The Gun In America The Origins Of A National Dilemma

Amy Louise Wood

The Gun In America The Origins Of A National Dilemma:

The Gun in America Lee Kennett, James Anderson, 1975-03-18 Straight from the frontier of scientific investigation Nowhere is creative scientific talent busier than in the world of inorganic chemistry And the respected Progress in Inorganic Chemistry series has long served as an exciting showcase for new research in this area With contributions from internationally renowned chemists this latest volume reports the most recent advances in the field providing a fascinating window on the emerging state of the science This series is distinguished not only by its scope and breadth but also by the depth and quality of the reviews Journal of the American Chemical Society This series has won a deservedly honored place on the bookshelf of the chemist attempting to keep afloat in the torrent of original papers on inorganic chemistry Chemistry in Britain CONTENTS OF VOLUME 48 Synthesis Structure and Properties of Organic Inorganic Perovskites and Related Materials David B Mitzi IBM T J Watson Research Center Yorktown Heights New York Transition Metals in Polymeric 1 Conjugated Organic Frameworks Richard P Kingsborough and Timothy M Swager Massachusetts Institute of Technology Cambridge Massachusetts The Transition Metal Coordination Chemistry of Hemilabile Ligands Caroline S Slone Dana A Weinberger and Chad A Mirkin Northwestern University Evanston Illinois Organometallic Fluorides of the Main Group Metals Containing the C M F Fragment Balaji R Jagirdar Eamonn F Murphy and Herbert W Roesky Universit t G ttingen Germany Coordination Complex Impregnated Molecular Sieves Synthesis Characterization Reactivity and Catalysis Partha P Paul Southwest Research Institute San Antonio Texas Advances in Metal Boryl and Metal Mediated B X Activation Chemistry Milton R Smith III Michigan State University East Lansing Michigan The Gun in America Lee Kennett, James LaVerne Anderson, 1975 21st Century Criminology: A Reference Handbook J. Mitchell Miller, 2009-08-06 21st Century Criminology A Reference Handbook provides straightforward and definitive overviews of 100 key topics comprising traditional criminology and its modern outgrowths The individual chapters have been designed to serve as a first look reference source for most criminological inquires Both connected to the sociological origins of criminology i e theory and research methods and the justice systems response to crime and related social problems as well as coverage of major crime types this two volume set offers a comprehensive overview of the current state of criminology From student term papers and masters theses to researchers commencing literature reviews 21st Century Criminology is a ready source from which to quickly access authoritative knowledge on a range of key issues and topics central to contemporary criminology **America's Gun Wars** Donald J. Campbell, 2019-04-10 This book examines the controversies surrounding gun control which are less about whether it works and more about whether the nation should prioritize traditional values of rugged independence or newer values of communitarian interdependence America s Gun Wars contends that an understanding of America s gun controversy cannot be found in statistics documenting the rise or fall of violent crime or in examining trade offs between societal needs and personal safety or in following the political maneuvering of advocacy groups such as the National Rifle Association or

Everytown for Gun Safety At heart the gun controversy is a values conflict involving how people see themselves and how they make sense of the world they live in Understanding this controversy requires a deep analysis of the profoundly different cultures inhabited by pro and anti gun activists lawmakers and voters Written by a social scientist who has spent his life exploring how values and self perceptions impact behavior this book explores the origins and evolution of cultures in American society the beliefs experiences and principles that guide the behavior of members in both camps and the triumphs and failures that the two sides have experienced from colonial times to the present day **Under the Gun** James D. Wright, Peter Henry Rossi, Kathleen Daly, In 1978 the Social and Demographic Research Institute of the University of Massachusetts Amherst received a grant from the National Institute of Justice to undertake a comprehensive review of the literature on weapons crime and violence in the United States The purpose of the project is best described as a sifting and winnowing of the claims and counterclaims from both sides of the Great American Gun War the perennial struggle in American political life over what to do if anything about guns about violence and about crime The review and analysis of the available studies consumed the better part of three years the results of this work are contained in this volume The intention of any review is to take stock of the available fund of knowledge in some topical area Under the Gun is no different our goal has been to glean from the volumes of previous studies those facts that in our view seem firmly and certainly established those hypotheses that seem adequately supported by or at least approximately consistent with the best available research evidence and those areas or topics about which it seems we need to know a lot more than we do One of our major conclusions can be stated in advance despite the large number of studies that have been done many critically important questions have not been adequately researched and some of them have not been examined at all Much of the available research in the area of weapons and crime has been done by advocates for one or another policy position As a consequence the manifest intent of many studies is to persuade rather than to inform We have tried to approach the topic from a purely agnostic point of view treating as an open question what policies should be enacted with regard to gun or crime control Thus we have tried to judge each study on its own merits on the basis of the routine standards normally applied to social scientific research and not on the basis of how effectively it argues for a particular policy direction It would of course be presumptuous to claim that we have set aside all our own biases in conducting this study Whether or not our treatment is fair and objective is clearly something for the reader and not us to decide **Crime and Public Policy** James Q. Wilson, Joan Petersilia, 2012-06-01 Crime in the United States has fluctuated considerably over the past thirty years as have the policy approaches to deal with it During this time criminologists and other scholars have helped to shed light on the role of incarceration prevention drugs guns policing and numerous other aspects to crime control Yet the latest research is rarely heard in public discussions and is often missing from the desks of policymakers This book accessibly summarizes the latest scientific information on the causes of crime and evidence about what does and does not work to control it Thoroughly

revised and updated this new version of Crime and Public Policy will include twenty chapters and five new substantial entries. As with previous editions each essay reviews the existing literature, discusses the methodological rigor of the studies, identifies what policies and programs the studies suggest, and then points to policies now implemented that fail to reflect the evidence. The chapters cover the principal institutions of the criminal justice system: juvenile justice, police, prisons, probation, and parole; sentencing; how broader aspects of social life inhibit or encourage crime; biology, schools, families, communities, and topics currently generating a great deal of attention: criminal activities of gangs, sex offenders, prisoner reentry, changing crime rates. With contributions from trusted leading scholars, Crime and Public Policy offers the most comprehensive and balanced guide to how the latest and best social science research informs the understanding of crime and its control for policymakers, community leaders, and students of crime and criminal justice.

Gun Culture or Gun Control? Peter Squires, 2012-12-06. In 1996 the shooting and killing of 16 young children in a Dunblane primary school provoked wide-reaching parliamentary reform to British gun laws. Within months virtually all privately owned handguns had been outlawed. Gun Culture or Gun Control presents the first substantial analysis of the social and political reactions to events in Dunblane and also examines many of the wider issues relating to gun control in the United Kingdom. Rigorously comparative throughout, Peter Squires provides a non-partisan exploration of the differences between attitudes to firearms and their control in Britain and in the United States. Amongst the topics the author considers are the social history of firearms on both sides of the Atlantic, the differing policy directions adopted in Britain and the USA, media coverage of the gun question, firearms and policing, the future of the gun in society.

Library Book Catalog National Institute of Law Enforcement and Criminal Justice. Office of Technology Transfer, The Oxford Encyclopedia of American Political and Legal History, 2012-04-17. The Oxford Encyclopedia of American Political and Legal History brings together in one authoritative reference work an unparalleled wealth of information about the laws, institutions, and actors that have governed America throughout its history. Embracing the interconnectedness of politics and law, The Encyclopedia addresses all aspects of both spheres, from presidents and Supreme Court justices to specifics of policy, history, critical legislation, and party formation. Entries capture the unique nature of the nation's founding principles embodied in the Constitution, the expansive nature of American democracy, political conflict and compromise, and the emergence of the modern welfare and regulatory state, all of which evince the tensions, contradictions, and possibilities manifest throughout America's history. Clearly demonstrating how US politics and law have evolved since the colonial era, The Encyclopedia encourages readers to anticipate further changes. With over 450 articles by expert scholars, each signed entry features numerous cross-references and discussion of political and legal history, as well as additional sources for further study. This two-volume A to Z compendium is a reference work of unparalleled depth and scope and will introduce a new generation of readers to the complexities of this dynamic field of study. It also features extensive cross-referencing, a topical outline, and a subject index.

Encyclopedia of Law and Society

David S. Clark,2007-07-10 This work will be very valuable for academic and public libraries supporting prelaw law social and cultural studies Summing Up Highly recommended Upper level undergraduates through professionals practitioners general readers CHOICE There are two aspects of scholarship about the legal systems of our day that are especially salient one being for the first time there is a fair amount of genuine research on legal systems and two that this research is increasingly global As soon as you cross a jurisdictional line even if it separates countries that are very similar you enter a different legal system It cannot be assumed that any particular rule doctrine or practice is the same in any two jurisdictions regardless of how close these jurisdictions are in terms of history and tradition The Encyclopedia of Law and Society is the largest comprehensive and international treatment of the law and society field With an Advisory Board of 62 members from 20 countries and six continents the three volumes of this state of the art resource represent interdisciplinary perspectives on law from sociology criminology cultural anthropology political science social psychology and economics By globalizing the Encyclopedia s coverage American and international law and society will be better understood within its historical and comparative context Key Features Includes more than 700 biographical entries that are historical comparative topical thematic and methodological Presents the rich diversity of European Latin American Asian African and Australasian developments for the first time in one place to reveal the truly holistic interdisciplinary virtues of law and society Examines how and why legal systems grow and change how and why they respond or fail to respond to their environment how and why they impact the life of society and how and why the life of society impacts in turn these legal systems With borders more porous than ever before this Encyclopedia reflects the paradoxical reality of modern life including legal life This valuable resource aims to present research along with the theories on which it is grounded fairly and comprehensively and is a must have for all academic libraries

The New Encyclopedia of Southern Culture Amy Louise Wood,2011-11-14 Much of the violence that has been associated with the United States has had particular salience for the South from its high homicide rates or its bloody history of racial conflict to southerners popular attachment to guns and traditional support for capital punishment With over 95 entries this volume of The New Encyclopedia of Southern Culture explores the most significant forms and many of the most harrowing incidences of violence that have plagued southern society over the past 300 years Following a detailed overview by editor Amy Wood the volume explores a wide range of topics such as violence against and among American Indians labor violence arson violence and memory suicide and anti abortion violence Taken together these entries broaden our understanding of what has driven southerners of various classes and various ethnicities to commit acts of violence while addressing the ways in which southerners have conceptualized that violence responded to it or resisted it This volume enriches our understanding of the culture of violence and its impact on ideas about law and crime about historical tradition and social change and about race and gender not only in the South but in the nation as a whole **Arming and Disarming**

R. Blake Brown,2012-10-23 From the Cole Polytechnique shootings of 1989 to the political controversy surrounding the

elimination of the federal long gun registry the issue of gun control has been a subject of fierce debate in Canada But in fact firearm regulation has been a sharply contested issue in the country since Confederation Arming and Disarming offers the first comprehensive history of gun control in Canada from the colonial period to the present In this sweeping immersive book R Blake Brown outlines efforts to regulate the use of guns by young people punish the misuse of arms impose licensing regimes and create firearm registries Brown also challenges many popular assumptions about Canadian history suggesting that gun ownership was far from universal during much of the colonial period and that many nineteenth century lawyers including John A Macdonald believed in a limited right to bear arms Arming and Disarming provides a careful exploration of how social economic cultural legal and constitutional concerns shaped gun legislation and its implementation as well as how these factors defined Canada s historical and contemporary gun culture

Whose Right to Keep and Bear Arms? the Second Amendment as a Source of Individual Rights United States. Congress. Senate. Committee on the Judiciary. Subcommittee on the Constitution, Federalism, and Property Rights,1999

Essays in the History of Canadian Law G. Blaine Baker,Donald Fyson,1981-01-01 The essays in this volume deal with the legal history of the Province of Quebec Upper and Lower Canada and the Province of Canada between the British conquest of 1759 and confederation of the British North America colonies in 1867 The backbone of the modern Canadian provinces of Ontario and Quebec this geographic area was unified politically for more than half of the period under consideration As such four of the papers are set in the geographic cradle of modern Quebec four treat nineteenth century Ontario and the remaining four deal with the St Lawrence and Great Lakes watershed as a whole The authors come from disciplines as diverse as history socio legal studies women s studies and law The majority make substantial use of second language sources in their essays which shade into intellectual history social and family history regulatory history and political history
