Social Origins of the Irish Land War Samuel Clark,1979      Nationalism and Popular Protest in Ireland Charles H. E. Philpin,2002-08-08 Essays on Irish nationalism some on particular protest movement others on more general themes

**Politics and the Irish Working Class, 1830-1945** Donal Ó Drisceoil,F. Lane,2005-09-30 This book is the first ever collection of scholarly essays on the history of the Irish working class It provides a comprehensive introduction to the involvement of Irish workers in political life and movements between 1830 and 1945 Fourteen leading Irish and international historians and political scientists trace the politicization of Irish workers during a period of considerable social and political turmoil The contributions include both surveys covering the entire period and case studies that provide new perspectives on crucial historical movements and moments This volume is a milestone in Irish labour and political historiography and an important contribution to the international literature on politics and the working class      **The Commercial Lives of Irish**

**Women, 1850-1922** Antonia Hart,2025-10-14 This book examines Irish women s lives in the nineteenth and early twentieth centuries from a new angle investigating how they inherited bought or started up businesses Some guided their operations to impressive profit and growth while others coped with devastating failure The many and varied primary sources which inform Antonia Hart s research place all these businesswomen in public facing roles in commercial environments making economic decisions and operating with autonomy which they sought out and claimed These were not unusual women They were present in the main streets of towns and cities their businesses both visible and unsurprising to passers by Women s businesses mattered They enabled employees both women and men to earn their livings They paid fees for professional services to accounting and legal firms They contributed to the local and national economies They provided training and sometimes accommodation for apprentices Women s businesses mattered in the credit economy not only in their extension of credit for goods and services but also in the form of collateralised loans from the pawnbroker s counter while the Dublin pawnbrokers also contributed an annual sum to the city policing budget In the context of well ventilated ideas about what a woman should be many girls grew up seeing their teachers mothers sisters and neighbours bring pragmatism and creativity into commercial lives This book shows how private realities diverged from public ideals and describes for the first time a robust and intriguing national heritage of Irish female entrepreneurship      *The Oxford Handbook of Modern Irish History*

Alvin Jackson,2014-03-27 The study of Irish history once riven and constricted has recently enjoyed a resurgence with new practitioners new approaches and new methods of investigation The Oxford Handbook of Modern Irish History represents the diversity of this emerging talent and achievement by bringing together 36 leading scholars of modern Ireland and embracing 400 years of Irish history uniting early and late modernists as well as contemporary historians The Handbook offers a set of scholarly perspectives drawn from numerous disciplines including history political science literature geography and the Irish language It looks at the Irish at home as well as in their migrant and diasporic communities The Handbook combines sets of

wide thematic and interpretative essays with more detailed investigations of particular periods Each of the contributors offers a summation of the state of scholarship within their subject area linking their own research insights with assessments of future directions within the discipline In its breadth and depth and diversity The Oxford Handbook of Modern Irish History offers an authoritative and vibrant portrayal of the history of modern Ireland *The Agrarian History of England and Wales* Edward John T. Collins, Joan Thirsk, 2000 The unifying theme of this volume is the changing role of the countryside in national life and the impact upon it of the social and economic forces unleashed by industrialisation and the growth of towns John Bull's Other Homes Murray Fraser, 1996-01-01 State housing became an integral part of the relationship between Ireland and Great Britain from the 1880s until the early 1990s Using research from both Irish and Westminster sources this book shows that there was recurrent pressure for the state to intervene in housing in Ireland in a period when the Irish Question was the major domestic political issue The result was that the model of subsidized state housing subsequently introduced in Britain was first developed in Ireland as a product of the tensions of British rule An important corollary of innovative Irish housing policy was its influence even in a negative sense on developments in mainland Britain This book also examines the cultural impact of imperialism and in particular the way in which British ideas of garden suburb housing and town planning design came significantly to reshape the Irish urban environment Fraser not only presents hitherto unknown material but does so in a unique interdisciplinary blend of architectural planning urban and socio economic history **Durkheim and National Identity in Ireland** J. Dingley, 2015-03-05 This book examines the development of opposed Nationalist and Unionist identities as products of different economies symbolically represented in religious differences that impelled conflicting cultures and ideals of best interest that were fundamentally incompatible within a single identity **Land questions in modern Ireland** Fergus Campbell, Tony Varley, 2016-05-16 This collection of essays explores the nature and dynamics of Ireland's land questions during the nineteenth and twentieth centuries and also the ways in which the Irish land question has been written about by historians The book makes a vital contribution to the study of historiography by including for the first time the reflections of a group of prominent historians on their earlier work These historians consider their influences and how their views have changed since the publication of their books so that these essays provide an ethnographic study of historians' thoughts on the shelf life of books exploring the way history is made The book will be of interest to historians of modern Ireland and those interested in the revisionist debate in Ireland as well as to sociologists and anthropologists studying Ireland or rural societies **A Companion to Nineteenth-Century Britain** Chris Williams, 2008-04-15 A Companion to Nineteenth Century Britain presents 33 essays by expert scholars on all the major aspects of the political social economic and cultural history of Britain during the late Georgian and Victorian eras Truly British rather than English in scope Pays attention to the experiences of women as well as of men Illustrated with maps and charts Includes guides to further reading **Dwelling(s) in Nineteenth-Century Ireland** Heather Laird, Jay R. Roszman, 2023-10-15 What did it mean to

have an Irish dwelling in the nineteenth century How did Irish people write about think about visually represent or imagine what constituted home Showcasing research from scholars based in Ireland the United Kingdom and further afield this interdisciplinary volume seeks to answer these questions by exploring the physicality and symbolism of Irish dwellings and the home as a place of repose exercise and work Using a range of methodological approaches including history folklore and literature this volume offers new perspectives on the material culture of home fictionalized homes social housing schemes suburban living spaces home and social mobility institutional living migration and memories of the home house and gender and eviction Rather than focus on the Big House which has already received considerable scholarly attention this volume foregrounds dwelling spaces that were especially vulnerable to economic forces the homes of the urban and rural poor Additionally the book acknowledges the importance to nineteenth century Ireland of a class that has arguably received even less attention in Irish scholarship than the poor a rising urban suburban middle class exploring their impact on housing and on cultural and leisure activities An Open Access version of Christopher Cusack s chapter Back into the old homestead The Irish Cottage in Irish American Fiction 861 1910 will be made available on publication *Landownership & Power Mod Eur* Martin Blinkhorn, Ralph Gibson, 2002-06 First Published in 1991 Routledge is an imprint of Taylor Francis an informa company Melancholy Accidents Carolyn Conley, 1999-01-01 While most scholarly attention on violence in post famine Ireland has focused on political crimes this book examines non political violence which made up the vast majority of incidents in that period Ireland s overall crime rate was below that of England and Wales but the proportion of violent offenses to non violent ones was significantly higher in Ireland In Melancholy Accidents Carolyn Conley decries the commonly held belief that recreational and domestic violence was generally the result of understandable emotions Conley demonstrates that the meaning of violence in post famine Ireland was complex personal and often deeply traditional and idiosyncratic This unique book will be valuable to a wide variety of scholars including those who study women s history European history and social problems *Encyclopedia of Historians and Historical Writing* Kelly Boyd, 2019-10-09 The *Encyclopedia of Historians and Historical Writing* contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the *Encyclopedia* includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies *Ourselves Alone* Janet A. Nolan, 2014-07-11 In early April of 1888 sixteen year old Mary Ann Donovan stood alone on the quays of Queenstown in county Cork waiting to board a ship for Boston in far off America She was but one of almost 700 000 young usually unmarried women traveling alone who

left their homes in Ireland during the late nineteenth and early twentieth centuries in a move unprecedented in the annals of European emigration Using a wide variety of sources many of which appear here for the first time including personal reminiscences interviews oral histories letter and autobiographies as well as data from Irish and American census and emigration reports Janet Nolan makes a sustained analysis of this migration of a generation of young women that puts a new light on Irish social and economic history By the late nineteenth century changes in Irish life combined to make many young women unneeded in their households and communities rather than accept a marginal existence they elected to seek a better life in a new world often with the encouragement and help of a female relative who had already emigrated Mary Ann Donovan s journey was representative of thousands of journeys made by Irish women who could truly claim that they had seized control over their lives by themselves alone This book tells their story *Charles Stewart Parnell and His Times* N. C. Fleming, Alan O'Day, 2011-07-06 Charles Stewart Parnell 1846 1891 wrote remarkably little about himself but he has attracted the attention of many writers politicians and scholars both during his lifetime and ever since His controversial and provocative role in Irish and British affairs had him vilified as a murderer in *The Times* and afterwards dramatically vindicated by the Westminster Parliament It cast him as a romantic hero to the young James Joyce and a self serving opportunist to the journalists of *The Nation* Parnell has been the subject of court cases parliamentary enquiries and debates journalism plays poems literary analysis and historical studies For the first time all these have been collected catalogued and cross referenced in one volume an invaluable resource for scholars of late nineteenth century Ireland and Britain Divided into fifteen chapters including a biographical sketch the volume contains information on manuscript and archival collections printed primary sources Parnell s writing Parnell s speeches in the House of Commons and outside Parliament contemporary journalism contemporary writing and contemporary illustrations on Irish affairs and a substantial list of scholarly work including biographies books articles chapters and theses This volume offers readers a clear record of the substantial material already available on Parnell and in doing so offers resources to future research in this area [The Cambridge History of Ireland: Volume 4, 1880 to the Present](#) Thomas Bartlett, 2018-02-28 This final volume in the Cambridge History of Ireland covers the period from the 1880s to the present Based on the most recent and innovative scholarship and research the many contributions from experts in their field offer detailed and fresh perspectives on key areas of Irish social economic religious political demographic institutional and cultural history By situating the Irish story or stories as for much of these decades two Irelands are in play in a variety of contexts Irish and Anglo Irish but also European Atlantic and latterly global The result is an insightful interpretation on the emergence and development of Ireland during these often turbulent decades Copiously illustrated with special features on images of the Troubles and on Irish art and sculpture in the twentieth century this volume will undoubtedly be hailed as a landmark publication by the most recent generation of historians of Ireland *Defying the Law of the Land* Brian Casey, 2013-08-01 This history of Ireland is inextricably linked with our relationship with the land In

this book based on extensive research and investigation the authors examine some of the key figures in Irish agrarian agitation and change Looking at the Land League the Knights of the Plough the perception and reality of the Irish Landlords this is an important book which makes a significant contribution to our understanding of the nature of the land question in Irish history

**The Irish Question** Lawrence John McCaffrey, 1995-11-09 From 1800 to 1922 the Irish Question was the most emotional and divisive issue in British politics It pitted Westminster politicians anti Catholic British public opinion and Irish Protestant and Presbyterian champions of the Union against the determination of Ireland s large Catholic majority to obtain civil rights economic justice and cultural and political independence In this completely revised and updated edition of The Irish Question Lawrence J McCaffrey extends his classic analysis of Irish nationalism to the present day He makes clear the tortured history of British Irish relations and offers insight into the difficulties now facing those who hope to create a permanent peace in Northern Ireland
