Set in the remote arctic region of Northern Canada this book takes readers on a harrowing canoe voyage that results in tragedy redemption and ultimately transformation George Grinnell was one of six young men who set off on the 1955 expedition led by experienced wilderness canoeist Art Moffatt Poorly planned and executed the journey seemed doomed from the start Ignoring the approaching winter the men became entranced with the peace and beauty of the arctic in autumn As winter closed in they suddenly faced numbing cold and dwindling food When the crew is swept over a waterfall Moffatt is killed and most of the gear and emergency food supplies destroyed Confronting freezing conditions and near starvation the remaining crew struggled to make it back to civilization For Grinnell the three month expedition was both a rite of passage and a spiritual odyssey In the Barrens he lost his sense of identity and what he had been conditioned to think about society and himself Forever changed by the experience he unsparingly describes how the expedition influenced his adult life and what powerful insights he was able to glean from this life altering experience

Materijali za istorijata na Makedonija , 1982 In Bad Company and Other Stories Rolf Boldrewood, 2020-07-27
Reproduction of the original In Bad Company and Other Stories by Rolf Boldrewood Midamerica , 1983 **The Story of Northern Soul** David Nowell, 2012-05-01
What began as an underground 60s Mod scene in unlicensed no frills clubs in the North West of England became a youth craze that has long surpassed all others The Northern Soul scene has confounded its critics by surviving and growing into an adult dance phenomenon whose followers share a passion for the music of Black America unrivalled anywhere else in the world The Story of Northern Soul takes the first ever in depth look at the culture the music the artists and the people frequenting the all night venues which are synonymous with the British Soul Scene Packed with memorabilia and anecdotes from the Twisted Wheel in Manchester to the mighty Wigan Casino The Story of Northern Soul is the definitive history of a dance scene that refuses to die Women's Utopias in British and American Fiction Nan Bowman Albinski, 2019-11-21
Utopian writing offers a fascinating panorama of social visions and the related forms of dystopia and anti utopian satire extend this into the range of social nightmares Originally published in 1988 this comparative study of utopian fiction by British and American women writers demonstrates the continuity of a well established but little known tradition emphasising its range and diversity and providing ample evidence of women s aspirations and documenting the restrictions and exclusions in private and public life that their novels challenge Historically the growth of each national tradition is traced in relation to social and political movements particularly the suffrage movement and contemporary feminism Comparatively the quite different responses of British and American women to what are in many instances the

same social problems are examined in the light of changing expectations. Definitions of human nature and gender relationships are assessed on a nature/culture continuum as a means of understanding this change. Women's attitudes to their social and political roles, their working lives, to sexuality, marriage, and the family are reflected in their visions of fruitful change, and so also is the impact of two world wars, socialism, and fascism, the debate on peaceful uses of nuclear energy, and fears of a nuclear holocaust.

The Heron Dance Book of Love and Gratitude Roderick MacIver, 2011-02-08. In *The Heron Dance Book of Love and Gratitude*, Roderick MacIver uses text and pictures to encourage readers to discover that all transcendent meaning in their daily lives. This wise and comforting book celebrates the open heart and the beauty and mystery that surround us through a wide array of voices and perspectives. MacIver weaves inspirational poetry and prose with his shimmering nature watercolors to create a book that helps readers discover and honor love and gratitude. These quotes from men and women span time and geography but share a sense of hard-won wisdom. Henry Miller finds unexpected late-life solace in embracing the simple quality of trust. Gabriel Garcia Marquez muses, "If I knew that this would be the last time you pass through this door, I'd embrace you, kiss you, and call you back for one more." Helen Keller says, "God is in me, as the sun is in the color and fragrance of a flower." This book is equally rewarding when sampled or read cover to cover as a respite from the pressures of modern life.

Singing River Story Laura Hildick Burge, 2005-11. The legend of the Singing River has evolved into a world where the folds of time touch to transport Lauren Rayburn, a pursued mother, back to the 17th century. Here she finds a Native American tribe untouched by the encroaching Europeans. Her presence sparks an age-old war that had almost extinguished the peaceful tribe many years before.

[More Stories from Langley](#) Edward Mickolus, 2020-09-01. Who knew the CIA needed librarians? *More Stories from Langley* reveals the lesser-known operations of one of the most mysterious government agencies in the United States. Edward Mickolus is back with more stories to answer the question: What does a career in the CIA look like? Advice and anecdotes from both current and former CIA officers provide a look at the side of intelligence operations that is often left out of the movies. What was it like working for the CIA during 9/11? Do only spies get to travel? *More Stories from Langley* has physicists getting recruited to the agency during the Cold War, foreign language majors getting lucky chances and quests to learn by living, turning into sweaty, palmed calls to the U.S. embassy after being detained by Russian intelligence officers. The world only needs so many suave super spies. *More Stories from Langley* shows how important academics, retired soldiers, and bilingual nannies can be in preserving the security of our nation.

[Kinds of Winter](#) Dave Olesen, 2014-12-05. A veteran dog musher, Dave Olesen finished the Iditarod Trail Sled Dog Race eight times. After a fifteen-year career as a sled dog racer, Olesen set out to fulfill a lifelong dream. In four successive winters, he steered his dogs and sled on long trips away from his remote Northwest Territories homestead, setting out in turn to the south, east, north, and west, and home again to

Hoarfrost River His narrative ranges from the personal and poignant musings of a dogsled driver to loftier planes of introspection and contemplation Olesen describes his journeys day by day but this book is not merely an account of his travels Neither is it yet another offering in the genre of wide eyed southerner meets the Arctic because Olesen is a firmly rooted northerner having lived and travelled in the boreal outback for over thirty years Olesen s life story colours his writing educated immigrant husband and father professional dog musher working bush pilot and denizen of log cabins far off the grid He and his dogs feel at home in country lying miles back of beyond This book demolishes many of the clichés that imbue writings about bush life the Far North and dogsledding It is a unique blend of armchair adventure personal memoir and thoughtful down to earth reflection

South Asian Folklore in Transition Frank J. Korom, Leah K. Lowthorp, 2020-05-21 The Indian Subcontinent has been at the centre of folklore inquiry since the 19th century yet while much attention was paid to India by early scholars folkloristic interest in the region waned over time until it virtually disappeared from the research agendas of scholars working in the discipline of folklore and folklife This fortunately changed in the 1980s when a newly energized group of younger scholars who were interested in a variety of new approaches that went beyond the textual interface returned to folklore as an untapped resource in South Asian Studies This comprehensive volume further reinvigorates the field by providing fresh studies and new models both for studying the lore and the life of everyday people in the region as well as their engagement with the world at large By bringing Muslims material culture diasporic horizons global interventions and politics to bear on South Asian folklore studies the authors hope to stimulate more dialogue across theoretical and geographical borders to infuse the study of the Indian Subcontinent s cultural traditions with a new sense of relevance that will be of interest not only to areal specialists but also to folklorists and anthropologists in general This book was originally published as a special issue of *South Asian History and Culture*
