancient world The scholarship is of the highest quality thorough and current Kent Rigsby editor of Greek Roman and Byzantine Studies *Economy of the Sacred in Hellenistic and Roman Asia Minor* Beate Dignas, 2002-12-12 This original study challenges the idea that sanctuaries in Hellenistic and Roman Asia Minor were fully institutionalized within the poleis that hosted them Examining the forms of interaction between rulers cities and sanctuaries the book proposes a triangular relationship in which the rulers often acted as mediators between differing interests of city and cult A close analysis of the epigraphical evidence illustrates that neither the Hellenistic kings nor the representatives of Roman rule appropriated the property of the gods but actively supported the functioning of the sanctuaries and their revenues The powerful role of the sanctuaries was to a large extent based on economic features which the sanctuaries possessed precisely because of their religious character Nevertheless a study of the finances of the cults reveals frequent problems concerning the upkeep of cults and a particular need to guard the privileges and property of the gods Their situation oscillated between glut and

dearth When the harmonious identity between city and cult was disturbed those closely attached to the cult acted on behalf of their domain

Colonial Geopolitics and Local Cultures in the Hellenistic and Roman East (3rd century BC - 3rd century AD) Hadrien Bru, Adrian George Dumitru, Nicholas Sekunda, 2021-12-23 What changes in the material culture can we observe when a state is overwhelming a local population with soldiers katoikoi and civil officials or merchants What were the mutual influences between native and colonial cultures This collection addresses these questions and many more focusing on the Hellenistic and Roman East

The Hellenistic Settlements in the East from Armenia and Mesopotamia to Bactria and India Getzel M. Cohen, 2013-06-02 This is the third volume of Getzel Cohen's important work on the Hellenistic settlements in the ancient world Through the conquests of Alexander the Great his successors and others Greek and Macedonian culture spread deep into Asia with colonists settling as far away as Bactria and India In this book Cohen provides historical narratives detailed references citations and commentaries on all the Graeco Macedonian settlements founded or refounded in the East Organized geographically Cohen pulls together discoveries and debates from dozens of widely scattered archaeological and epigraphic projects making a distinct contribution to ongoing questions and opening new avenues of inquiry

The Greek World After Alexander 323-30 BC Graham Shipley, 2014-03-18 The Greek World After Alexander 323-30 BC examines social changes in the old and new cities of the Greek world and in the new post Alexandrian kingdoms An appraisal of the momentous military and political changes after the era of Alexander this book considers developments in literature religion philosophy and science and establishes how far they are presented as radical departures from the culture of Classical Greece or were continuous developments from it Graham Shipley explores the culture of the Hellenistic world in the context of the social divisions between an educated elite and a general population at once more mobile and less involved in the political life of the Greek city

Hellenistic Economies Zofia H. Archibald, John Davies, Vincent Gabrielsen, Graham Oliver, 2006-01-16 This book breaks new ground by distilling and presenting new and newly reinterpreted evidence for the Hellenistic era and offering a compelling new set of interpretative ideas to the debate on the ancient economy

The Institution of the Hasmonean High Priesthood Vasile Babota, 2013-11-25 In The Institution of the Hasmonean High Priesthood Vasile Babota offers an interdisciplinary study of the establishment of the Hasmonean priests as high priests in Jerusalem from their revolt in 167 down to 140 The Hasmonean high priests exercised both religious and civil powers until 37 B C E and some acted also as kings Previous studies looked at them mainly from a biblical Jewish perspective Vasile Babota persuasively argues that the first high priests Jonathan and Simon acted as Hellenistic high priestly rulers This conclusion is based on an analysis of the activity of the high priests Jonathan and Simon on internal and external levels a comparison with earlier Jewish high priests and a comparison with Hellenistic Seleucid and Ptolemaic high priests

Antiochos III and the Cities of Western Asia Minor John Ma, 2000-03-10 This work examines a test case for the relationship between the polis and the Hellenistic empire focusing specifically on the interaction between

Antiochos III and the cities of Western Asia Minor 226 188 BC Such a study is possible thanks to a rich epigraphical documentation which has been reproduced extensively and translated in an appendix to this book Dr Ma approaches this material from a variety of angles narrative history structural analyses of imperial power and analyses of the functions played by language and stereotype in the interaction between rulers and ruled The result is to further a nuanced appreciation of the relation between the Hellenistic king and the Hellenistic polis by drawing attention to the power of the Hellenistic empires to the capacity of political language to modify power relations and to the efforts of the Hellenistic polis to preserve its sense of identity and civic pride if not its political independence Hellenistic Constructs Paul Cartledge, Peter Garnsey, Erich S. Gruen, 1997 The Hellenistic period approximately the last three centuries B C with its cultural complexities and enduring legacies retains a lasting fascination today Reflecting the vigor and productivity of scholarship directed at this period in the past decade this collection of original essays is a wide ranging exploration of current discoveries and questions The twelve essays emphasize the cultural interaction of Greek and non Greek societies in the Hellenistic period in contrast to more conventional focuses on politics society or economy The result of original research by some of the leading scholars in Hellenistic history and culture this volume is an exemplary illustration of the cultural richness of this period Paul Cartledge's introduction contains an illuminating introductory overview of current trends in Hellenistic scholarship The essays themselves range over broad questions of comparative historiography literature religion and the roles of Athens Rome and the Jews within the context of the Hellenistic world The volume is dedicated to Frank Walbank and includes an updated bibliography of his work which has been essential to our understanding of the Hellenistic period *Empires of the Sea*, 2019-10-07 Empires of the Sea brings together studies of maritime empires from the Bronze Age to the Eighteenth Century The volume aims to establish maritime empires as a category for the comparative study of premodern empires and from a partly non western perspective The book includes contributions on Mycenaean sea power Classical Athens the ancient Thebans Ptolemaic Egypt The Genoese Empire power networks of the Vikings the medieval Danish Empire the Baltic empire of Ancien Régime Sweden the early modern Indian Ocean the Melaka Empire the non European aspects of the Portuguese Empire and Dutch East India Company and the Pirates of Caribbean **Berenice II and the Golden Age of Ptolemaic Egypt** Dee L. Clayman, 2014 Berenice II c 264 221 BCE daughter of King Magas of Cyrene and wife of Ptolemy III Euergetes came to embody all the key religious political and artistic ideals of Ptolemaic Alexandria Though she arrived there nearly friendless with the taint of murder around her she became one of the most accomplished and powerful of the Macedonian queens descended from the successors of Alexander the Great She was at the center of a group of important poets and intellectuals associated with the Museum and Library not the least of which was Callimachus the most important poet of the age These men wrote poems not just for her but about her and their eloquent voices projected her charisma widely across the Greek speaking world Though the range of Berenice's interests was impressive and the quantity and quality of the poetry

she inspired unparalleled today she is all but known Assimilating the scant and scattered evidence of her life Dee L Clayman presents a woman who was more powerful and fascinating than we had previously imagined Berenice II and the Golden Age of Ptolemaic Egypt offers a portrait of a woman who had access to the cultural riches of both Greece and Egypt and who navigated her way carefully through the opportunities and dangers they presented ultimately using them to accrue unprecedented honors that were all but equal to those of the king

Hellenistic Studies at a Crossroads Richard Hunter, Antonios Rengakos, Evina Sistakou, 2014-07-08 This volume is a collection of fifteen papers written by a team of international experts in the field of Hellenistic literature In an attempt to reassess methods such as the detection of intertextual allusions or the general notion of neoteric poetics the authors combine current critical trends narratology genre theory aesthetics cultural studies with a close reading of Hellenistic texts Contributions address a wealth of topics in a variety of texts which include not only poems by the major Alexandrians but also prose works epigrams epigraphic material and scholia Perspectives range from linguistic analysis to interdisciplinary studies whereas post classical literature is also seen against the background of the cultural and ideological contexts of the era Besides reviewing preconceptions of Hellenistic scholarship this volume aims at providing fresh insights into Hellenistic literature and aesthetics

A Social and Economic History of the Theatre to 300 BC Eric Csapo, Peter Wilson, 2020-01-16 This is the second volume of *A Social and Economic History of the Theatre to 300 BC* and focuses exclusively on theatre culture in Attica Rural Dionysia and the rest of the Greek world It presents and discusses in detail all the documentary and material evidence for theatre culture and dramatic production from the first two centuries of theatre history namely the period c 500 to c 300 BC The traditional assumption is laid to rest that theatre was an exclusively or primarily Athenian institution with the inclusion of all sources of information for theatrical performances in twenty two deme sites and over one hundred and twenty independent Greek and some non Greek cities All texts are translated and made accessible to non specialists and specialists alike The volume will be a fundamental work of reference for all classicists and theatre historians interested in ancient theatre and its wider historical contexts

The Destruction of Cities in the Ancient Greek World Sylvian Fachard, Edward M. Harris, 2021-09-30 The book studies examples of destruction of Ancient Greek cities and provides examples of human resilience and economic recovery following catastrophe

Judah Between East and West Lester L. Grabbe, Oded Lipschits, 2013-05-01 This is a collection of essays examining the period of transition between Persian and Greek rule of Judah ca 400 200 BCE Subjects covered include the archaeology of Maresha Marisa Jewish identity Hellenization Hellenism Ptolemaic administration in Judah biblical and Jewish literature of the early Greek period the size and status of Jerusalem the Samaritans in the transition period and Greek foundations in Palestine

Cultures of Resistance in the Hellenistic East Paul J. Kosmin, Ian S. Moyer, 2022-05-26 This collaborative volume examines revolts and resistance to the successor states formed after Alexander the Great's conquest of the Persian empire as a transregional phenomenon The editors have assembled an array of specialists in the study of the

various regions and cultures of the Hellenistic world Judea Egypt Babylonia Central Asia and Asia Minor in an effort to trace comparisons and connections between episodes and modes of resistance The volume seeks to unite the currently dominant social scientific orientation to ancient resistance and revolt with perspectives often coming from religious studies that are more attentive to local cultural religious and moral frameworks In re assessing these frameworks contributors move beyond Greek non Greek binaries to examine resistance as complex and entangled acts and articulations of resistance are not purely nativistic or nationalist but conditioned by local traditions of government historical memories of prior periods as well as emergent transregional Hellenistic political and cultural idioms Cultures of Resistance in the Hellenistic East is organized into three parts The first part investigates the Great Theban Revolt and the Maccabean Revolt the central cases for large organized and prolonged military uprisings against the Hellenistic kingdoms The second part examines the full gamut of indigenous self assertion and resistant action including theologies of monarchic inadequacy patterns of historical periodization and textual interpretation and claims to sites of authority The volume s final part turns to the more ambiguous assertions of local autonomy and identity that emerge in the frontier regions that slipped in and out of the grasp of the great Hellenistic powers

Greece, Macedon and Persia Timothy Howe, Erin Garvin, Graham Wrightson, 2015-03-12

Greece Macedon and Persia contains a collection of papers related to the history and historiography of warfare politics and power in the Ancient Mediterranean world The contributions written by 19 recognized experts from a variety of methodological and evidentiary perspectives show how ancient peoples considered war and conflict at the heart of social political and economic activity Though focusing on a single theme war the papers are firmly based in the context of the wider social and literary issues of Ancient Mediterranean scholarship and as such consider war and conflict as part of a complex matrix of culture in which historical actors articulate their relationships with society and historical authors articulate their relationships with history The result is a rich understanding of Ancient World history and history writing The volume is presented in honour of Waldemar Heckel a foremost scholar of Alexander the Great and ancient warfare
