Six Poets Of The San Francisco Renaissance Portraits And Checklists:

Six Poets of the San Francisco Renaissance David Kherdian, 1967 **The Postmoderns** Donald Allen, George F. Butterick, 1982 This anthology includes many of the major poets to have emerged and gained pre eminence since World War II and whose writing reflects not only the significant changes in this nation s postwar history and the coming to grips with a nuclear age but also an entirely new way of looking at and structuring reality United by their postmodernist concerns with spontaneity instantism formal and syntactic flexibility and the revelation of both the creator and the process through the writing itself these 38 poets represent very diverse strains of an essential American individualism Included are many of the poets whose work first gained widespread national attention with the 1960 publication of *The New American Poetry* Charles Olson Allen Ginsberg Paul Blackburn LeRoi Jones Amiri Baraka Denise Levertov Robert Duncan and others Among the poets included here for the first time are Anne Waldman Diane di Prima Ed Sanders Jerome Rothenberg and James Koller In addition to a new preface by Allen and Butterick the book provides autobiographical notes of all the poets and listings of their major works *American Poets and Poetry* Jeffrey Gray, Mary McAleer Balkun, James McCorkle, 2015-03-10 The ethnically diverse scope broad chronological coverage and mix of biographical critical historical political and cultural entries make this the most useful and exciting poetry reference of its kind for students today American poetry springs up out of all walks of life its poems are maternal as well as paternal stuff d with the stuff that is coarse and stuff d with the stuff that is fine as Walt Whitman wrote adding Of every hue and caste am I of every rank and religion Written for high school and undergraduate students this two volume encyclopedia covers U S poetry from the Colonial era to the present offering full treatments of hundreds of key poets of the American canon What sets this reference apart is that it also discusses events movements schools and poetic approaches placing poets in their social historical political cultural and critical contexts and showing how their works mirror the eras in which they were written Readers will learn about surrealism ekphrastic poetry pastoral elegy the Black Mountain poets and language poetry There are long and rich entries on modernism and postmodernism as well as entries related to the formal and technical dimensions of American poetry Particular attention is paid to women poets and poets from various ethnic groups Poets such as Amiri Baraka Nathaniel Mackey Natasha Trethewey and Tracy Smith are featured The encyclopedia also contains entries on a wide selection of Latino and Native American poets and substantial coverage of the avant garde and experimental movements and provides sidebars that illuminate key points *Historical Dictionary of the Beat Movement* Paul Varner, 2012-06-21 The Beat Movement was one of the most radical and innovative literary and arts movements of the 20th century and the history of the Beat Movement is still being written in the early years of the 21st century Unlike other kinds of literary and artistic movements the Beat Movement is self perpetuating After the 1950s generation headlined by Jack Kerouac Allen Ginsberg and William S Burroughs a new generation arose in the 1960s led by writers such as Diane Wakoski Anne Waldman and poets from the East Side Scene In the 1970s and 1980s writers

from the Poetry Project at St Mark's Church and contributors to World magazine continued the movement. The 1980s and 1990s Language Movement saw itself as an outgrowth and progression of previous Beat aesthetics. Today poets and writers in San Francisco still gather at City Lights Bookstore and in Boulder at the Jack Kerouac School of Disembodied Poetics and continue the movement. It is now a postmodern movement and probably would be unrecognizable to the earliest Beats. It may even be in the process of finally shedding the name Beat. But the Movement continues.

The *Historical Dictionary of the Beat Movement* covers the movement's history through a chronology, an introductory essay, and an extensive bibliography. The dictionary section has over 700 cross-referenced entries on significant people, themes, critical issues, and the most significant novels, poems, and volumes of poetry and prose that have formed the Beat canon. This book is an excellent access point for students, researchers, and anyone wanting to know more about the Beat Movement.

Updating the Literary West, 1997
 Western writers says Thomas J. Lyon in his epilogue to *Updating the Literary West* have grown up with the frontier myth but now find themselves in the early stages of creating a new western myth. The editors of the *Literary History of the American West* (TCU Press, 1987) hoped that the first volume would begin, not conclude, their exploration of the West's literary heritage. Out of this hope comes *Updating the Literary West*, a comprehensive reference anthology including essays by over one hundred scholars. A selected bibliography is included with each piece. In the ten years since publication of *LHAW*, western writing has developed a significantly larger presence in the national literary stream. A variety of cultural viewpoints have developed along with new tactics for literary study. New authors have risen to prominence and the range of subjects has changed and widened. *Updating the Literary West* looks at topics ranging from western classics to cowboys and Cadillacs and considers children's literature, ethnicity, environmental writing, gender issues, and other topics in which change has been rapid since publication of *LHAW*. This volume again affirms the West's literary legitimacy, status hard earned by the Western Literary Association and the lasting place of popular western writing as part of the growing and changing literary and American experience. An excellent reference for a wide range of readers and an invaluable resource for scholars and libraries.

Selected list of contributors: James Maguire, Fred Erisman, Susan J. Rosowski, Gerald Haslam, Tom Pilkington, A. Carl Bredahl, Richard Slotkin, John G. Cawelti, Robert F. Gish, Ann Ronald, Mick McAllister.

William Everson: Lee Bartlett, 1988. In the annals of modern American letters, William Everson holds prime place as a poet of conscience and consciousness of self; his richly textured verse mapping his extraordinary inner journey as social activist, Dominican brother, and preeminent religious and philosophical poet. In *William Everson: The Life of Brother Antoninus*, Lee Bartlett charts the outer journey, drawing on the reminiscences of the poetry, his friends, and a wealth of archival material.

Gary Snyder and the American Unconscious T. Dean, 1991-01-31. This book presents a new theory of American culture based not on the phenomenologically and existentially derived vocabularies of consciousness which have dominated earlier accounts but rather on a revitalized notion of the unconscious. Drawing on the writings of the French psychoanalyst Jacques Lacan, Dean

develops a theory of the constitution of the very notion of America itself as based on a complicated relation to the American landscape **Guide to the Study of United States Imprints** George Thomas Tanselle,1971 *Six Poets of the San Francisco Renaissance.* (Lawrence Ferlinghetti ... Gary Snyder ... Philip Whalen ... David Meltzer ... Michael McClure ... *Brother Antoninus.*) Portraits and Checklists ... Introduction by William Saroyan David Kherdian, Lawrence Ferlinghetti, Michael McClure, David MELTZER, Gary Snyder, Philip Whalen, 1967 *The Beats* Nancy Grace, 2021-03-11 This survey of the many little magazines carrying the Beat message is impressive in its coverage drawing attention to the importance of their paratextual content in providing valuable socio political context The collection contains a range of insightful close readings astute contextualizing and inventive lateral pedagogical thinking charting the transformation of the Beat scene from its free wheeling self help heady revolutionary 1960 s days to its contemporary position as an increasingly respectable component of the curriculum The Beats A Teaching Companion is successful on a number of levels it is a noteworthy contribution to the ever expanding field of Beat studies and more broadly cultural studies and it is a collection that at its best gives hope that in referring to its ideas the inspired teacher may still be able to enlarge the lives of their students John Shapcott Keele University *Benchmark & Blaze* Lee Bartlett, 1979 The first published book length study of the American poet William Everson offering 22 important articles written since 1958 to acquaint the reading public with Everson s achievement Authors include Kenneth Rexroth Albert Gelpi William Stafford Linnea Gentry A V Krebs Brendon Cavanaugh Harry Cargas and the editors of Time With introduction chronology selected bibliography and index *Han Shan, Chan Buddhism and Gary Snyder's Ecopoetic Way* Joan Qionglin Tan, 2009-05-07 Presents a comparative study of the ninth century Chinese poet and recluse Han Shan Cold Mountain and Gary Snyder an American poet and environmental activist This book explains how Chan Buddhism has the potential to be recognized as an important voice in contemporary ecopoetry **Modern Book Collecting** Robert A. Wilson, 2010-11-01 Modern Book Collecting offers advice that answers all the basic questions a book lover and collector might have what to collect and where to find it how to tell a first edition from a reprint how to build an author collection how to get the best price from dealers how to understand the prices and rarity of books and more With a handy dictionary of terms used in auction and dealer catalogs and a new section on Internet resources this is a must have guide for book lovers *Newsletter* Society for the Study of Midwestern Literature (U.S.), 1971

The View from On the Road Omar Swartz, 1999 Through careful analysis of Jack Kerouac s *On the Road* Omar Swartz argues that Kerouac s influence on American society is largely rhetorical Kerouac s significance as a cultural icon can be best understood Swartz asserts in terms of traditional rhetorical practices and principles To Swartz Kerouac is a rhetor who symbolically reconstructs his world and offers arguments and encouragements for others to follow Swartz proposes that *On the Road* constitutes a rhetorical vision a reality defining discourse suggesting alternative possibilities for growth and change Swartz asserts that the reader of Kerouac s *On the Road* becomes capable of responding to the larger confusing culture in a

strategic manner Kerouac's rhetorical vision of an alternative social and cultural reality contributes to the identity of localized cultures within the United States Encyclopedia of American Poetry: The Twentieth Century Eric L. Haralson, 2014-01-21 The Encyclopedia of American Poetry The Twentieth Century contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics schools or periods of American verse in the century Entries fall into three main categories poet entries which provide biographical and cultural contexts for the author's career entries on individual works which offer closer explication of the most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary production school thematically constructed category or other verse tradition that historically has been in dialogue with the poetry of the United States *Ethics and Politics in Modern American Poetry* John Wrighton, 2010 From the Objectivists to the poetry this thoughtful and innovative book explores the dynamic relationship between the ethical imperative and poetic practice revitalizing the study of the most prominent post war American poets in a fresh provocative way Contributing to the turn to ethics in literary studies the book begins with Emmanuel Levinas's philosophy proposing that his reorientation of ontology and ethics demands a social responsibility In poetic practice this responsibility for the other it is argued is both responsive to the traumatized semiotics of our shared language and directed towards an emancipatory social activism Individual chapters deal with Charles Olson's The Maximus Poems including reproductions of previously unpublished archive material Gary Snyder's environmental poetry Allen Ginsberg's Beat poetics Jerome Rothenberg's ethnopoetics and Bruce Andrews's Language poetry Following the book's chronological and contextual approach their work is situated within a constellation of poetic schools and movements and in relation to the shifting socio political conditions of post war America In its redefinition and extension of the key notion of poethics and as guide to the development of experimental work in modern American poetry this book will interest and appeal to a wide audience **Choice** ,1968 Ideogram Laszlo K. Géfin, 2014-07-03 The ideogram changed the course of modern American poetry and Ideogram is the first history of this important poetic tradition In modern poetry the ideogram is an idea presented to the reader by means of the juxtaposition of concrete particulars usually without connective words or phrases The poem is therefore presented in precise images usually very tersely and free from conventional form and meter The idea of presenting a concept in this manner derives in part from Ernest Fenollosa's essay The Chinese Character as a Medium for Poetry the Chinese written character itself being a juxtaposition of pictographs to form a new meaning Ezra Pound's search for an alternative to traditional forms of verse composition resulted in his use of the ideogrammic method which Laszlo K. Géfin asserts became the major mode of presentation in twentieth century American poetry Two generations of avant garde experimental poets since Pound have turned to it for inspiration evolving their own methods from its principles Géfin begins by tracing the development of Pound's poetics from the pre Imagist stage through Imagism and Vorticism to the formulation of the ideogrammic method He then examines the Objectivist poetics of Louis

Zukofsky Charles Reznikoff and George Oppen the contributions to the ideogrammic tradition of William Carlos Williams and the Projectivist theories of Charles Olson Robert Duncan and Robert Creeley He concludes with an exploration of Allen Ginsberg s theory of the ellipse and Gary Snyder s riprap method Throughout G fin maintains that the ideogrammic mode is the literary representation of the twentieth century post logical even post humanist world view
