## **Sir Gawain And The Green Knight York Medieval Texts:**

**New Perspectives on Middle English Texts** Susan Powell, Jeremy J. Smith, 2000 This collection of essays by experts in the field on major late Middle English texts concentrates on the alliterative tradition particularly *Sir Gawain and the Green Knight* In addition there are papers on Chaucer and Henryson *Sir Gawain and the Green Knight*, 1993 *Sir Gawain and the Green Knight* Ronald A. Waldron, 1970 *The Works of the Gawain-poet* Charles Moorman, 1976 **Sin: Essays on the Moral Tradition in the Western Middle Ages** Richard Newhauser, 2023-07-28 Richard Newhauser examines here aspects of the moral tradition of medieval thought specifically the construction of the seven deadly sins their offspring and related schematizations of immorality in the Latin West The emphasis in these studies is on the malleability of moral categories their relationship to changes in medieval culture and the creativity and sensitivity of the thinkers who made use of the concepts of sinfulness in the Middle Ages The first section examines the contexts in which the seven deadly sins or nine accessory sins are found in medieval Latin English and German texts and in particular the genre of the treatise on vices and virtues as the major vehicle in which concepts of immorality were examined and presented to a variety of audiences for meditative or pastoral purposes The second section deals with one of the more interesting of the seven deadly sins avarice in its penitential literary apocalyptic and institutional contexts as its definition changed slowly with developing commercial experiences in medieval Europe In the last section the breadth of the concept of a sinful curiosity is examined and its historical development is delineated in the thought of Augustine of Hippo and the early Cistercians **The Legend of Arthur in the Middle Ages** Armel Hugh Diverres, 1983 **Sir Gawain and the Classical Tradition** E.L. Ridsen, 2018-03-09 The 14th century English alliterative poem *Sir Gawain and the Green Knight* is admired for its morally complex plot and brilliant poetics A chivalric romance placed in an Arthurian setting it has since received acclaim for its commentary regarding important socio political and religious concerns The poem's technical brilliance blends psychological depth and vivid language to produce an effect widely considered superior to any other work of the time Although the poem is a combination of English alliterative meter romanticism and a wide ranging knowledge of Celtic lore continental materials and Latin classics the extent to which Classical antecedents affected or directed the poem is a point of continued controversy among literary scholars This collection of essays by scholars of diverse interests addresses this puzzling and fascinating question The introduction provides an expansive background for the topic and subsequent essays explore the extent to which classical Greek Roman Arabic Christian and Celtic influences are revealed in the poem's opening and closing allusions themes and composition Essays discuss the way in which the anonymous author of *Sir Gawain* employs figural echoes of classical materials cultural memoirs of past British tradition and romantic re textualizations of Trojan and British literature It is argued that *Sir Gawain* may be understood as an Aeneas Achilles or Odysseus figure while the British situation in the 14th century may be understood as analogous to that of ancient Troy **Art of the Gawain-poet** W. A. Davenport, 2001-07-01 Starting from the

assumption that Pearl Purity Patience and Sir Gawain and the Green knight are by one poet W A Davenport seeks to define the nature of his art He makes a close analysis of each poem considering the four not so much in their historical context as for their immediate poetic effect     *Manuscript, Narrative, Lexicon* Robert Boenig, Kathleen Davis, 2000 Each of these essays considers the convoluted nature of the transmission process in question and reconsiders the historical framework that has informed our own reception of it

**BOOK JACKET     A Companion to Medieval English Literature and Culture, c.1350 - c.1500** Peter Brown, 2009-10-26 A Companion to Medieval English Literature and Culture c 1350 c 1500 challenges readers to think beyond a narrowly defined canon and conventional disciplinary boundaries A ground breaking collection of newly commissioned essays on medieval literature and culture Encourages students to think beyond a narrowly defined canon and conventional disciplinary boundaries Reflects the erosion of the traditional rigid boundary between medieval and early modern literature Stresses the importance of constructing contexts for reading literature Explores the extent to which medieval literature is in dialogue with other cultural products including the literature of other countries manuscripts and religion Includes close readings of frequently studied texts including texts by Chaucer Langland the Gawain poet and Hoccleve Confronts some of the controversies that exercise students of medieval literature such as those connected with literary theory love and chivalry and war     Arthurian Legend and Literature: The Middle Ages Edmund Reiss, Louise Horner Reiss, Beverly Taylor, 1984     *The New Cambridge Bibliography of English Literature: Volume 1, 600-1660* George Watson, Ian Roy Willison, 1974-08-29 More than fifty specialists have contributed to this new edition of volume 1 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries     *Writings on Love in the English Middle Ages* H. Cooney, 2006-09-02 This is a set of essays from many of the leading scholars in the world of medieval studies which addresses a wide diversity of texts and genres and their diverse perspectives on love Attention is given to interaction between English writings and putative continental and international influences with particular emphasis on the works of Chaucer     Understanding Genre and Medieval Romance K.S. Whetter, 2017-05-15 Unique in combining a comprehensive and comparative study of genre with a study of romance this book constitutes a significant contribution to ongoing critical debates over the definition of romance and the genre and artistry of Malory's *Morte Darthur* K S Whetter offers an original approach to these issues by prefacing a comprehensive study of romance with a wide ranging and historically diverse study of genre and genre theory In doing so Whetter addresses the questions of why and how romance might usefully be defined and how such an awareness of genre and the expectations that come with such awareness impact

upon both our understanding of the texts themselves and of how they may have been received by their contemporary medieval audiences As an integral part the study Whether offers a detailed examination of Sir Thomas Malory's *Le Morte Darthur* a text usually considered a straightforward romance but which Whether argues should be reclassified and reconsidered as a generic mixture best termed tragic romance This new classification is important in helping to explain a number of so called inconsistencies or puzzles in Malory's text and further elucidates Malory's artistry Whether offers a powerful meditation upon genre romance and the *Morte* which will be of interest to faculty graduate students and undergraduates alike

*Handbook of Arthurian Romance* Leah Tether, Johnny McFadyen, 2017-06-26 The renowned and illustrious tales of King Arthur his knights and the Round Table pervade all European vernaculars as well as the Latin tradition Arthurian narrative material which had originally been transmitted in oral culture began to be inscribed regularly in the twelfth century developing from pseudo historical beginnings in the Latin chronicles of historians such as Geoffrey of Monmouth into masterful literary works like the romances of Chr tien de Troyes Evidently a big hit Arthur found himself being swiftly translated adapted and integrated into the literary traditions of almost every European vernacular during the thirteenth and fourteenth centuries This Handbook seeks to showcase the European character of Arthurian romance both past and present By working across national philological boundaries which in the past have tended to segregate the study of Arthurian romance according to language as well as by exploring primary texts from different vernaculars and the Latin tradition in conjunction with recent theoretical concepts and approaches this Handbook brings together a pioneering and more complete view of the specifically European context of Arthurian romance and promotes the more connected study of Arthurian literature across the entirety of its European context

**The Middle English Romances of the Thirteenth and Fourteenth Centuries (Routledge Revivals)** Dieter Mehl, 2010-10-18 First published in English in 1968 this book provides a critical guide to the wide field of the Middle English Romances and gives a helpful survey of the contemporary state of scholarship Dr Mehl traces the development of Middle English Romances from the thirteenth to the end of the fourteenth century and interprets a number of these romances The emphasis is literary on their form and dominant themes rather than source material or language

*English Literature of the Middle Ages* Stephen Coote, 1988 This new guide covers seven hundred years of English literature Stephen Coote describes the major figures and works of the period Beowulf King Alfred Chaucer Langland Henryson the Gawain poet and Malory as well as lesser known poets Considerable attention is given to Chaucer and the extensive treatment of *Troilus and Criseyde* demonstrates the range of concerns that can be brought to a medieval text Chapters are devoted to alliterative poetry popular romance ballad and lyric medieval drama and Middle English prose set against a background of the European literary tradition and of medieval circumstances and ways of thought The discussion of the development of the language from Old English to Middle English show how through the genius of Chaucer it took its place beside the great literary vernaculars of Europe Book cover

**Codex Ashmole 61** George

Shuffelton,2008-12-01 Since its rediscovery by nineteenth century scholarship Oxford Bodleian Library MS Ashmole 61 has never been ignored though it has also not gained a great deal of notoriety beyond the scholars of Middle English romance It is hoped that the present volume will encourage study of the entire manuscript as a valuable witness to the devotional habits cultural values and popular tastes of late medieval England      **Key Concepts in Medieval Literature** Elizabeth

Solopova,Stuart Lee,2007-07-20 Key Concepts in Medieval Literature introduces students to the major authors themes and genres of the English Middle Ages These are discussed in concise focused essays accompanied by summaries and recommendations for further reading highlighting the need to see texts in context both historically and linguistically      **The**

**Cambridge History of English Poetry** Michael O'Neill,2010-04-29 Poetry written in English is uniquely powerful and suggestive in its capacity to surprise unsettle shock console and move The Cambridge History of English Poetry offers sparkingly fresh and dynamic readings of an extraordinary range of poets and poems from Beowulf to Alice Oswald An international team of experts explores how poets in England Scotland Wales and Ireland use language and to what effect examining questions of form tone and voice they comment too on how formal choices are inflected by the poet s time and place The Cambridge History of English Poetry is the most comprehensive and authoritative history of the field from early medieval times to the present It traces patterns of continuity transformation transition and development Covering a remarkable array of poets and poems and featuring an extensive bibliography the scope and depth of this major work of reference make it required reading for anyone interested in poetry
