Slaving Voyage To Africa And Jamaica:

A Slaving Voyage to Africa and Jamaica Bruce L. Mouser, 2002-04-19 During 1793 1794 the ship embarked on a commercial venture from England to Upper Guinea in West Africa to buy slaves and to transport them for sale in Kingston Jamaica Gamble describes shipping at the beginning of the Anglo French war in 1793 naval and nautical procedures for the English African West Indian trade and the slave trading patterns and institutions on the African coast and at Kingston Jamaica He recounts as well the beginnings and spread of a yellow fever epidemic that swept the Atlantic and crippled commerce on both sides of the ocean Bruce L

From Africa to Jamaica Audra A. Diptee, 2010-07-18 Rich with historical sketches of the life and experiences of slaves in Africa on slave ships and in Jamaica this volume illustrates the way enslaved Africans lived and helped to shape Jamaican society in the three decades before British abolition of the slave trade Audra Diptee s in depth investigations reveal unexpected insights into the demographics of those captured in Africa and legally transported on British slave ships For example there is a commonly held belief that slave traders had a preference for adult males In fact the practicalities of slave raiding meant that women children and large groups of the elderly were particularly vulnerable during raids and were more often captured and made available for sale in the Caribbean From Africa to Jamaica offers a new look at the Atlantic slave trade in its final years fleshing out the historical portrait of the African men women and children who were sold in Jamaica and were thus among the last of the enslaved to put their stamp on Jamaican society There is no comparable study that takes such a comprehensive approach looking at both the African and Jamaican sides of the trade system

Slavery, Childhood, and Abolition in Jamaica, 1788-1838 Colleen A. Vasconcellos, 2015 As Vasconcellos discusses the nature of child development in the plantation complex she looks at how colonial Jamaican society and the slave community conceived childhood and how those ideas changed as the abolitionist movement gained power the fortunes of planters rose and fell and the work evolved from slavery to apprenticeship to free labor

The Voyage of the Slave Ship Hare Sean M. Kelley, 2016-02-23 From 1754 to 1755 the slave ship Hare completed a journey from Newport Rhode Island to Sierra Leone and back to the United States a journey that transformed more than seventy Africans into commodities condemning some to death and the rest to a life of bondage in North America In this engaging narrative Sean Kelley painstakingly reconstructs this tumultuous voyage detailing everything from the identities of the captain and crew to their wild encounters with inclement weather slave traders and near mutiny But most importantly Kelley tracks the cohort of slaves aboard the Hare from their purchase in Africa to their sale in South Carolina In tracing their complete journey Kelley provides rare insight into the communal lives of slaves and sheds new light on the African diaspora and its influence on the formation of African American culture In this immersive exploration Kelley connects the story of enslaved people in the United States to their origins in Africa as never before Told uniquely from the perspective of one particular voyage this book brings a slave ship s journey to life giving us one of the clearest views of the eighteenth century slave trade

Geographies

of Race and Food Rachel Slocum, Arun Saldanha, 2016-04-15 While interest in the relations of power and identity in food explodes a hesitancy remains about calling these racial What difference does race make in the fields where food is grown the places it is sold and the manner in which it is eaten How do we understand farming and provisioning tasting and picking eating and being eaten hunger and gardening better by paying attention to race This collection argues there is an unacknowledged racial dimension to the production and consumption of food under globalization Building on case studies from across the world it advances the conceptualization of race by emphasizing embodiment circulation and materiality while adding to food advocacy an antiracist perspective it often lacks Within the three socio physical spatialities of food fields bodies and markets the collection reveals how race and food are intricately linked An international and multidisciplinary team of scholars complements each other to shed light on how human groups become entrenched in myriad hierarchies through food at scales from the dining room and market stall to the slave trade and empire Following foodways as they constitute racial formations in often surprising ways the chapters achieve a novel approach to the process of race as one that cannot be reduced to biology culture or capitalism

In the Shadow of Slavery Judith Carney, 2011-02-01 The transatlantic slave trade forced millions of Africans into bondage Until the early nineteenth century African slaves came to the Americas in greater numbers than Europeans In the Shadow of Slavery provides a startling new assessment of the Atlantic slave trade and upends conventional wisdom by shifting attention from the crops slaves were forced to produce to the foods they planted for their own nourishment Many familiar foods millet sorghum coffee okra watermelon and the Asian long bean for example are native to Africa while commercial products such as Coca Cola Worcestershire Sauce and Palmolive Soap rely on African plants that were brought to the Americas on slave ships as provisions medicines cordage and bedding In this exciting original and groundbreaking book Judith A Carney and Richard Nicholas Rosomoff draw on archaeological records oral histories and the accounts of slave ship captains to show how slaves food plots botanical gardens of the dispossessed became the incubators of African survival in the Americas and Africanized the foodways of plantation societies

The Slave Ship Marcus Rediker, 2007 Draws on three decades of research to chart the history of slave ships their crews and their enslaved passengers documenting such stories as those of a young kidnapped African whose slavery is witnessed firsthand by a horrified priest from a neighboring tribe responsible for the slave s capture 30 000 first printing *The Transatlantic Slave Trade* James A. Rawley, Stephen D. Behrendt, 2005-12-01 The transatlantic slave trade played a major role in the development of the modern world It both gave birth to and resulted from the shift from feudalism into the European Commercial Revolution James A Rawley fills a scholarly gap in the historical discussion of the slave trade from the fifteenth to the nineteenth century by providing one volume covering the economics demography epidemiology and politics of the trade This revised edition of Rawley s classic produced with the assistance of Stephen D Behrendt includes emended text to reflect the major changes in historiography current slave trade data tables and accompanying text updated notes and the

addition of a select bibliography The Trans-Atlantic Slave Trade: A Database on CD-ROM Teacher's Manual Stephen D. Behrendt, 2000-06-19 *Deep Roots* Edda L. Fields-Black, 2008-10-20 Mangrove rice farming on West Africa's Rice Coast was the mirror image of tidewater rice plantations worked by enslaved Africans in 18th century South Carolina and Georgia. This book reconstructs the development of rice growing technology among the Baga and Nalu of coastal Guinea beginning more than a millennium before the transatlantic slave trade. It reveals a picture of dynamic pre colonial coastal societies quite unlike the static homogenous pre modern Africa of previous scholarship. From its examination of inheritance innovation and borrowing *Deep Roots* fashions a theory of cultural change that encompasses the diversity of communities cultures and forms of expression in Africa and the African diaspora.
